

Math Proficiency Test Preparation Course

Preparing to write the Ontario Mathematics Proficiency Test (MPT)? Strengthen your mathematical knowledge and build confidence with this intensive 3-day course.

Designed to build a deep understanding of key math concepts, not just test-taking strategies, through instructor-led lessons, worked examples, discussions, and practice.

Topics Include:

- Decimals, fractions & integers
- Measurement & geometry
- Algebra & linear relations
- Probability & statistics

With Instructor

Dr. Pamela Brittain (OCT, PhD, MMT)

10-12 August, 2026

9:30 AM – 4:30 PM EDT

Online

Cost

\$300 (Limited bursaries available)

Includes:

- 3 days of instruction
- Pre-course materials
- Practice questions
- Post-course resources
