

# Ed Lumley Centre for Engineering Innovation (CEI)

## Location

Building is located on the corner of Wyandotte Street West and California Avenue. Surrounding buildings are Centre for Automotive Research and Education which can be found directly south the building, and the Joyce Entrepreneurship Centre / Parking Garage, which is west.

## Entrance

The main entrance is accessible and is located at the northwest corner of the building, facing Wyandotte Street West. The accessible main entrance consists of double doors with push buttons provided between the doors and on the exterior wall by the door.

## Alternate Entrances

Two accessible entrances can be found on the west side facing California Avenue near the bike racks. Both contain have and automatic door openers. Please note that the entrance located at the southwest corner of the building accesses the Small Business Centre. Three accessible entrances can be found on the south side of the building facing the Engineering (EE) parking lot, one near the bike racks, one past the bike racks and one near the garbage bins. These entrances contain ramps and automatic door openers. Two accessible entrances can be found on the east side of the building, one accessing the Small Business Centre and the other accessing the main floor of engineering. These entrances contain ramps and automatic door openers.

## Directory

Floor plan can be found at the main entrance.

## Bike Racks

There are three bike racks around the engineering building. One bike rack is located on the north side of the building near the main entrance and Wyandotte Street West. Another can be found to the west of the building near California Avenue. The third can be found to the south of the building near the Engineering (EE) parking lot.

## **Washrooms**

Barrier-free male and female washrooms can be found on the left of the main entrance past the Tim Hortons and across from the living plant wall. Barrier-free male and female washrooms can also be found on floor 2.

## **Elevator**

One elevator on the main floor can be found on the left of the main entrance and to the right of the Tim Hortons. Elevator is available on floors B, G, 2R, 2, 3R, 3 and FH. Elevator buttons are provided on the left wall of the elevator. Interior buttons are tactile.

A second elevator on the main floor can be found on the left of the main entrance and to the right of the living plant wall. Elevator is available on floors G, 2, and 3. Elevator buttons are provided on the left wall of the elevator. Interior buttons are tactile.

A third elevator on the main floor can be found near the accessible entrance on the east side of the building or past the living wall and the washrooms. Elevator is available on floors G, 2, and 3. Elevator buttons are provided on the left wall of the elevator. Interior buttons are tactile.

## **Parking**

Accessible parking is available in the Engineering (EE) parking lot and the parking garage.
