2027 WINTER SESSIONAL/OVERLOAD COURSE OFFERINGS

In accordance with section 54:07 of the current WUFA Collective Agreement, the **Department of Civil and Environmental Engineering** for the **Winter 2027 (January to April) Semester** invites applications from qualified individuals interested in teaching the following course(s), subject to final budgetary approval, course enrollment and appointment of new full-time faculty. Applicants are encouraged to review [Senate Bylaws](#) 54 and 55, and Article 5 (5:23 to 5:25) and Article 54 of the [WUFA Collective Agreement](#). In addition, for course schedule information please refer to [Timetable Information](#), and for course descriptions refer to the [Academic Calendars](#).

Closing date for applications: Friday, October 16, 2026, at 3:00 pm	
Applicants should pay special note to the following items: All course offerings listed and their scheduling are subject to final budgetary approval, course enrollment, student demand, facility availability, and the appointment of new faculty. - Only successful applicants will be contacted. - The default delivery mode for University of Windsor courses is face-to-face (in-person instruction) unless otherwise specified. - Successful applicants should be prepared to teach at the scheduled times listed. Changing days/times is not possible. - Applicants who apply to multiple courses should be prepared to teach any or all of the courses applied to if successful. Notwithstanding other conditions, such applicants will be assigned to courses to best serve the faculty and student needs. - Applicants should note that courses may have both lecture and lab/tutorial components. Please check the online calendar for the latest course configurations.	
Course Number and Title	Description and Notes
GENG-1101-1/51 Engineering 1	This is an introductory course to the engineering profession. Applicants must be familiar and comfortable with teaching a wide range of professional topics. Applicants must also be proficient in teaching technical communications. Prior or current experience with teaching comprehensive first year engineering curriculum would be a notable asset. Consult the online calendar for the course description.
CIVL-8900-7 ITS Methods	This is an advanced graduate course. Applicants are expected to be subject matter experts and can speak to a wide range of topics relevant to the course topic. Recent and demonstrated experience with the current course content would be assets. Consult the online calendar for the course description.
GENG-8020-40 Engineering Project Management	Relevant and recent experience in Project Management and PMP certification would be assets. This section will be taught as part of the Masters in Engineering Management (MEM) Program. The mode of delivery for this MEM section will be primarily online. The online instructor will need to conduct the first lecture on campus on Sunday, January 10, 2027, 1:00 pm to 5:00 pm , then online for the rest of the semester for five weekends every second weekend.

The Department of Civil and Environmental Engineering is seeking applications from candidates, preferably with a Ph.D. degree in Civil or Environmental Engineering. Applicants with a MASc degree in Civil or Environmental Engineering with relevant teaching and/or research experience applicable to the position listed will be considered. A Professional Engineering (PEng) designation is either required or preferred where specified.

At the end of the semester, departmental procedures require sessional instructors to submit assessment data for undergraduate course learning outcomes (in connection with the CEAB Graduate Attribute Indicators, as dictated by the Faculty's Continuous Improvement process). The data are to be submitted to the departmental secretary. Final course grade approval may be withheld by the department head until the assessment data have been submitted. Availability of future teaching opportunities may be negatively impacted by a failure to submit assessment data on a timely basis.

Returning applicants, with the exception of exemptions identified under Section 54:08(a) of the WUFA Collective Agreement, are encouraged to submit teaching evaluations (SET/SPT scores) or equivalent of all courses they have taught along with an updated CV. **Returning applicants should identify course(s) they are applying for, and identify the number of times and semesters that they have previously taught that course(s) to assist in the selection process.**

New applicants are asked to include a cover letter identifying the course(s) applying for, a CV, three current letters of reference, teaching evaluations or equivalent for all courses they have taught, and the **Sessional Application Employment form**.

Please submit your application (electronically) in pdf format to: ceeng@uwindsor.ca
