

# Centre for Automotive Research and Education (CARE)

## Location

Building is located on California Avenue, south of Wyandotte Street West. Surrounding buildings are Centre for Engineering Innovation which can be found directly north of the Centre for Automotive Research and Education and Alumni Hall which can be found to the west of the building, across California Avenue.

## Entrance

The main entrance to the Centre for Automotive Research and Education is accessible and is located on the south side of the building near California Avenue. The accessible main entrance consists of double doors with push buttons provided between the doors and on the exterior wall by the door.

## Alternative Entrance

An *inaccessible* entrance is located on the north side of the building facing the Engineering (EE) parking lot. Please note that this entrance is opened to only faculty. An *accessible* entrance is located on the north side of the building facing the Engineering (EE) parking lot and is to the right of the service entrance. An *inaccessible* entrance is located on the east side of the building near the Engineering (EE) parking lot.

## Bike Racks

A bike rack is located to the north of the building across from the Engineering (EE) parking lot and to the south of the Engineering building.

## Elevator

One elevator is located next to the first stairwell after entering through the main entrance. A second elevator is located next to the second stairwell after entering through the main entrance. Another elevator is located next to the stairwell after entering through the accessible alternate entrance. A fourth elevator is located after using the third elevator on the left and next to the stairwell. Please note that all these require a key and persons must contact a staff member to obtain a key.

**Washrooms**

Barrier-free male and female washrooms are located near the main entrance past the first set of stairs and the first elevator on the left hand side.
