## Enroute 2018 Recap

By Vlad Livrinski

During the 2018 edition of MBA Enroute students took to the streets of Toronto as they visited a number of prominent organizations including: RBC, MaRs - CAHBI & CIBC Live Labs, ReShift Media, Air Canada, OLG, TIFF, Hamilton Health Sciences, BMO, HSBC, and MLSE.

Students were offered an exclusive look into the inner-workings of these organizations, facilitated by their executive teams. In open discussions, students were able to ask questions and gather critical career advice from seasoned business professionals, as well as get a glimpse of working life in a dynamic city like Toronto.

The event was capped off by a networking dinner, where students were able to meet with former Odette Alumni as well as a few speakers from earlier in the day.

MBA student Giovanni Gagliano reflected on some of his experiences: "It was incredible. Very well organized, we got a glimpse of a number of different companies and industries and all the students involved had an organization that resonated with them. Touring RBC, and walking through the trading floor, I was in awe. It was something I could see myself doing in the future, and having an intricate look at the work life has really motivated me as I look to pursue a career."

### Special Thank You to our Sponsors

GSS, the Odette School of Business, Student Life Enhancement and Alumni, and the Odette MBA Society for making the event possible.

### Enroute 2018 Day 3

MBA Students pictured with TIFF staff at the historic TIFF headquarters in Downtown Toronto. Students had a chance to meet with executives and gain insight into the intricacies of the festival.

## Enroute 2018 Recap Cont'd

MBA student Shaelyn Whiston shared her experience: "The week provided some incredibly valuable and relevant real-world experience. The students are very ambitious, and having this kind of tangible look into how these massive organizations function, and the process of carving out a career there inspired a lot of us. She added, "Each organization was different, and each speaker offered new insights into how we as students can embark on our job search and perhaps land at one of these companies. Personally, my greatest experience was attending OLG's headquarters. We were given an amazing opportunity to network and converse with their entire executive team, including their CEO Stephen Rigby."
