

GREEK AND ROMAN STUDIES (GREEK OR LATIN OPTION)

INTERDISCIPLINARY ARTS AND SCIENCE

Skills and Knowledge of Greek and Roman Studies Graduates

PROGRAM HIGHLIGHTS

Greek and Roman Studies – Experience the cultural richness of the ancient world when you focus on foundational periods for these cultures—when Greeks and Romans were asking themselves profound questions still important today. What is a citizen? A family? A god? A nation? What is freedom? Career paths can include teaching and law (with additional studies), travel and tourism, and museum curatorship, to name a few.

Interdisciplinary Arts and Science – If you're a highly motivated student who wants knowledge and skills that will familiarize you with the humanities, social sciences and natural sciences, this elite program is for you. Design your program to match your interests and career aspirations. From here, consider a master's program, professional school (medicine, optometry, dentistry, occupational therapy, naturopathic medicine, law, MBA, pharmacy), or teaching (with additional studies).

FUNCTIONAL KNOWLEDGE

- Investigating and understanding the roles of religion, language, and tradition in societies past and present
- Determining and articulating the effects of historical peoples and events on modern cultures and practices
- Applying thorough knowledge of the past to predict future behaviour and make recommendations for best practices in a variety of fields
- Understanding the ways in which various social, cultural, and community groups interrelate
- Appreciating the respective roles of various governmental, cultural, and social institutions
- Understanding significant differences between groups, societies, religions, and cultures and using this knowledge to identify similarities and bridge differences in the workplace and elsewhere

Degree Title / Program	Minimum Average	Admission Requirements
GREEK AND ROMAN STUDIES	70%	ENG. required.

- Courses of study specific to each program
- Activities and experiences that complement coursework (Outstanding Scholars, peer mentoring, VIP)
- Activities falling outside of the scope of set curriculum (Part-time job, clubs, volunteering, athletics)

Build your Skills and Experience

Your UWindsor experience is more than attending classes. It is a combination of academics, co-curricular activities, and extracurricular involvement. By making the most of all three elements of your university experience, you will maximize your opportunities to build your skills, broaden your personal network, and clarify your long term academic and career goals.

Career Planning Guide

Intentional career planning will help you prepare for your next step after graduation. It is a fluid, dynamic, and continuous process, meaning you can move on or return to an earlier stage at any time. You can even work through simultaneous cycles, like one for your long-term dream job and another for a summer job.

Opportunities **Using This Guide**

Explore a selection of opportunities recommended for students in your program. This chart shows some of your many options – you don't have to do everything on it or limit yourself to it. Engage in opportunities from each of the three categories to set yourself up for success:

Academics
