

Faculty of Law situated in clusters across campus during building transformation

(Windsor, Ontario, Friday, September 10, 2021) – While extensive renovations take place at the Ron W. Ianni Faculty of Law building, the law school community will return in temporary “law clusters” across campus.

During regular business hours, the law deans and support staff will be accessible on the second floor of Lambton Tower, while the faculty’s student lounge, academic coordinators, admissions, Dual JD Program, student and career services offices will be situated on the lower level of the CAW Student Centre. In Vanier Hall’s Winclare Room — formerly an expansive event space — visitors will now find law’s general office, faculty members, and support staff, along with information technology, special events, communications, program coordinators, alumni and fund development staff.

Across the courtyard in Laurier Hall is Windsor Law’s clinical therapist and assistant dean of finance and administration, located on the second floor in the International Student Centre. And if law students are seeking a quiet study space or library services, they can head over to the Leddy Library West Building to access private study spaces, reference librarians, circulation staff, and technical services.

Finally, the bulk of law classes will take place in the Toldo Health Education Centre, the Odette Building, and the Ed Lumley Centre for Engineering Innovation (CEI). The law school’s clinical and experiential learning program staff is located at the University of Windsor’s downtown campus in Windsor Hall to remain close to the community clinics including, Community Legal Aid and Legal Assistance of Windsor:
