

Engineering Professor named "Engineers Canada Fellow"- FEC

The FEC Pin

Prof. Waguih ElMaraghy, M.Eng., Ph.D., P.Eng., FEC, FCIRP, FASME, FCSME

Catherine Karakatsanis (P.Eng.), President of Professional Engineers Ontario (PEO) has announced on Friday 27 November 2009, in Toronto that: *“In recognition of your contributions, and at Professional Engineers Ontario (PEO)’s bequest, Engineers Canada has bestowed the designation of Fellow of Engineers Canada upon you. Those made Fellows of Engineers Canada are also allowed to use the designation “F.E.C.” after their names”.*

The “Fellow Engineers Canada” designation was bestowed on Professor Waguih ElMaraghy, along with a Certificate of Fellowship and pin, by Dan Motyka, FEC, P.Eng., President, Engineers Canada: ***“In honour of exceptional contributions to the engineering profession in Canada”.***

Individuals bestowed with this honour, have the privilege of using the designation of "Fellow of Engineers Canada" or FEC or of "Honorary Engineers Canada Fellow"-FEC (Hon.), they may also add the following designation in their business card “FEC”.

Engineers Canada is the national organization of the 12 provincial and territorial associations that regulate the practice of engineering in Canada and license the country's more than 160,000 professional engineers.
