Part A: Expected Graduation Date from Primary Degree Program

Graduate students must be actively enrolled, and in good standing, in a Master's or PhD program while undertaking the requirements of the Graduate Diploma in University Teaching.

The program is designed to be flexible, so that students can complete within one year if they are able to fit the requirements in with their other courses/responsibilities, or can extend it over time, so long as the student is enrolled in a graduate program while working toward completion.

We recommend that you review the [program pathway](#), [program courses](#), and [graduate calendar](#) to ensure you are able to complete all requirements before the completion of your primary degree.

When do you expect to graduate from your primary degree program?

Part B: Personal Statement (500-750 Words)

In 500-750 words, please respond to the following prompts:

- What interests you about teaching in higher education?
- What do you hope to achieve by taking this program?
- How do you see this program complementing your primary degree?
