

Hello All HK Students,

Are you interested in earning a Kinesiology Major Course Credit (Internship Course 07-95-498) while gaining work experience?

This is a great Internship opportunity for an HK student who would like to gain workplace experience in [Ergonomics / Occupational Health & Safety!](#)

Placement: Hotel-Dieu Grace Hospital

Position: Ergonomics / Occupational Health & Safety

Interested candidates, please email your resume by **August 3rd**, at **4:00pm** to:

Renee Zimmerman (Renee.Zimmerman@HDGH.org)

*Please copy Chad Sutherland (chads@uwindsor.ca) on the submission email.

Information about the Internship Course:

What is the Internship Course?

- The course code is 07-95-498
- Counts as a major course in Kinesiology
- Each student is limited to one (1) Internship course
- Available to Kinesiology students in 3rd or 4th year who are in good academic standing
- Requires you to work/volunteer in a Kinesiology related field for 9 hours a week for 12 weeks (during the normal school semester)

Some examples of job opportunities include Schools, Nursing Homes, Chiropractic Clinics, Fitness facilities, Physiotherapy Clinics, Hospitals, Sport Organizations, Not for profit organizations, Athletics etc etc. If you are currently working/volunteering in a similar placement, please come and see me about the internship course opportunity. You are also welcome to enroll in the internship program and find your own placement. I have also attached the Internship course package which contains all the information about the course. If you do find a placement you need to complete pages 4 – 9 (with appropriate signatures) of the package and return them to me so I can sign you into the course. If you have any questions about the course, please contact me directly.

Thanks,
Chad.S
