www.flex-n-gate.com

Starting with aftermarket parts in 1956 and moving into O.E. in 1968, Flex-N-Gate produces the highest quality products and systems for the automotive industry. With our extensive plastics, metals, and mechanical assemblies experience, we persistently strive for continuous improvement and on-time delivery of defect-free products. A perennial winner of quality awards by the world's leading automotive manufacturers, Flex-N-Gate provides its customers a comprehensive solution using our collective resources of product engineering, project management, testing, stamping, molding, painting, plating, assembly, and shipping. From modest beginnings, Flex-N-Gate today employs over 17,450 people at 54 manufacturing and 6 product development and engineering facilities throughout Canada, the United States, Mexico, Argentina, Brazil, Spain, and China. This growth has been inspired by the leadership of Shahid Khan, who purchased the company in the 1980s and today is the owner of the Jacksonville Jaguars of the NFL. Under Khan's guidance, Flex-N-Gate has grown both horizontally and vertically through integration of processes and commodities. From a company that once had only the ability to stamp and weld the bumper shell, Flex-N-Gate today continually evolves to bring all the necessary processes in-house. This approach reduces costs and improves control, making Flex-N-Gate the most competitive supplier in the industry.
