

Essex Hall

Main entrance to Essex Hall

Location

Essex Hall is located on Alastair McLeod Walkway (formerly Patricia Road). CoRE is connected to Essex Hall on the north side of the building. To the east are the Biology Building, Erie Hall, and Lambton Towers.

Note: Essex Hall has double doors (fire doors and smoke doors) throughout the hallways for fire safety purposes. The double doors do not have an automatic door openers.

Map view of Essex Hall and surrounding buildings.

Main Entrance

The main entrance to Essex Hall is not accessible due to stairs. The main entrance is located on Alastair McLeod Walkway (formerly Patricia Road).

Accessible Entrance

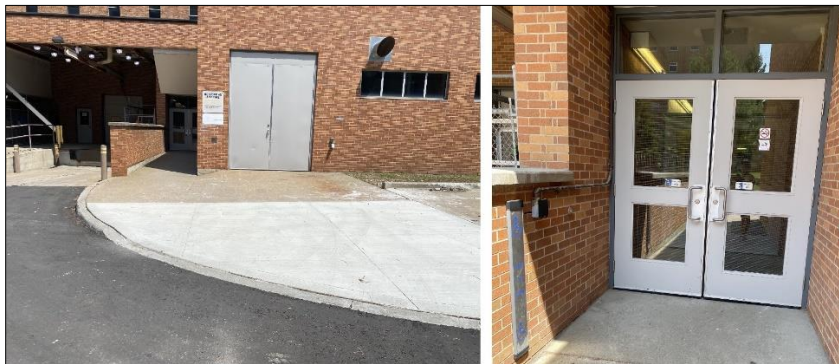

The Essex Centre of Research (also known as CORE) has an accessible entrance and is connected to Essex Hall on the north side. There is an elevator in the CORE lobby that provides access to all four levels of Essex Hall.

Essex Centre of Research (CORE) accessible entrance. The elevator inside provides access to Essex Hall

Alternative Accessible Entrance

While intended for deliveries, there is an accessible entrance to Essex Hall located on the west side of the building. To access the entrance, take the pathway from Wyandotte Street East, leading to the west side of the building. Push buttons are available to open the accessible doors.

1 Alternative entrance on the west side of Essex Hall.

Inaccessible Alternative Entrances

Inaccessible entrances with stairs are located both at the north, south, west, and east corners of the building.
