Decisions made by Faculty of Nursing Graduate Committee

Note: As a result of the economic downturn and the negative impact this has had on University endowments, the Student Awards Office is presently conducting a review of all endowed scholarship accounts. During this process, this Office will remove awards, with insufficient expendable funds, from the online award search. As this is an ongoing process, please be aware that some of the scholarships/awards displayed may not be available for a future award year. Your patience and understanding during this process is greatly appreciated.
