We are very excited to announce that the Faculty of Graduate Studies will once again be holding the **Three Minute Thesis (3MT®)** competition for graduate students in Spring 2024. This is our first event since 2020.

The 3MT® is a skills development activity which challenges graduate students to present their research and its wider impact to a non-specialist audience in just three minutes using only one slide.

**Save the date:**

The entire event will be held on **April 9, 2024**. There will be two heats held in the morning and the finals held later in the afternoon.

The winner will go on to represent the University of Windsor at the provincial final to be held at the Lakehead University campus in Orillia on May 8, 2024.

**Participants:**

Graduate students registered in a major paper, thesis or dissertation-based programs are eligible to participate.

Further information on registration will follow and will be posted on the Faculty of Graduate Studies website.
