

ENROLL NOW! SPACE is AVAILABLE!

We are looking for students from all disciplines to join us for the WINTER 2022 BIOART class.

01-27-3860 section 01 BioART: Contemporary Art and the Life Sciences
INCUBATOR Art Lab, School of Creative Arts, University of Windsor
WINTER 2022, Thursdays 11:30-2:20

Location: AB B36, Armouries Downtown, in person class with some online content.

This course is a visual art and science crossover lab intended for students from various disciplines to foster interdisciplinary exploration of the intersections between art and the life sciences through hands-on laboratory protocols, critical readings, theoretical writing, and the production of contemporary artwork. No previous experience in art or biological sciences is required.

We encourage students from outside the School of Creative Arts to join the class. Non SoCA students will require permission to enroll through contacting Dr Jennifer Willet jwillet@uwindsor.ca
For more information, please visit www.incubatorartlab.com.
