The University of Windsor is big in the right ways—lots of program choices, scholarships and hands-on learning opportunities. And we’re small where it counts—things like student-to-faculty ratio and campus size. Come try us on. You’ll like the fit.
A commitment to teaching excellence—a desire to see your promise fulfilled.
When it comes down to it, who is teaching you is as important as what the subject is. Our award-winning faculty members are your teachers, your mentors, your career advisors and your collaborators. More than anything, they want you to succeed and follow your dreams.

Dr. Jill Grant is an exceptional social work professor who teaches course materials and inspires her students to learn, appreciate what they are learning, and change the world with that knowledge. A winner of the Alumni Association Award for Distinguished Contributions to Teaching, she says her teaching is guided by an overall philosophy and belief in creating a respectful classroom environment.

On the first day of Oncology class, nursing professor Jason Kiernan walks in wearing a Tim Hortons’ shirt and informs his students that, “I am not your teacher. I am your employee.” His students describe him as “enthusiastic” and “motivating”. They nominated him for the 2016 Council of Ontario Programs in Nursing Excellence in Teaching Award. Not surprisingly, he won.
Variety is the spice of life. At UWindsor, we have more than 200 majors and 50 minors, so you can tailor your academic experience. Take it a step further and consider adding a combined honours or double major. Let your imagination and passion guide you!

GOVERNMENT-SPONSORED STUDENT LOANS AND GRANTS
Ontario administers its own provincial student aid program that assists students (Canadian Citizens/Permanent Residents/Protected Persons) with financing their post-secondary studies. To learn more, visit the Ontario Student Assistance Program (OSAP) website at osap.gov.on.ca.

UWINDSOR STUDENT ACCESS GUARANTEE
The Student Access Guarantee (SAG) is a partnership between the University of Windsor and the Government of Ontario. Under SAG, the University of Windsor ensures that qualified students are able to receive enough non-repayable aid to cover their tuition, compulsory fees and books when these are above the usual range of costs covered by OSAP. Students in first-entry programs are automatically considered for SAG.

TIP: USE THE OSAP ESTIMATOR
The OSAP Estimator can help you estimate how much OSAP funding for which you might be eligible. Apply for government student aid by June 1 to ensure that your funding is available when classes start. This will also assist us with assessing your eligibility for entrance awards and bursaries.

CAMPUS HIGHLIGHTS

Almost 200 years ago, the seeds of the University of Windsor were sown near the banks of the Detroit River, on the traditional territory of the Three Fires Confederacy of First Nations. From that has grown a medium-sized campus where you will feel at home.

Blue and gold may be our official school colours, but we’re green at heart. In fact, we’re ranked one of the top five greenest universities in Canada. We’re proud of our heritage, our beautiful campus, and all we have to offer you.

CAW STUDENT CENTRE
The heart of our campus—whether you’re hungry for food, conversation or the latest Lancer sports apparel in the Campus Bookstore. Find it all here!

TOLDO HEALTH EDUCATION CENTRE
Where you’ll find the Faculty of Nursing. Its state-of-the-art clinic is where students practise their skills on computerized “mannequins”, who can actually talk, breathe, and respond to treatment.

ODETTE SCHOOL OF BUSINESS
Odette is home to spacious classrooms, a 350-seat lecture theatre, the interactive Odette Financial Markets Lab, team rooms, labs, and a great café!

LEDDY LIBRARY
Leddy Library is your link to worldwide information, including such physical resources as books, maps, multimedia and microfilm, but also powerful online resources accessible to you from anywhere.

DILLON HALL
Magnificent Dillon Hall, built in 1928, is a timeless architectural space—yet its classrooms are equipped with modern technology.

ASSUMPTION HALL
Built in 1875, it’s one of the campus’ original buildings. Today, Assumption is where you’ll find the offices of upper administration.
ED LUMLEY CENTRE
FOR ENGINEERING
INNOVATION
Known as the CEI, it offers eight classrooms and 80 labs. CEI’s innovative design means you can learn from it as a living laboratory. Check out its three unique cross-atrium bridges.

STEPHEN AND VICKI
ADAMS WELCOME CENTRE
This should be your first stop when you visit campus. Inside this stunning architectural gem, its staff can chat with you about your program of interest, give you directions, or tell you about the services available to our grads. It’s the starting point for campus tours.

THE JOYCE ENTREPRENEURSHIP CENTRE
At the Entrepreneurship Practice and Innovation Centre, you can incubate your business idea! Also home to Campus Police and Parking Services.

ST. DENIS CENTRE
The UWindsor Lancer teams call the St. Denis, “Our House.” It’s also where you’ll find Lancer Recreation Services, outdoor and indoor stadiums, a pool, and The Forge—our fitness centre. Next door is the Faculty of Human Kinetics.

ESSEX HALL
Where the arts and sciences come together in the labs and classrooms of Faculty of Science, and in performances by the University Players in the 320-seat Essex Hall Theatre. Great and innovative things happen here!

ALUMNI HALL AND CONFERENCE CENTRE
Have you considered living on campus? It can make a great university experience even better! We have four “Rez” buildings: Alumni, Cartier, Laurier and Macdonald Halls. “Rez” staff live right onsite to offer you support 24/7. You’ll never feel alone there.

ALUMNI FIELD
Opened in 2005, it has 2,000 permanent seats and a capacity for more than 10,000 spectators. It features an artificial field turf football/soccer field, and 400M outdoor running/walking track, and three, multi-purpose grass fields.

DOWNTOWN CAMPUS
We’re proud to be a part of Windsor’s resurging downtown. In fall 2015, our School of Social Work and the Centre for Executive and Professional Education relocated to the city’s core. In 2017, the School of Creative Arts will do the same.
