WELCOME

University of Windsor

Welcome

Welcome to the University of Windsor! We combine a strong and focused emphasis on the learning experience of every student with a very broad range of graduate, undergraduate, and professional programs. We are also thrilled to be offering more continuing education programs, professional development opportunities and certification courses.

Our reason for being can be summed up in our mission statement: enabling people to make a better world through education, scholarship, research and engagement.

In addition to our numerous continuing education courses and workshops, the University of Windsor offers many graduate level degrees that can be obtained in alternative formats such as part-time or on weekends. For more information of these degrees, please visit: www.uwindsor.ca/cepe or www.uwindsor.ca/graduate

Professional Development for Educators

Additional Qualification Courses (AQ Courses) are courses that are accredited by the Ontario College of Teachers (OCT). Teachers can take these courses in order to upgrade and gain qualifications in a certain teaching division or subject area. Completed AQ courses will be posted to a teacher's Certificate of Qualification which is a document on the public register (www.oct.ca) and may be viewed by school boards for hiring purposes.

AQ courses are divided into five categories, otherwise referred to as "schedules", as per the OCT. Detailed information regarding the different schedules may be found at www.oct.ca

Our courses:

- Meet the highest quality and standards
- Are accredited by the Ontario College of Teachers
- Are designed and delivered by experienced instructors
- Are offered in multiple formats to meet your busy lifestyle, including online, blended (partially online) or on-site modes of delivery
- Produce strong, positive evaluations on courses and instructors
- Are developed using the best in-class learning management system

Who is eligible to receive credit for AQ courses?

Teachers certified with the Ontario College of Teachers are eligible to take AQ courses. Ontario BEd students may take courses prior to membership with OCT if they have met all the requirements to graduate and if they have applied to the OCT for a Certificate of Qualification. Some of the courses have specific pre-requisites. Please view the course description online for more detailed information at www.uwindsor.ca/aq or email: aq@uwindsor.ca

All courses can be taken by individuals outside of the Ontario College of Teachers; however, non-OCT members will not receive credit with the College.

Semester Important Dates

Term	Registration Opens	Registration Closes	Courses Start	Courses End	Withdrawal Deadline
Fall 2017	June 1, 2017	Sept. 24, 2017	Sept. 25, 2017	Dec. 9, 2017	Oct. 9, 2017
Winter 2018	Oct. 1, 2017	Jan. 28, 2018	Jan. 29, 2018	Apr. 21, 2018	Feb. 12, 2018
Spring 2018	Jan 2, 2018	April 30, 2018	May 1, 2018	June 10, 2018	May 15, 2018
Summer 2018	Mar. 1, 2018	June 17, 2018	June 18, 2018	Aug. 11, 2018	July 2, 2018

Dates are tentative and may change.

For full course descriptions and to register, please visit our website at www.uwindsor.ca/aq

Courses are subject to change and adequate enrolment. Visit the website for up-to-date information.

ABQ COURSES

What are Additional Basic Qualification Courses (ABQ)?

Additional Basic Qualifications (ABQ) - Schedule A

These courses are intended for candidates who wish to obtain another division. CEPE offers ABQ in the Primary and Junior Division and a number of subject specific courses in the Intermediate and Senior Divisions. With all but a few exceptions, ABQ courses have specific undergraduate credit pre-requisites.

Additional Basic Qualifications (ABQ) - Technological Studies-Schedule B

These courses are intended for candidates who wish to obtain qualification in a technological subject area at the Grade 9 and 10 level and/or at the Grade 11 or 12 level.

Current ABQ Course Offerings

<p>Biology (Senior) 79-441 This course focuses on teaching skills and knowledge of the Senior Division Science-Biology. At least one-half of the course concentrates on the subject matter itself. Critical to the implementation of this course is the creation of positive learning experiences that reflect care, professional knowledge, ethical practice, leadership and ongoing learning.</p>	<p>ONLINE</p>	<p>Summer</p>
<p>Business Studies - General (Senior) 79-420 The underlying purpose of this course is to extend teaching skills and knowledge in the business senior division program. Business Studies provides career options for students, makes them better consumers, and helps them to understand how, in a capitalist society, business shapes most of the activities in which they engage.</p>	<p>ONLINE</p>	<p>Summer</p>
<p>Dramatic Arts (Intermediate) 79-417 This course rediscovers drama as a tool for understanding diversity with a focus on a variety of methods and techniques for identifying, assessing and integrating academic, community, and technological resources that are relevant to Dramatic Arts.</p>	<p>ONLINE</p>	<p>Fall Winter Spring Summer</p>
<p>English (Intermediate) 79-404 ABQ English Intermediate consists of the following topics: adolescent learning theory; writing for a variety of purposes; critical analysis skills; connections to everyday experiences; integration with areas such as drama and media; information technology; safe classroom management; literature genres; research skills; and communication with parents and community.</p>	<p>ONLINE</p>	<p>Fall Spring</p>
<p>English (Senior) 79-432 The design of this course will provide teachers with the essential skills and knowledge needed to develop and deliver an engaging English program at the senior level. An understanding of theoretical foundations, reflections and exposure to a range of literature genres will enable candidates to develop dynamic teaching strategies inclusive of students with exceptionalities.</p>	<p>ONLINE</p>	<p>Fall Spring</p>

ABQ COURSES

EDUCATION

Current ABQ Course Offerings		
<p>French (Senior) 79-433</p> <p>This course focuses on methodology and evaluation of French as a Second Language at the senior level. Candidates acquire specific skills and corrective techniques for languages learning, understand the use of a variety of audio-visual materials, and examine major programs and literature suitable for the senior division.</p>	ONLINE	Fall Winter Spring Summer
<p>Geography (Senior) 79-434</p> <p>This course enables teachers to implement curriculum planning, teaching strategies, and assessment of learning experiences. Students explore various dimensions of geography through completing assignments, directed readings and interactive discussions.</p>	ONLINE	Winter Spring Summer
<p>Health and Physical Education (Intermediate) 79-412</p> <p>This course focuses on developing the ability of teachers to ensure a positive learning environment while encouraging a healthy school culture, as well as promoting the importance of daily physical activity and teamwork. This course is blended: 70 hours of face-to-face instruction and 30 hours online.</p>	BLEND ED ONLINE AND ON-SITE	Winter: Windsor
<p>History (Senior) 79-435</p> <p>In this course, candidates explore skills and knowledge for teaching history at the senior level using critical thinking and judgment of historical events which prepare candidates with evaluation of students and organizational approaches to the study of history.</p>	ONLINE	Fall Spring Summer
<p>Junior Division 79-401</p> <p>This course extends skills and knowledge to develop an in-depth understanding in the design, delivery and assessment of the Ontario Curriculum for the Junior Grades 4-6. It focuses on active, play-based learning and development of an individualized curriculum to enhance and support social and language development of junior-aged students.</p>	ONLINE	Fall Winter Spring Summer
<p>Mathematics (Intermediate) 79-409</p> <p>The Intermediate ABQ in Mathematics focuses on the curriculum in Grades 7 to 10. The two strands of this course are the curriculum content and the new trends of teaching and assessing mathematics for adolescent learners. Participants will examine a variety of modules of teaching Mathematics for the adolescent learner. A proficiency test can be taken in place of the TWO full or FOUR half credits in mathematics.</p>	ONLINE	Fall Spring Summer
<p>Mathematics (Senior) 79-437</p> <p>This course engages candidates in developing an understanding of learning theories and their relation to mathematics. Teacher candidates examine methods for teaching curriculum content specific to the senior division.</p>	ONLINE	Fall Spring Summer

ABQ COURSES

Current ABQ Course Offerings

<p>Media Arts (Senior) 79-430</p> <p>This course demonstrates methodology of teaching Media Arts at the Senior level. Emphasis will be placed on curriculum policy and Ministry resource documents, on modeling the use of media arts in instruction, and on understanding how to design, develop and manage a hybrid physical and virtual learning environment.</p>	<p>ONLINE</p>	<p>Summer</p>
<p>Native Studies 79-408 NEW!</p> <p>This ABQ Native (First Nations, Métis, and Inuit) Studies Intermediate course is a prerequisite for teaching First Nations, Métis and Inuit Studies in the Intermediate division. It will prepare you, through your spiritual, emotional, mental, and physical well-being, for creating a positive learning experience for your Intermediate students.</p>	<p>ONLINE</p>	<p>Summer</p>
<p>Primary Division 79-400</p> <p>This course will extend skills and knowledge of teachers in the design, delivery and assessment of the primary basic division program. It focuses on the belief that primary programs include active, play-based learning and an individualized curriculum that has particular emphasis on social and language development. Candidates will participate in readings, creating new tools for teaching and a culminating task on planning and communication.</p>	<p>ONLINE</p>	<p>Fall Winter Spring Summer</p>
<p>Religious Education in Catholic Schools (Intermediate) 79-419</p> <p>This course enables teachers to understand, plan and execute teaching strategies and learning assessments necessary for the intermediate division level. Topics include: making connections between the Catholic Church and the contemporary culture of adolescents; understanding the meaning of the sacraments; and understanding the connections between Religious Education, the life of the student, the family, the parish and the broader community.</p>	<p>ONLINE</p>	<p>Winter Summer</p>
<p>Science: General (Senior) 79-446</p> <p>This course consists of a series of online discussions, laboratory activities, computer technology, emphasizing the expectations, teaching strategies, evaluation strategies, and content of Grade 11 and 12 Science courses as described in the Ontario curriculum. Emphasis will be placed on creative lesson and unit planning, making connections, the Achievement Chart, assessment and evaluation.</p>	<p>ONLINE</p>	<p>Summer</p>
<p>Social Science: General (Senior) 79-436</p> <p>This course will enable candidates to engage in creative and critical thinking and reflect on how to incorporate these features in the senior social science classroom. Candidates explore different aspects of social science such as anthropology, psychology and sociology, as well as classroom practice and organizational approaches related to the subject area.</p>	<p>ONLINE</p>	<p>Fall Spring Summer</p>

AQ COURSES

Additional Qualification (AQ)

What are AQ courses?

Additional Qualifications (AQ) - One Session - Schedule C

These courses are intended for candidates who wish to obtain qualification in an area that targets most recent professional development.

Additional Qualifications (AQ) - Three Sessions - Schedule D

By completing Parts 1, 2 and Specialist, candidates will receive a Specialist recognition and may wish to consult with the Qualifications Evaluation Council of Ontario (QECO) or the Ontario Secondary School Teachers' Federation (OSST) to have their qualifications re-evaluated for a category change.

Course admissions for Part 2 require the completion of Part 1 plus one year of teaching experience confirmed by the Supervisory Officer.

Course admissions for Part 3 (Specialist) require completion of Part 2 plus two years teaching experience confirmed by the Supervisory Officer. For some courses, experience in the subject area is also required.

Current AQ Course Offerings

<p>Co-operative Education</p> <p>The Co-operative Education AQ courses provide a foundation for integrating internal learning in school with external work experiences outside of school. Candidates are exposed to key components of experimental learning and their role in facilitating career development for students.</p>	<p>ONLINE</p>	<p>Part 1 (79-139) Part 2 (79-239) Specialist (79-339) Fall, Spring, Summer</p>
<p>Dance</p> <p>These courses will provide candidates with a means to actively engage students with dance foundations, through the study of fundamentals, dance philosophies and pedagogies. The focus is to incorporate rhythm, movement, and awareness of a broad spectrum of dance to facilitate student learning. Methods of student assessment and evaluation appropriate to dance are also explored.</p>	<p>BLENDED ONLINE AND ON-SITE</p>	<p>Part 1 (79-110) Part 2 (79-210) Specialist (79-310) Summer</p>
<p>Dramatic Arts</p> <p>This course extends the knowledge and skills of ABQ Dramatic Arts (Intermediate) for all teachers in both elementary and secondary school. The course continues to focus on the theory and practice underpinning dramatic arts education.</p>	<p>ONLINE</p>	<p>Part 2 (79-217) Specialist (79-317) Fall Winter Spring Summer</p>

AQ COURSES

Current AQ Course Offerings

English as a Second Language

These courses develop a foundation and focus on theory and practice in second language teaching and learning. They examine the underlying factors influencing acculturation, and instructional methods equipping candidates with the knowledge and skills to teach ESL in multicultural and multilingual classes.

<p>Green Industries, Grades 11 and 12 79-493 Successful candidates will be able to demonstrate proficiency in: interpreting working drawings; designing a garden layout; designing a project or process in the Green Industries; demonstrating the use of appropriate tools, equipment and materials in each of the five areas of Green Industries.</p>	ONLINE	Summer
<p>Technological Design, Grades 9 and 10 79-490 Candidates will design and develop prototypes for activities and projects employing technical elements such as electronics and CAD. Emphasis will be on curriculum design focusing on developing broad-based projects to integrate Technological Design with other broad-based technologies using a variety of design and problem-solving processes.</p>	ONLINE	Summer
<p>Technological Design, Grades 11 and 12 79-491 Addressing all of the elements of 79-490 but at a Grade 11 and 12 level, this course also includes evaluation of participants' technical proficiency and safe use of tools and equipment.</p>	ONLINE	Summer

PRINCIPAL'S QUALIFICATION PROGRAM

Principal's Qualification Program (PQP) Courses

This program is intended for individuals who wish to pursue administrative leadership roles in their school boards.

The PQP supports candidates working in a variety of educational settings and will explore, in an integrated delivery model, topics and issues of particular relevance to the context in which they work or may work.

Requirements:

- An acceptable university degree;
- A Certificate of Qualification indicating concentrations in three teaching divisions including the Intermediate Division;
- A Confirmation of Teaching Experience form indicating five years of successful teaching experience, certified by an appropriate supervisory officer (Teaching experience MUST BE COMPLETED prior to the first day of the course.); AND

One of the following:

- A master's degree or doctorate as indicated on a Certificate of Qualification; OR
- Success completion of the number of graduate university courses equivalent to the number of graduate courses required to qualify for a master's degree; OR
- A Certificate of Qualification indicating a Specialist or Honour Specialist qualification; and
 - a successful completion of at least half the number of courses required for a master's degree, OR
 - an additional Specialist or Honour Specialist qualification as indicated on the Certificate of Qualification

PRINCIPAL'S QUALIFICATION PROGRAM

Principal's Qualification Program (PQP) Courses

The content of Part I is organized into five domains as reflected in the Leadership Framework for Principals and Vice-Principals. The five leadership domains are: Setting Directions; Building Relationships and Developing People; Developing the Organization; Leading the Instructional Program; and Securing Accountability.

The Leadership Practicum is a required and integral component of the PQP. It is a structured educational leadership program experience. Candidates must develop a Leadership practicum proposal before being recommended for Part I and successfully complete the Leadership practicum experience before being recommended for Part II.

This course is blended, 80 hours face-to-face and 20 hours online.

**Fall: Windsor,
Winter:
Lambton-Kent**

PQP Part 2

The content of the Part 2 is organized into five domains as reflected in the Leadership Framework for Principals and Vice-Principals. The five leadership domains used to organize the content and guide the Leadership Practicum are: Setting Directions; Building Relationships and Developing People; Developing the Organization; Leading the instructional Program; and Securing Accountability

This course is blended, 65 hours face-to-face and 35 hours online.

**Winter:
Windsor,
Spring:
Lambton-Kent**

Teacher Training

Teaching English to Speakers of Other Languages (TESOL) continues to grow as an education field as English is adopted worldwide as the language of business, science and technology.

Offered through the University of Windsor's Centre for English Language Development (CELD), the ACE TESOL Certificate will allow you to join top professionals teaching English around the globe and exceed your career expectations.

ACE Teaching English to Speakers of Other Languages (TESOL) Certificate

Program Details

- 100 hours of classroom instruction
- A 20-hour practicum (TESOL Canada recognized)
- Strong focus on practical teaching skills
- Based on the most current teaching theory and methodologies
- Learn through pair work, small group work and teaching demonstrations
- Holders of this certificate can apply for the TESL Canada Professional Standard 1 Certification

ACE Teaching English to Speakers of Other Languages (TESOL) Diploma

Teaching English to Speakers of Other Languages (TESOL) Diploma

- 18-week course
- 50 hours of classroom instruction
- 30-hour practicum
- Holders of this diploma can apply for TESL Ontario Certification

This course is divided into three sections:

1. Learning: focuses on learning theory, learner, and the four language skills: listening, speaking, reading and writing
2. Teaching: focuses on preparation skills (planning), classroom skills (methods and techniques), and evaluation skills (testing)
3. Language: focuses on the systems of English: phonology (pronunciation), vocabulary, grammar (form and use)

Entrance Requirements

In order to be admitted into the ACE TESOL Certificate or Diploma program, you must have completed a minimum of a bachelor's degree. You can demonstrate your academic qualifications either through submission of a copy of your transcripts or a certificate.

If English is not your first language, you will need to provide proof of English proficiency.

International Educator Certificate for **International Baccalaureate (IB)** Qualification

This new, post-graduate continuing education program is offered by the Faculty of Education. This program qualifies teachers and teacher candidates for IB certification in Teaching and Learning which is a required credential for teaching in IB programs and schools. The IEC for IB Qualification is program-specific based on the following streams:

- Primary Years Programme (PYP)
- Middle Years Programme (MYP)
- Diploma Programme (DP)

This Certificate is offered to:

- Pre-Service teacher candidates
- Teachers who already hold a teaching certificate or equivalent

Candidates must successfully complete four courses as well as a practicum (for pre-service teachers) or a professional learning community (for in-service teachers).

Six Sigma Green Belt

This intensive, three-day workshop series focuses on the application of Six Sigma tools and methodologies to achieve quality and process improvements in a manufacturing and operational services setting. Focusing on customers' needs, the Six Sigma approach utilizes data-driven tools and rigorous methodology to solve problems related to quality, time, cost, waste and variation. Many industries value experience and training in Six Sigma. Those who successfully complete this workshop series will have their knowledge recognized with a Certificate of Completion in Six Sigma Green Belt.
