Build in Canada Innovation Program

Lunch & learn Info Session, October 17 at 11:30

EPICentre and the Office of Research and Innovation Services will be having a lunch and learn session with representatives from The Government of Canada - Office of Small and Medium Enterprises on Tuesday October 17th, 2017. This event will discuss the Build in Canada Innovation Program (BCIP) which assists Canadian businesses in testing their innovative goods and services before they are commercialized. This session will run from 11:30 am-1 pm in the EPICentre workshop room and will discuss how the BCIP helps Canadian companies of all sizes move their state-of-the-art goods and services from the laboratory to the marketplace. Through the BCIP, the Government of Canada buys pre-qualified goods and services. The government moves these late-stage research and development innovations to federal departments for testing. After testing, the BCIP provides feedback to suppliers on the performance of their products or services. Further details about the program and how to submit a proposal will be discussed.

For more information visit The Government of Canada's BCIP webpage. Register for this event here.

ORIS Writing Retreats

Join the waiting list for upcoming retreats

Could you use some uninterrupted writing time as you prepare for a Fall grant deadline? Our Downtown Writing Retreats at the Pitt-Ferry Building always fill up quickly but sometimes spots come available at the last minute. For more information and to add your name to the waiting list click here.

CFI Twitter Contest for Students and Post-Docs

#IAmInnovation

To kick off the CFI's #IAmInnovation series of stories in early October, the CFI is launching a Twitter contest for students and post-docs at institutions that have received funding from the CFI. They're looking for creative tweets of images and videos that show how CFI-funded labs and facilities have helped advance their research. Winners will have one day to take over the CFI's Twitter feed and will be their guest at a special event in Ottawa.

Please help spread the word: get your young researchers working in CFI-funded labs to tweet their entry starting October 2. Share this link for contest details, submission guidelines and prizes and retweet the contest promotions from @InnovationCA.

November CCV Lab

Friday, November 10, 2017, 9:00 - 4:00
Computer Centre Classroom G03

The Canadian Common CV (CCV) is required for many grant applications, including CIHR, NSERC Discovery and RTI, and SSHRC Insight Development. Our lab series offers a quiet space for you to complete your CCV with minimal interruption and immediate answers to questions. Bring your co-applicants along. Register here.

Internal Funding Opportunities

UWindsor Travel-SSHRC Exchange Grant

Deadline: October 31, 2017 The UWindsor Travel-SSHRC Exchange Grant (UWT-SEG) Program replaces the Academic Development Travel Fund (ADTF) Program. ***Please note that ADTF applications will no longer be accepted.***

Travel grants are available to faculty and librarian members holding probationary and tenured appointments.

As well, those holding limited term appointments will be considered providing they are under contract for the year in which the travel will occur. Funds are awarded for presenting an academic paper, poster, or artistic exhibition at a conference. A maximum of $1,000 is allowed for each award.

Please note the following provisions related to this program:

1. Applicants are eligible to apply **after more than one year** has passed since their previous ADTF or UWT-SEG award, i.e., if the applicant received the grant in February in one year, he/she cannot apply until the June competition in the following year.
2. Applicants shall only apply in the competition immediately preceding the travel, unless the travel is during the month that the competition is held.
3. All expenses must be claimed within six months of the travel for which the grant is approved; otherwise the funding will be forfeited.
4. UWT-SEG (formerly ADTF) grants are awarded for the travel applied for and are non-transferrable.

For further information, the UWT-SEG guidelines and criteria for the award, as well as the application form and process for submission please visit the ORIS website. Any further inquiries can be sent to ORIS by e-mail.
