

LEARN MORE ABOUT

Wordpress ePortfolios

What are ePortfolios?

ePortfolios allow students to capture and curate the wide range of learning opportunities they are exposed to both inside and out of the classroom during their UWindSOR career. ePortfolios provide students with their own space to display their creative work, including artifacts that demonstrate to potential employers and others what students are capable of.

Are ePortfolios a good fit for me?

They also provide a space for students to reflect on and articulate their learning in meaningful ways. ePortfolios at UWindSOR are being used at course level, program level and as a personal professional development tool, in both undergraduate and graduate settings.

Is there any cost associated?

UWindSOR Wordpress ePortfolios are free for UWindSOR students, faculty, and staff, and the Office of Open Learning provides support for ePortfolios all the way from registration, through to workshops, office hours, and ongoing support for instructors and students.

How can I learn more?

Interested in learning more about how ePortfolios can work for your students? Contact Alicia Higgison, and the ePortfolio team at the Office of Open Learning: eportfolios@uwindsor.ca OR higgison@uwindsor.ca

Our ePortfolio administrator, Alicia Higgison, offers both in-person and online Wordpress ePortfolio office hours, all year long. (See Image)
