

# Master of Applied Economics & Policy

## Program Details

The number of economists and economic policy researchers has grown exponentially over the past decade across the globe. With the high demand for socio-economic analysis, these careers are developing more and more in the public and private sector, this program is surely one to set you apart from other graduates.

The Master of Applied Economics and Policy program is designed to offer a unique combination of courses that will prepare you for work in the specialized field of economic policy. As a graduate, you will be prepared to immediately secure a position in the working world. The program places special emphasis in preparing you to utilize large amounts of data available to professionals in government and business to improve the efficiency and effectiveness of government policies and business projects.

You will study and live in Canada for approximately 16 months while enrolled in 13 graduate level courses. But this degree isn't just about lectures and exams. Through a multi-disciplinary approach to policy analysis involving economic courses, business courses, communication workshops and an exciting research project, you will have all of the tools and experiences needed to begin a career as an Economist.

## Career Opportunities

As a graduate of the Master of Applied Economics and Policy degree, you will be qualified to work as an Economist in the public sector or Government area as well as a myriad of private sector occupations such as management, scientific, consulting, civic and/or grant-making areas.

## Study in Canada

There are so many reasons why others have chosen Canada for their study abroad experience, including obtaining a high-quality and affordable education, enjoying an exciting campus lifestyle, and experiencing a land of possibilities to express oneself, demonstrate one's own creativity, and develop self-confidence.

## Courses may include:

Applied Microeconomics  
Applied Macroeconomics  
Mathematics for Applied Economics

## Picture Yourself Here

The University of Windsor campus is large enough to offer plenty of variety, and yet it's small enough for you to be known by name.

You will find unlimited opportunities to get involved in academic, recreational and social activities...whether to broaden your mind or your circle of friends.

The International Students Society and numerous other student clubs provide friendship and support, as well as academic, social and recreational activities.

At the St. Denis Athletic Centre, you can jog on the indoor track, swim laps in a large indoor pool or work out in our new state-of-the-art weight and exercise rooms.
