## **Student Observation**

*To be completed during Week 1* 

*In consultation with your Associate Teacher*, pick two students to observe for an entire day.

Student 1	Student 2
Mood	Mood
Interactions with Peers	Interactions with Peers
Interactions with Teachers and Staff	Interactions with Teachers and Staff
Behaviour	Behaviour
Attentiveness and Engagement	Attentiveness and Engagement
Attitude Toward Work	Attitude Toward Work
Academic Performance	Academic Performance

At the end of the day, spend some time talking to each student to find out how they would evaluate their day.

## **Reflection Questions:**

1) Based on your own observations, what are some of the factors that influence a student's learning, success, and struggles?
