# MEMBER OF OPUS!

# OUR MISSION AND MANDATE

OPUS is a dynamic organization that advocates and promotes a rewarding University of Windsor experience for part-time students.

We believe that part-time & mature students have different needs, concerns distinct from those of the rest of the undergraduate student body.

These students work hard to balance their many responsibilities of home, family, work and education.

OPUS strives and advocates to help students cope with the additional pressure of studies and the adjustment to an academic environment.

## SUPPORT

We conduct virtual bi-weekly meetings to provide assistance and address the issues and concerns of our part-time and mature students.

# WHAT WE DO:

The primary goal of OPUS is to ensure equal opportunity to quality education and support for all part-time and mature students.

The most important purpose of OPUS is advocacy, which it does through its involvement in the decision-making process of university governance.

We at OPUS are engaged with our part-time and mature students' academic, physical, and social well-being.
