

THE LAWYER'S DAILY

Introducing The Lawyer's Daily from LexisNexis™

The Lawyer's Daily provides Canadian legal news, analysis and current awareness online, on mobile, and through frequent newsletters for lawyers who need a real-time view on the shifting legal landscape.

Here's what's included on The Lawyer's Daily website!

Top Features

Frequent newsletters

Delivered to your email inbox in the morning, these newsletters let you keep on top of only the areas of practice relevant to you. Subscribe to as many or as few as fit your needs.

Custom alerts

Enter any specific term that you need to monitor (legal terms, clients or jurisdictions) and receive an email notification when we publish a story using that term.

The only source of breaking legal news coverage in Canada

The Lawyer's Daily is the first news provider in Canada to give you news as it happens, not at the end of the week or month. Our team of reporters and editors have their ear to the ground, keeping you abreast of all legal developments as they happen.

Digital makes the difference

More coverage, deeper analysis, better insight. No longer bound to word-counts and page-limits means The Lawyer's Daily can cover a larger variety of stories, and dig deeper into the ones that need an extra few hundred words or an informative graphic.

Same great content from The Lawyers Weekly – Delivered better!

The Lawyer's Daily is the evolution of The Lawyers Weekly, meaning the same trusted coverage that the Canadian legal industry has relied on for over 30 years is now delivered more often, online, on-mobile and directly to your inbox.
