ALREADY COVERED? COORDINATE BENEFITS

You can maximize your coverage if you have more than one benefits plan. This plan covers 80% of prescription drug costs (up to a maximum of \$1,500 per year), while you could use your other plan for coverage of the remaining 20%. Send the letter (called Coordination of Benefits - www.greenshield.ca/en-ca/plan-members/how-to-submit-a-claim/coordinating-claims) you receive from the first company you claimed from, showing what has not been paid, to your secondary benefits provider for payment, attached to a completed claim form.
