

## Odette School of Business

### Location

The Odette School of Business can be found at the corner of Turtle Island Walkway (formerly Sunset Avenue) and Wyandotte Street West. Nearby buildings are the Joyce Entrepreneurship Centre located in across the street from the Odette Building and Erie Hall is located to the west of the building.

### Main Entrance

There are two accessible pathways to reach the main entrance to the building. The first is located to the west of the main entrance door and

can be accessed from Sunset Avenue. The second is located to the east of the building on Wyandotte Street West. The accessible main door is located to the left wall and the actuator is located by the left wall.

The hours of operation at the main entrance are:

Monday – Friday 7.30am – 10pm

Saturday 7.30am – 6pm

Sunday Closed

### Alternative Entrances

A second accessible entrance can be found by the entrance to the East of the building, along the accessible path leading from Wyandotte Street West.

Two non-accessible entrances also provide access to the Odette Building:

The first can be found adjacent to the accessible ramp found to the west of the building.

The second can be found to the east of the building on California Avenue.

### Elevators

Two elevators are present at the Odette Building. The first elevator is situated directly across from the main entrance. The second elevator is located by the alternative accessible entrance to the East of the building.

#### *Elevator Number One*

Services the floors: LL, M, 2, 3, 4 and 5.

Audible signals are provided to indicate the direction of travel as well as the floor number.

Interior floor call buttons can be located to the left of the elevator doors. The buttons are raised and braille is provided.

The elevator does not contain floor number signage on the exterior door jambs.

Grab bars are provided.

### *Elevator Number Two*

Serves the floors BR, B, 1R, 1, 2R and 2

Elevator call buttons are raised.

Interior floor call buttons can be located to the right of the west elevator wall.

The elevator does not contain floor number signage on the exterior door jambs.

Grab bars are provided.

Note that the elevator doors can open either to the North or the South Side:

Basement- Opens to the South

Floor 1 - Opens to the South

Floor 2 - Opens to the South

Floor 2R - Opens to the North

### **Washrooms**

#### Basement:

Barrier-free male washroom is located to the right of the elevator doors.

Barrier-free female washroom is located to the left of the elevator doors.

#### *Right Wing*

Standard washroom can be found at the entrance to the right wing of the building. Please note the washroom is unmarked.

#### Main floor:

##### *Right Wing*

Barrier-free male and female washroom can be found close to the alternative accessible entrance on the right wing. From the right wing accessible entrance walk through the corridor directly in front of the entrance. The barrier-free male and female washroom can be found to the right of the corridor.

#### Second floor:

Barrier-free male and female washrooms can be found to the left of the elevator doors.

##### *Right Wing:*

From the elevator doors turn left and walk to the end of the corridor and then take a right through the corridor leading you to the right wing. The barrier-free male and female washroom can be found opposite to the student study area. Please note that a staircase connects the end of the corridor to the student study area. The stair case can be avoided by taking the elevator that is available at the end of the corridor, from level 2 to 2R.

#### Third Floor:

The barrier-free male and female washroom can be found by the elevator doors. The female washroom is located to the left of the elevator and the male washroom is located to the right of the elevator.

Please note that there are two cement pillars are in front of the elevator entrance.

#### Fourth Floor:

Barrier-free male and female washrooms are available on this floor. Walk left from the elevator doors and take the first hallway to the left. You will notice that the hallway divides into a right and left hallway. To get to the washrooms take the left hallway.

#### Fifth Floor:

Barrier-free male and female washrooms can be found by taking a left from the elevator and then taking a left at the 2<sup>nd</sup> hallway.

#### **Water Fountains**

An accessible water fountain can be found on the far left wall by the main entrance.

#### **Public Telephone**

A public coin and card operated phone can be found by passing through the hallway to the left by the main entrance.

#### **Bike Racks:**

Currently there are bike racks located at the East side of the Odette Building.

#### **Basement:**

Barrier-free male and female washrooms

Two public inaccessible telephones through the first corridor to the left.
