

Licentiate in Theology

What is it?

Why consider it?

This is a pre-degree diploma program intended for those who take seriously a call to Ministry while recognizing that "Ministry" is made manifest in many diverse yet equal ways. For example, the LTh may be undertaken:

- ♦ for your personal development, to deepen and enhance your knowledge for discipleship
- ♦ for those contemplating Ordained Ministry, Diaconal Ministry or Ordination for Specialized Ministry
- ♦ for those already engaged in Ministry who are seeking to complement their education
- ♦ For those looking to work in Chaplaincy

By entering into agreements with other educational institutions, Huron University College has ensured that students across Canada, and across denominational traditions, will have a full range of course options.
