

Leddy Library

Main Building

Main entrance

The main entrance to the Leddy Library is accessible, with a pathway located to the east of the entrance doors. The accessible pathway leads to the accessible exterior entrance door. The exterior push button to the accessible entrance door is located to the west of the door. The interior push button to open the exterior accessible entrance door is located to the south west of the door. It is located on the metal bracket protruding from the door.

In addition to the accessible pathway, stairs

surround the main entrance.

After passing through the exterior main entrance doors, there are a set of interior entrance doors to gain entry into the library lobby. The accessible interior entrance doors are located to the North West.

Upon passing through the interior accessible entrance doors, a ramp is provided to the east of the lobby. To gain entry into the library utilize the accessible door that is situated in between the entrance and exit turnstiles. The push button to open the accessible door is located to the north of the pillar that is located by the door. For individuals who wish to use the turnstiles, note that the east turnstiles are for entry while the west turnstiles are for exiting.

To exit the library, library users must request the circulation desk to open the accessible door.

Access to the west wing:

Travel north from the main entrance and turn west at the first corridor.

Washrooms

All washrooms are marked with raised writing and braille. A barrier-free washroom stall is available in all male and female washrooms.

First Floor, main wing:

A universal washroom can be found directly across from the Circulation Desk.

Male and female washrooms can be located by travelling east of the main entrance, past Brown Gold Café and turning north at the end of the corridor.
