## Travel Plan from a Canadian International Airport to the University of Windsor AND 14-Day Quarantine Plan – Template

### **PLEASE REVIEW CAREFULLY:**

Please note that the University of Windsor is closed during the December holiday break. This means that the University is closed, and staff are not working from December 24<sup>th</sup> to January 4<sup>th</sup>. As a result, you can expect some delay in replies during this time. Please use [intlarrivals@uwindsor.ca](mailto:intlarrivals@uwindsor.ca) for the best chance of a timely reply.

Unless you have made your own arrangements to quarantine in an off-campus location, it is recommended that you do not travel to Windsor between the dates of December 3 and January 4. UWindsor's residences will not offer its quarantine program during this period. UWindsor has a relationship with local hotels where students can stay over for their 14-day quarantine, but because the University will be closed, you may be required to stay in this hotel for a longer period of time than you were anticipating depending on when you arrive in Windsor during December. If you wish to quarantine in one of UWindsor's affiliated hotels, please visit the International Student Centre's [website](#) for details. You are free to quarantine at an off-campus location (e.g., your rented apartment, a family member's home, an AirBnB, etc) so long as this location and your quarantine plan is approved by the Canada Border Services Agency upon your arrival into Canada. Carefully reviewing and completing this template will help with the approval processes.

### **PLEASE CAREFULLY REVIEW AND COMPLETE ALL SECTIONS.**

**THIS DOCUMENT HAS TWO SECTIONS. SECTION 1 (STEPS 1-3) CONCERNS YOUR TRAVEL FROM THE AIRPORT TO YOUR QUARANTINE LOCATION. SECTION 2 (STEPS 4-5) CONCERNS YOUR 14-DAY QUARANTINE PLAN.**

Please complete this form and print it off and ensure you have made all the travel arrangements necessary before you leave for Canada. This plan will need to be presented to a Canada Border Services Agency (CBSA) officer upon your arrival at Pearson International Airport in Toronto or whichever Canadian airport you arrive at.

There are several steps you will need to follow in order to travel to Windsor and then quarantine upon your arrival. This document will outline the actions you need to take, step-by-step.

As a reminder, during your travel, be sure to adhere to social distancing measures by wearing a face mask and maintaining two meters between yourself and others at all times. Be sure to wash your hands frequently and avoid touching your face.

The Government of Canada has created two apps in support of managing COVID-19. It is strongly recommended you download them and review them before your arrival in Canada.

- 1) The [\*\*ArriveCAN\*\*](#) app should be downloaded and your travel information should be inputted into it 48-hours before your travel to Canada. This will help to speed up your time going through the border.
- 2) The [\*\*COVID Alert\*\*](#) app uses Bluetooth technology to determine if you've been close to anyone who has had COVID-19. It is completely anonymous and designed to help *you* remain safe and be proactive regarding your wellness.

**Tracking your Trip from your Canadian Entry Airport to Windsor (or your Quarantine Location):**

Upon arriving in Canada, it is required that you log various parts of your trip to Windsor (or wherever you are completing your quarantine). Make notes on this document or on your phone so you can better remember your journey (e.g. what was your seat number on the plane, where did you sit in the shuttle, what was the car number of your taxi). In the event you develop COVID-19 once arriving in Canada, public health officials will need this information to follow up with any individuals you may have been in contact with when travelling. This is a public health standard procedure and helps manage the spread of the virus. Your cooperation in tracking your journey is greatly appreciated.

**Complete this document and submit it to the International Student Centre (ISC)

Please contact [resservices@uwindsor.ca](mailto:resservices@uwindsor.ca) for more details.

If you arrive in Windsor during the holiday period (between Dec. 3<sup>rd</sup> and January 4<sup>th</sup>), you will need to make alternate arrangements for your quarantine period. The University of Windsor has agreements with a hotel in Windsor and in Toronto that should be able to accommodate you for your quarantine. For more information on UWindsor's hotel option visit: <https://www.uwindsor.ca/international-student-centre/>

**NOTE:** regardless of where you are staying, your location and quarantine plan will need to be approved by the Canada Border Services Agency upon your arrival into Canada.

**IMPORTANT:** If you are planning to quarantine in an off-campus location where there are already people residing, your living situation must be such that you can isolate yourself from others living in that house. For example, if you are sharing a room with another person, arrangements must be in place to isolate yourself such that the Canadian Border Services Agency will allow you into the country. Student plans that show that they are living in "communal settings" will be scrutinized carefully by Border Services, as will any student who is living with a vulnerable person (e.g., a person with diabetes or a person over a certain age).

## Step 5: How to Quarantine

The following are the latest quarantine information from Health Canada: <https://www.canada.ca/en/public-health/services/diseases/2019-novel-coronavirus-infection/prevention-risks.html>

Failure to follow these directions could result in fines and/or criminal charges under Canada's Quarantine Act:

- Quarantine rules are being enforced - <https://www.canada.ca/en/department-justice/news/2020/04/government-of-canada-further-facilitates-enforcement-of-the-federal-quarantine-act.html>.
- Students who have not followed the rules have been fined - <https://atlantic.ctvnews.ca/university-student-fined-1-000-for-failing-to-self-isolate-antigonish-rcmp-1.5081264>

The Government of Canada, the Government of Ontario, and the University of Windsor take these directives seriously and it is the University's expectation that students will make their very best efforts to follow the following quarantine directives once you have started your 14-day quarantine:

### Stay Home:

- Do not use public transportation, taxis or rideshares
- Do not go to work, school or other public places
- Order food to your place of residence. There are many restaurants and food vendors close to campus.
- Order groceries and other needed items online or send a roommate/friend to the store for you.

### Avoid Contact with Others, Including Housemates or Neighbors in Residence:

- No visitors unless essential (e.g., health care providers)
- As much as possible, stay in a separate room from other people in your home and use a separate bathroom if you have one
- If these steps are not possible, keep a distance of at least two meters from others at all times and wear a mask

### Personal Care:

- Keep your distance from others – a minimum of 2 meters
- Cover your mouth and nose with a tissue to cough or sneeze or blow into your elbow if you do not have a tissue. Throw used tissue in the trash.
- When outside of your room, wear a mask over your nose and mouth.
- Visit Ontario Public Health (<https://www.publichealthontario.ca/-/media/documents/ncov/factsheet-covid-19-how-to-self-isolate.pdf?la=en>) for further information on how to quarantine.
- If you develop any COVID-19 related symptoms call UWindsor's Student Health Services at: 519-973-7002. **Important:** Student Health Services is not accepting in-person appointments at this time. Do not attend Student Health Services in-person unless directed to by a University physician.
