

# Cleaning Hands with Sanitizer

Phone: 519-253-3000, Ext. 3523 • E-mail: [ccc@uwindsor.ca](mailto:ccc@uwindsor.ca) • Web: [www.uwindsor.ca/ccc](http://www.uwindsor.ca/ccc)  
Location: Essex Hall / B-37 • Hours: 8:30 am to 4:30 pm (M-F)

## DECONTAMINATE AFTER HANDLING BIOLOGICAL MATERIALS

Viruses can live on hard surfaces for up to 2 days, and on hands for up to 5 minutes.  
Wash your hands often to keep yourself and others healthy.

1

REMOVE JEWELRY  
and apply enough product to keep  
hands moist for 15 seconds.

2

RUB PRODUCT  
in palms and thoroughly cover all  
surfaces of the hands and fingers,  
including the backs and thumbs.

3

RUB FINGERTIPS  
of each hand in opposite palm.

4

KEEP RUBBING  
until hands are dry.

Do not use water with hand sanitizer. Do not use paper towels to dry hands.

Note: Wash hands with soap and water if hands are visibly dirty.  
Some manufacturers recommend washing hands with  
soap and water after 5-10 applications of gel.
