BEFORE YOU ARRIVE

CANADA IMMIGRATION REGULATIONS

When you have received your official letter of acceptance to the University of Windsor, you should immediately begin procedures to obtain a Study Permit. A Temporary Resident Visa may also be required. These documents are available from the nearest Canadian visa office (embassy, high commission or consulate). The process of obtaining your required immigration documents will differ among visa offices abroad and, in some cases, can take up to six months to complete. After approving your application, the visa office will issue you a "Letter of Study Permit Approval."

You should obtain a Study Permit in advance of your travel to Canada. If your program of study requires more than six months, under no circumstances should you leave for Canada until you have obtained the written approval of your Study Permit application from a Canadian visa office abroad. If you also require a Temporary Resident Visa be sure it is in your possession before departing for Canada. Before completing immigration procedures at a port of entry, ensure that you are in possession of a valid Study Permit and that all the information on it is correct. It is not possible to change from "visitor status" to "student status" once you have entered Canada.

STUDY PERMIT

With your application for a Study Permit, you will need to include your letter of acceptance to the University of Windsor, proof that you have sufficient funds to support your academic and living expenses, and a valid passport. Depending on your country of residency you may also

be asked to complete an immigration medical exam. The visa office will provide detailed instructions if a medical examination is required.

The processing fee for applying for a Study Permit is \$125 (all amounts in this brochure are in Canadian dollars). This fee is payable at the time the application is made and does not guarantee a permit will be issued. Please note that this fee will be charged not only when you apply for your initial permit but also when, in Canada, you apply to extend your Study Permit. With this in mind you should attempt to have your initial permit issued for the full term of your studies in Canada. It is important to remember the expiry date of your Study Permit. If your course of study requires you to remain in Canada past the expiry date, you must obtain a renewal of your permit before that date. You can apply for a renewal from within Canada.

You need to renew your study permit before it expires. It is illegal to remain in Canada beyond your study permit expiry date if you have not applied for the renewal of your Study Permit. You can apply online to renew your study permit from within Canada up to 90 days before its expiry date. You can visit www.uwindsor.ca/isc and click on Visas and Permits for more information.

If you are married: Spouses who wish to attend educational institutions in Canada will also require Study Permits. They may be applied for after arrival in Canada. The process for obtaining immigration documents within Canada can take up to two months to complete. Please note that spouses and children of international students are the only visitors who may apply for Study Permits from within Canada.

Minor children do not require Study Permits to study in Canada at primary or secondary education level, as long as one parent is a full time international student with a valid Study Permit.

TEMPORARY RESIDENT VISA (TRV)

If you require a visa to enter Canada, you should consider asking for a multiple entry visa. This will allow you to re-enter Canada at a later date, if necessary, without having to apply for a new visa. There is a \$75 fee for a single entry Temporary Resident Visa and \$150 for a multiple entry Temporary Resident Visa. While those applying for Study Permits will be exempt from this fee, all others, including spouses and children of students, will be assessed the fee.

ELECTRONIC TRAVEL AUTHORIZATION (ETA)

New entry requirement now in effect: visa-exempt foreign nationals who fly to or transit through Canada need an Electronic Travel Authorization (eTA). Exceptions include U.S. citizens and travellers with a valid Canadian visa. You will need your passport, a credit card, an email address and access to the Internet. The fee is only CAN\$7. In most cases, the eTA will be granted within minutes of applying. Once approved, your eTA is valid for five years or until your passport expires, whichever comes first.

WORKING IN CANADA

International students are eligible to work on or off campus for up to 20 hours per week during their studies, providing you are enrolled as a full-time student.

You do not need to apply for a work permit. You are eligible to apply for a job as long as your study permit is valid.

For more information, please visit: www.uwindsor.ca/isc/working

The Canadian Immigration and Citizenship website is www.cic.gc.ca

LEARNING ENGLISH

ENGLISH LANGUAGE STUDY

The Centre for English Language Development (CELD) specializes in English language training programs for academic purposes. We offer the following Pathway Programs to academic studies.

ENGLISH LANGUAGE IMPROVEMENT PROGRAM (ELIP)

This program is for students who do not meet the University of Windsor's English language requirement and need intensive language training before admission. ELIP is structured into four distinct levels. Your condition of admission indicates which levels of ELIP are required.

Each ELIP level is 12 weeks long and is offered three times per year. ELIP 3 (Fast Track) is 8 weeks long and is offered in July.

ELIP fees and dates are not included on your Acceptance Response Form. Students with this condition are responsible for their timely registration in ELIP.

Additional details can be found at www.uwindsor.ca/celd

ENGLISH AND ACADEMIC PREPARATION PROGRAM (EAPP)

This program is intended for students who meet the University of Windsor's English language requirement and serves as a pre-academic course that will enhance language skills prior to beginning their graduate studies. EAPP is a six-week long program with intake dates in July and October. The cost of EAPP is included in the program fees indicated on your Acceptance Response Form, as is the mandatory start date of EAPP. Late arrivals are not permitted.

FEES

Program, incidental and health insurance fees are mandatory for all students. You will be responsible for any bank fees incurred during the transfer of funds. Please see the Fee Schedule in your letter of admission for details about your program fees and payment schedule.

StudentPay is the method used by international students to make a payment to the University of Windsor.

Additional fees you can anticipate during your studies include, but are not limited to, textbooks, accommodations, and other living expenses.

Payments are due in full at the beginning of each semester. Failure to pay will result in interest charges.

PREPARE DOCUMENTATION

When traveling to Canada, be sure to carry this guide and the following items in your carry-on or hand luggage, and not in your checked luggage, as you will be needing them upon arrival in Canada:

- Valid passport
- Letter approving Study Permit application (issued by Canadian visa office).
- Temporary Resident Visa (if required, not to be confused with your Study Permit)
- Original letter of acceptance from the University of Windsor.
- Proof of funds available (e.g.: bank draft, transfer, letter of credit, scholar-ship or assistantship letter, or other proof)

Only U.S. citizens may apply for a Study Permit at the border when they enter Canada.

GET READY FOR CLASSES

New entry requirement now in effect: visa-exempt foreign nationals who fly to or transit through Canada need an Electronic Travel Authorization (eTA). Exceptions include U.S. citizens and travellers with a valid Canadian visa. You will need your passport, a credit card, an email address and access to the Internet. The fee is only CAN\$7. In most cases, the eTA will be granted within minutes of applying. Once approved, your eTA is valid for five years or until your passport expires, whichever comes first.

UWindsor Students: 16,092

International Students: over 1770
from nearly 100 different countries

LIFE IN WINDSOR

You'll be living in one of the coolest (although surprisingly warm) metropolitan areas in North America. The sister cities of Windsor and Detroit offer the best of both worlds. Windsor is a charming, diverse, student-centered town and Detroit is the big city across the river with professional sports, great shopping and endless cultural experiences.

The student experience at the University of Windsor really is also unique. One of our key defining features is the degree to which we provide international engagement for all those who choose to study at Windsor.

The University of Windsor is committed to ensuring that its graduates have an exceptional international experience; be it while on an international ex-change or co-op, in the classroom with students from around the world or while engaged in out-of-class activities. The difference here is that our commitment to internationalization is embedded in the UWindsor spirit. It is what makes the University of Windsor experience distinctive.

Head over to The Forge, our brand-new fitness center for a quick workout or Pilates class. Grab lunch with friends at the Marketplace (Baja shrimp tacos or the curry lamb stew?). Take your laptop outside and log on to Blackboard over our high-speed wireless campus network. Then it's off to your two-hour DJ gig at CJAM Radio. And don't forget Bhangra Club practice!

In our residence halls and restaurants, you'll bond with new friends from around the world. You'll bring your best game to our top-notch athletics facilities. And don't worry if you join a few too many clubs and student organizations. That's what university is all about.

LIFE IN WINDSOR

180

100 festivals
in Ontario

YOUR CITY

TRAVEL & ACCOMMODATIONS

Students arrange their own travel to the City of Windsor. Most students arrive in Ontario, Canada at the Toronto Pearson International Airport, which is over 350 kilometres away from Windsor. Options for traveling to Windsor from Toronto include airline travel that brings you to the Windsor Airport (YQG), Via Rail, RobertQ, or Greyhound.

TEMPERATURE

Be sure to pack garments appropriate for both hot and cold temperatures. Windsor has warm and humid summers, with an average maximum temperature near 30°C, and temperatures can reach as high as 40°C. Winters are fairly cold with an average annual snowfall of 126 cm over the season. The average temperature in December is 2°C and it is colder still in January, February, and March. The temperature may fall as low as -15°C in the winter months.

CANADA CUSTOMS

Detailed information about Canada's customs regulations is available from the Canadian visa office in your home country. The Canadian government allows you to bring a reasonable quantity of clothing, books and other items for your personal use into the country. However, only limited amounts of items such as liquor and tobacco are permitted. If you plan to bring any electrical equipment, you should note that Canadian voltage is 110 volts, 60 Hertz. For further information, ask at the visa office for the brochure "Entering Canada to Study or to Work." Visit www.cbsa-asfc.gc.ca for more information.

CURRENCY

When you arrive, try to have at least \$100 (Canadian or U.S.) in cash for incidentals. A currency exchange service is usually available at the Toronto or Vancouver airport from 5:00 am to midnight. We also recommend that you carry enough travelers' cheques or bank drafts to cover at least your first month's expenses. Because of the extra costs in the first month (such as rental, damage deposits and books) this can amount to \$1000 or more for a single student.

COST OF LIVING*

Depending on your standard of living, living costs in Windsor for a single student may range from \$10 000 to \$14 000 per year (all amounts on this page are in Canadian dollars). Below is what it might cost a single student to live in Windsor for 12 months. Please note all amounts are in Canadian dollars and that this is an estimate and is subject to change.

Accommodation.....	4800
Food	3000
Clothing	500
Textbooks, Printing, Supplies	1000
Miscellaneous**	1500

* *Cost of Living does NOT include tuition, taxes or thesis costs.*

** *postage, laundry, pharmacy supplies, telephone, recreation, entertainment, etc.*

This estimate is only a guideline. It will permit an adequate, but far from luxurious standard of living. Your first month will be expensive because of settling-in costs, such as paying an extra month's rent as a damage deposit and purchasing warm clothing, textbooks and supplies. Do not purchase textbooks until after the first class in each course as it is wise to ensure you are purchasing the proper books. Keep in mind that the above figure does not include any money for returning home or visiting other parts of Canada or the United States.

IF YOU ARE MARRIED:

Should I bring my family with me?

Your decision to bring your family with you when you come to Canada will depend on your financial situation and the ease of obtaining immigration documents for your family members.

You should estimate at least \$4,000 in additional expenses if your spouse is not a student. Allow an extra \$2,000 to \$3,000 per child (not including childcare costs). Using the estimates above, the cost for a family of four for one year would be upwards of \$20,000, not including your tuition fees or childcare expenses. Given this, you may wish to arrange for your family to come at a later date, after you have familiarized yourself with life in Canada and are satisfied that enough money is available to support them.

Some students with sufficient financial resources may prefer to apply for immigration documents for their family members at the same time as they apply for their Study Permit. If your family members are denied visas, this may affect your decision to study in Canada. Contact the International Student Centre for advice.

HEALTH

HEALTH INSURANCE

Your health insurance is automatically arranged for the duration of your studies at the University of Windsor. Your health insurance will be active beginning the first day of the month indicated in your mandatory start date on your Acceptance Response Form. Your health insurance will remain active until the end of the month in which your coursework concludes. All health insurance fees are charged along with your program fees to your university student account.

If you arrive in Canada before the date specified or stay in Canada past the date that your health insurance expires, you will not be insured. Any medical expenses incurred during this time will be your responsibility. Hospital stays, accidents, and injuries can result in expensive bills. We strongly recommend you arrive in Canada and depart within the dates indicated or that you arrange some other form of health insurance for coverage during this time.

Health Insurance is provided by Green Shield Canada www.greenshield.ca

The two components of health insurance include:

Basic Health Insurance covers the fees for physician visits, required x-rays and most blood tests, hospital visits, and a complete physical check-up

every 12 months. The International Student Centre is the point of contact for information regarding the Basic Health Insurance www.uwindsor.ca/isc/health

Drug and Dental Health Insurance provides coverage for prescriptions, dental and optometry appointments, eyeglasses, and more. The Graduate Student Society (GSS) at the University of Windsor is the point of contact for information regarding the Drug and Dental insurance policy. www.uwindsor.ca/gss

Students have the option to “opt-in” a spouse or children to their health insurance policies, and some students with adequate coverage already in place may be able to “opt-out”. You will find additional information about your health insurance policies, on the International Student Centre website: www.uwindsor.ca/isc, click on Health and Medical.

STUDENT HEALTH SERVICES

The University of Windsor Student Health Services office is located on the second floor of the CAW Student Centre on campus. To see a health care professional, call 519.973.7002 to make an appointment. The Health Clinic at Student Health Services is open Monday to Friday, 9:00 am to 5:00 pm. The services at the Health Clinic on campus are exclusively for University of Windsor students. The Student Health Services office also conducts workshops on a regular basis on issues of health and wellness.

Do not hesitate to call and make an appointment if you are not feeling well. Make sure that you bring your Green Shield card, which you will receive once you arrive in Windsor, to your appointment. Call to cancel or reschedule if you cannot keep your original appointment or you may have to incur a fee.

WALK-IN CLINICS

If you find that you have a medical problem on the weekend, during a holiday, or after-hours, you can see a doctor in Windsor at any Health Care Centre. Weekend and after hours facilities are available at various clinics including:

Friday 8:00 am - 4:00 pm

Saturday & Sunday 8:00 am - 12:00 pm

Lab, X ray and On-site pharmacy.

MONEY

BANKING

One of your initial tasks will be to open a bank account in Windsor. All of Canada's major banks have offices in Windsor. When you first visit the bank you will need proof of your identification. Bring your passport and your University of Windsor student card (which will be arranged after your arrival). You may also consider bringing a bank draft to assist in opening your new account.

Located right on campus is a branch of the Windsor Family Credit Union. The next closest bank to campus is the Toronto Dominion Bank (TD) at the corner of Wyandotte Street and Rankin Avenue. The bank is friendly towards students and their representatives communicate in several languages, including English, Mandarin, Cantonese, Italian, Urdu, and Arabic.

Commonly accepted methods of payment at most points of sale include cash, debit, and major credit cards. Most household bills can be paid via phone, bank machine, or the internet. Automatic Teller Machines (ATMs) are located everywhere in the city – convenience stores, malls, banks, etc. There are three on campus: Vanier Hall, the University Bookstore, and the CAW Student Centre (visit www.uwindsor.ca/campusmap to view these locations).

CANADIAN CURRENCY

The Canadian Dollar is the official currency of Canada. Canadian and often American currencies are generally the only tender that will be accepted in establishments in Windsor, but there is no guarantee that you will be given an up-to-date exchange rate if you are using American money. For the best exchange rate you should convert American money into Canadian at your bank. Exchanges from other currencies are possible but will need to be arranged with your Canadian bank in advance.

WHEN YOU ARRIVE

WHEN SHOULD I ARRIVE?

If you arrive early make certain you have sufficient money to cover your living costs. Arriving early will also allow you to get to know your way around the campus, the city and to find suitable off-campus housing, if needed, while there is still a variety of accommodation from which to choose. Early arrival will also make it possible to have time to participate in planned social events, make friends and attend orientation.

Soon after your arrival, be sure to visit the International Student Centre (ISC). The ISC is located on the second floor of Laurier Hall. We will provide you with maps, information about orientation, the International Student Handbook and collecting your Health Insurance card, the equivalent of the Ontario Health Insurance Plan. We will also try to provide any help you may need. Most University offices are open 8:30 am to 4:30 pm. For those arriving in January, offices are closed for the Christmas holidays and reopen in January. The International Student Centre may open earlier, please check www.uwindsor.ca/isc each year.

The International Student Centre (ISC) offers opportunities to meet individuals who are also new to Canada and provides many activities to facilitate interaction, practice speaking English, help with your visa, study and work permits, among other useful support.

SOFT LANDING PROGRAM

ARRIVING IN WINDSOR

The Soft Landing Program is available for new international students arriving to start classes for the FALL and WINTER semesters. Please complete the Soft Landing form as soon as you have made your flight arrangements.

www.uwindsor.ca/isc/softlanding

Even if you are not going to use the services offered by the Soft Landing program please fill out the Soft Landing Arrival Form providing us with as much information as possible about your arrival. This serves many purposes and is very useful to you and the University. For example, your arrival information is shared with Residence Services, if you have already applied for Residence and are planning to live on campus. This information is also used by the International Student Centre, in case of emergency.

Please note that Windsor is 350 km from Toronto.

TEMPORARY HOUSING

Students may require temporary accommodation while they are looking for suitable accommodation off-campus or waiting for residences to open. The University of Windsor provides this service through partnerships with nearby hotels. These rooms are shared with other new students and are available at reduced costs to new international students including a free first-night stay. A free daily shuttle service from the hotel to campus is provided by the ISC. For information on the hotel and how to get to the hotel using the Soft Landing Program upon arrival in Windsor please read and carry the information from **www.uwindsor.ca/isc**—'When I Arrive' and fill out the Soft Landing Arrival Form.

FACEBOOK

You can like us on Facebook and follow us for latest updates, events and online information sessions. You can also connect with current students to get information about the University of Windsor or about life in Canada in general. You can find us at www.facebook.com/UWinCEPE

GET TO CAMPUS

Taxi Cabs are available at the airport and train stations. Should you need one, please call:

Veteran Cab 519-256-2621

Checker Cab 519-254-7777

CALLING 911

If you or someone you know is experiencing a medical emergency, **call 911**. It is an easy-to-remember telephone number that gives you priority access to all emergency services within Windsor and the surrounding area (fire, ambulance, police). You can dial 911 from any telephone (you don't need a coin when using a public telephone).

FOOD AND SHOPPING

Eating healthy is very important! "Canadian food" can be very different from what you are accustomed to eating at home. It is a good idea to learn some basic cooking skills before you leave home. Eating all your meals from a restaurant can become quite expensive and you may want to do some cooking for yourself.

If you take a walk or bus ride eastward on Wyandotte Street, you will find a variety of international grocery stores, bakeries, restaurants, clothing stores, and others. Most are either within a five minute walk of campus or closer to downtown (about a six minute bus ride).

Large grocery stores are less expensive than convenience stores and offer a greater variety of products and produce. The closest grocery store to campus is Metro, located at the corner of Huron Church Road and Tecumseh Road West at University Mall. It is a 15-minute walk from campus south on Huron Church Road. There are a number of large and small stores in the area around Metro where you can purchase clothes, shoes, and other household items. Walmart, Superstore and Canadian Tire are the largest stores nearby and good places to shop for all your household needs.

Devonshire Mall, located on Howard Avenue, has over 175 different stores and food outlets. To get there by bus, get on at University Avenue or Wyandotte Street, and then transfer at Ouellette Avenue to the 1A bus which will take you to the mall.

Visit www.citywindsor.ca/residents/transitwindsor for information on bus transportation. The same trip in a taxi will cost around \$15.00.

Ouellette Avenue is Windsor's main downtown street, running from the Detroit River in the heart of the downtown district, southward to the Highway 401.

If you need a specific item or service, check the Windsor phone book, search online, or ask your program administrator.

STAY CONNECTED

TELEPHONE

Each student living in campus Residence is provided with a phone line; the student must provide their own telephone. If you anticipate making long-distance calls on a land line, consider purchasing a calling card that is available at convenience and grocery stores, or contact a telephone company that offers packages for unlimited long-distance calling to an area of the world for a reasonable monthly fee. Search “long distance phone plans in Canada” on the internet for options.

CELL PHONE

Cellular phones are another option for placing local and long distance calls. Providers offer cellular phones, along with plans or prepaid calling cards for their respective brands. An online search will provide you with more information on cell phone companies and their services.

EMAIL AND WIRELESS INTERNET

The University of Windsor has a campus-wide wireless network to which all students have access. A wireless card is required to connect, in addition to a “UWin” account, which can be set up prior to or upon arrival by visiting www.uwindsor.ca/wireless

- Click on Getting Started, then UWinID Activation
- Under the Student Services heading, click Activate your UWin Account and you will be prompted to enter your student identification number and your personal access code, which can be found on your acceptance letter

This will provide you with your new University of Windsor email account. You can access your UWin Email by visiting www.uwindsor.ca/webmail

Computer access is available in the Leddy Library, the ISC and the Computer Centre during restricted day-time hours. These computers have a variety of software products, including Microsoft Office and also offer internet access free of charge.
