

Biology Building

Exterior of the Biology Building.

Location

The Biology Building is located along the Alistair MacLeod walkway. It is near the center of campus and attached to Chrysler Hall south. Essex hall is located directly across to the west.

Map highlighting Biology Building with blue circles indicating accessible entrances.

Main Entrance

Located on the west side of the building, the main entrance is **accessible** with actuators to the right of the entrance. Upon entering there is an accessible lift that takes users to the lower level for access to the elevator.

Exterior of the main accessible entrance of Biology Building.

Alternative Entrances

- Though intended for deliveries, there is an **accessible** entrance on the east side of the building. This entrance can be accessed by using the ramp which leads to the lower level with access to the elevator.

Entrance to ramp leading to east accessible entrance.

- South entrance has no actuator and leads to stairs.

Exterior view of south entrance.

Washrooms

Accessible Washrooms can be found:

- Women's Accessible Washroom – 3rd floor W300
Note: actuator will be installed during the 2023-24 academic year
- Men's Accessible Washroom – Ground floor W100
Note: washroom is not equipped with actuator

Elevator

There are two ways to access the elevator. It can be accessed through the main entrance, using the lift to the lower level and proceeding through double doors which are equipped with actuators. Alternatively, use the delivery entrance which is accessible on the east side to access the lower level to the elevator.

Lift

Students, staff and faculty require a valid prox card or key fob to access the lift. This can be done by completing the Faculty Services online request for [Key/Card/Fob form](#).

Students registered with Student Accessibility Services can contact their advisor for support. If additional information is needed regarding access, please contact the Office of Human Rights, Equity and Accessibility (ohrea@uwindsor.ca).

Report problems with this lift to Facility Services, 519-253-3000 ext. 2850

Accessible lift inside the main entrance with access to the lower level.

Emergency Evacuation Chairs

The emergency evacuation chair can be located on floor one, directly to the left of the elevator.

Bike Racks

There is a covered bike rack near the south side of the building.

Water Fountains

Main floor - **Accessible** water fountain located north of the elevator.

2nd Floor - **Accessible** water fountain located at far north end of the hallway.
