

# Department of Political Science Master of Arts

*With Internship!*

## THE UWINDSOR ADVANTAGE

In this academically rigorous degree program, you will have the chance to earn an MA degree through coursework and a paid internship.

Students who secure a place in the internship stream spend six months working with a local government or agency for which they are paid. You are also eligible for excellent university and departmental entrance scholarships and for teaching positions. The Department is committed to providing funding packages that match or beat those of other MA programs.

UWindsor's Political Science MA program allows you to be part of a vibrant academic community and to be associated with active researchers and research centres.

The internship option is designed to combine first class

academic work with practical employment experience that will give you an advantage in the workplace.

We encourage you to join our program!
