CELEBRATING UWINDSOR GRADS

The Tradition of Convocation

The University of Windsor, like all North American universities, is rooted in academic traditions that date back centuries. The ceremony of Convocation -- literally a 'calling-together' of the academic community, reflects this enduring legacy.

The Mace

The mace represents continuity and stability. The Mace-bearer or Beadle symbolically ensures order. Our Mace-bearer carries the mace in the Convocation procession preceding the Chancellor and the President and Vice-Chancellor.

Smudging

Smudging involves the burning of substances such as sweet grass, cedar and sage. This practice is based on traditional Indigenous beliefs that the smoke produced is a means of purification and to create a positive mindset for those involved in the activities. The smoke and scent produced during a smudge is minimal and often dissipates quickly.

CONFERRING OF THE DEGREE OF DOCTOR OF LAWS, HONORIS CAUSA

JUNE 3, 2025

Michael Connelly
BSc, MSc, Bed, PhD, LLD

Michael Connelly, professor emeritus at the Ontario Institute for Studies in Education at the University of Toronto, is internationally recognized for his leadership in curriculum, teacher education, and narrative inquiry. He is co-founder and longtime editor of Curriculum Inquiry. He directed Canada's Second International Science Study and the OISE/UT doctoral program at the Hong Kong Institute of Education. He has worked in curriculum, teacher education, and human resource development in Egypt, Jordan, Hong Kong, the West Indies, and China. Connelly co-directed the Canada-China Reciprocal Learning Partnership. His many honours include a lifetime achievement award from the American Educational Research Association and the Outstanding Canadian Curriculum Scholar Award.

JUNE 4, 2025

Jerry Norcia
BASc, P.Eng

Jerry Norcia is the chief executive officer of DTE Energy and chair of the company's board of directors. He has held senior roles spanning business development, engineering, operations, and executive leadership. Norcia joined DTE in 2002 and served as president of both DTE Gas and DTE Electric before being named president and chief operating officer. He was appointed CEO in 2019 and board chair in 2022, taking on strategic oversight of the company's electric and gas utilities, as well as its two major non-utility businesses. Beyond his corporate leadership, Norcia is deeply involved in his community. He also contributes to shaping the energy industry through his roles on the boards of the American Gas Association, Edison Electric Institute, Nuclear Energy Institute, and the Institute of Nuclear Power Operations.

JUNE 5, 2025

Jacqueline Gabrielle Wayner
BA, MA, MBA, CISSP

Jacqueline Wayner is a leader in information technology and cybersecurity, with a career defined by innovation, service, and advocacy. A University of Windsor mathematics graduate, she was hired as a computer systems analyst, helping to pioneer early computing systems at a time when few women studied mathematics or computer science. She later earned advanced degrees from the University of Detroit and Northwood University, and achieved the Certified Information Systems Security Professional (CISSP) designation. As an information technology (IT) senior security and control engineer, she was recognized for her leadership in information systems security in a corporate global data centre. Wayner has also been a lifelong community advocate. Her legacy reflects her belief that education and service are keys to progress.

2025 ALUMNI AWARD FOR DISTINGUISHED CONTRIBUTIONS TO UNIVERSITY TEACHING

The Alumni Award for Distinguished Contributions to University Teaching is made annually to honour and recognize outstanding teaching on campus and to provide encouragement for achieving teaching excellence. All full-time teaching faculty at the University of Windsor, with a minimum of five consecutive years of teaching, are eligible to be nominated. The award recognizes excellence in all areas of teaching, including classroom presentation, curriculum development, versatility, teaching methods, and student support.

Installation of the Chancellor

Dwight Duncan

BA, MBA, LLD

as

Chancellor of the University of Windsor

Dwight Duncan is the University of Windsor's ninth Chancellor. His official installation was held at the Spring 2025 Convocation.

A distinguished public servant and business leader, Duncan has built a dynamic career spanning the public, private, and not-for-profit sectors. He served as a Member of Provincial Parliament for 18 years, including as Deputy Premier and Minister of Finance for Ontario. During his time in Cabinet, he delivered six provincial budgets and led major reforms in energy, infrastructure, taxation, pensions, and public services. He played a key role in Ontario’s response to the 2008–2009 global financial crisis, including the restructuring of Chrysler and General Motors in Canada.

Duncan’s public service extended to oversight of major Crown corporations such as the LCBO, OLG, Hydro One, and Ontario Power Generation. He also had legislative responsibility for the Ontario Securities Commission, the Ontario Energy Board, and the Financial Services Commission of Ontario.

Following his public service, Duncan transitioned to senior advisory roles in business and law. He currently serves as Senior Advisor for Canadian Investor Relations at Bernstein Litowitz Berger & Grossmann LLP, and has previously advised clients across Canada through McMillan LLP and McMillan Vantage.

Duncan is a member of the Board of Directors of the Global Risk Institute, a Senior Fellow at the C.D. Howe Institute, a Director at OTT Financial, a Governor of the MS Society of

Canada, and Advisory Board Member at Elevate Finance. He is also a former Chair of the Windsor-Detroit Bridge Authority, overseeing the construction of the Gordie Howe International Bridge.

A lifelong resident of Windsor, Duncan served as a city councillor and led the Brentwood Recovery Home prior to his provincial career. He has remained closely connected to the University of Windsor, where he earned both a Bachelor of Commerce and an MBA, and where he served as a sessional instructor, fundraiser, and Executive-in-Residence at the Odette School of Business. He also holds a Bachelor of Arts in Economics from McGill University and was awarded an Honorary Doctor of Laws by the University of Windsor in recognition of his public service.

Duncan has served on numerous corporate and non-profit boards, including Travelers Canada, the MS Society’s Scientific Research Foundation, and the Churchill Society for the Advancement of Parliamentary Democracy. His leadership in public affairs and governance has earned him many distinctions, including the Queen Elizabeth II Golden and Diamond Jubilee Medals, the Odette School of Business Award for Excellence in Business Leadership, and recognition from communities and organizations across Ontario and Canada.

A frequent public speaker and media commentator, Duncan continues to contribute to national discussions on economic policy, governance, and leadership. He is an avid cyclist and golfer, and the proud father of Sean Duncan.

Conferring of Degrees in Course

DOCTOR OF PHILOSOPHY

Civil Engineering

Ayobami Ephraim Adewale
A New Hybrid Data-driven and Physics-based Car-following Model Considering Road Geometry and Safety

Terence Trinanes Dimatulac
Modeling the Potential Impacts of Electrifying Long-Haul Trucks in Ontario, Canada

Ayotunde Chris Giwa
Structural Performance of the Z Block Modular Connector Under Various Loadings

Mohsen Khanverdi
Structural and Building Envelope Performances of 3D Concrete Printed Walls

Electrical Engineering

Areej Fatima
Novel Permeance–Based Equivalent Circuit Model for Improved Performance Prediction of Traction Induction Motors in Electric Vehicles

Ehsan Hallaji
Robust Federated Learning: Server and Client Defenses Against Poisoning Attacks

Philip Korta
Advanced Electric Drive System Design and Control for Electric Propulsion

Ankit Mehta
Development of CMOS Analog Memristor Emulator for Associative Learning and Neuromorphic Applications

Haleh Nazemi
Development of Novel Boundary-Configured Capacitive Gas Sensors Using MEMS Platform

Jayanthi Raghavan
Design and Implementation of Attention-based Networks for improving Facial Image Super-Resolution: A deep learning Approach

Engineering

Dean of the Faculty:
Dr. Bill Van Heyst

Dean, Faculty of Graduate Studies:
Dr. Patti Weir

Conferring of Degrees in Course

DOCTOR OF PHILOSOPHY

Engineering Materials

Thevika Balakumar
Isothermal Fatigue Investigations of Additively Manufactured Ti Metal Matrix Composite with TiB Particles

Industrial and Manufacturing Systems Engineering

Foroogh Behnia
Strategic and Operational Optimization of Electric Bus Scheduling with Multi-Vehicle Types, Partial Charging, and Vehicle Disruption Management

Behrang Bootaki
Machine Learning-Assisted Algorithm Design for Integrated Supply Chain Optimization

Mohammadreza Nikkerdar
Smart Adaptable Assembly Line Rebalancing

Narges Rahimi
Customizing Threat Analysis and Risk Assessment (TARA) for Heavy-Duty Vehicles: Enhancing Security through Tailored Approaches

Mechanical Engineering

Hafiz Mughees Ahmad
Advancing Industrial Monitoring with Deep Learning: From Bottleneck Analysis to Safety Compliance

Ailin Barzegar
Development of Model-based Fault Diagnosis for in-Orbit Small Satellites in Constellation

Corey Klinkhamer
Investigation of Cooling Jets in a Rotational Field with Application Towards Electric Motor Cooling

Amir Mohammadi
Optimization and Feasibility of Hydrogen Production via the Thermochemical Cu–Cl Cycle: A Heat and Mass Transfer Analysis

Danilo Stocco
Development of adaptive resistance spot welding methodology based on ultrasonic non-destructive welding growth monitoring

Science

Dean of the Faculty:
Dr. Claudio Verani

Dean, Faculty of Graduate Studies:
Dr. Patti Weir

Conferring of Degrees in Course

DOCTOR OF PHILOSOPHY

Biological Sciences

Jaclyn A. Aubin
Vocal communication, social structure, and responses to disturbance in belugas (Delphinapterus leucas)

Ellyn Russell Davidson
Investigating a movement strategy for Greenland halibut (Reinhardtius hippoglossoides) in the Canadian Arctic Offshore

Zainab Taleb
Investigating the Effect of the Circadian Clock on Colitis

Chemistry and Biochemistry

Elmahdy Abdulhamied
Controlling Interfacial Interactions of Amphiphilic Organic Dyes by Molecular Design

Jacob Gerard Rothera
Generation of Core-Only Calamitic and Discotic Liquid Crystals for Use in Organic Electronics

Earth Sciences

Libby R. George
Assessing the resiliency of a coastal foredune in a changing climate

Jacob Lehner
Decoding coastal barrier morphology: Machine learning and multi-dimensional approaches for landform delineation and topographic pattern analysis

National Anthem

O Canada! Our home and native land!
True patriot love in all of us command.
With glowing hearts we see thee rise,
The True North strong and free!
From far and wide, O Canada,
We stand on guard for thee.
God keep our land glorious and free!
O Canada, we stand on guard for thee.
O Canada, we stand on guard for thee.

Ô Canada! Terre de nos aïeux.
Ton front est ceint de fleurons glorieux.
Car ton bras sait porter l'épée,
Il sait porter la croix!
Ton histoire est une épopée
Des plus brillants exploits.
Et ta valeur, de foi trempée,
Protégera nos foyers et nos droits,
Protégera nos foyers et nos droits.

The program lists the names of individuals who were approved to graduate by the University Senate. While every effort has been made to ensure that this is true and correct, the official University of Windsor individual student record supersedes all information contained herein.

The University regrets the omission of any student deemed to have satisfied graduation requirements following the publication of this program.

A Note on the Governor General of Canada’s Academic Medals

The prestigious Governor General of Canada’s Academic Medal is awarded to the student who has achieved the most outstanding academic record among their graduating peers. The Silver Medal is presented to an honours undergraduate student at the Spring Convocation Ceremony, while the Gold Medal is presented to a graduate student at the Fall Convocation Ceremony.
