UNIVERSITY TEACHING CERTIFICATE

The University Teaching Certificate (UTC) Program is the first internationally recognized program in North America focused on teaching and learning in higher education. The UTC Program offers systematic professional development to faculty members and graduate students who wish to realize their potential as scholarly teachers of their disciplines – and educational leaders in their academic communities. Participants receiving their certificates in 2015 have completed the first level of the program, *Fundamentals of University Teaching*, which focuses on the principles and practices of learning-centred teaching, including use of engaged teaching strategies, authentic assessment, constructively-aligned course design, the use of threshold concepts, strategies to facilitate creative and critical thinking skills, and more.

Congratulations to the UTC Program's sixth graduating cohort!
