ARTICLE 5 RIGHTS, DUTIES AND RESPONSIBILITIES

Rights, Duties and Responsibilities of Faculty Members

- 5:01 The rights and responsibilities of a faculty member flow from the objects and purposes of the University which are the advancement of learning and the dissemination of knowledge, the intellectual, spiritual, moral, social and physical development of its members and students and the betterment of society; from their position as a faculty member; from the expectations of the University; from the requirements of the students; and from the legitimate claims of the community including Black, Indigenous, and racialized communities.
- 5:02 The primary rights, duties and responsibilities of a faculty member shall be those listed and described in clauses 5:23 to 5:37 inclusive.
- 5:03 A faculty member in fulfilling their duties and responsibilities shall deal ethically and fairly with colleagues and students and shall respect appropriate principles of confidentiality.
- 5:04 Faculty members are normally engaged on a full-time yearly basis from July 1 to the subsequent June 30. Faculty members shall fulfill their duties and responsibilities as specified in this Article, unless otherwise provided for in the letter of appointment or by reduction of duties and responsibilities as specified in this Agreement, or as specified in clauses 5:05 and 5:06. Faculty members shall meet the reasonable requirements and needs of students, colleagues and the University on a basis and at a location consistent with their obligations to undertake teaching, research/scholarship/creative activity and service activity.
- 5:05 A faculty member is entitled to take their uninterrupted annual vacation. The member may take part or all of the member's annual vacation at a time which shall be mutually agreed between the member and the Dean, or Head as designate of the Dean, to ensure the uninterrupted continuation and quality of program(s) of the University in which the member is involved. Nothing in this paragraph derogates from the faculty member's obligation to be regularly accessible.
- 5:06 Intellectual inquiry, teaching and research, relevant to a member's professorial obligations under this Agreement, may require a faculty member to be absent from the campus from time to time. This may encompass off-campus teaching or research if such absence does not require a replacement during the period in which the faculty member is absent. However, a faculty member shall apply, normally in writing, in advance for such absence to the Dean, or Head as designate of the Dean, except where such activity falls within clauses 5:36 and 5:37 of this Agreement and the procedure therein. Such approval shall not be unreasonably withheld. In the event approval is withheld, the Dean, or Head as designate of the Dean, shall respond in writing, with reasons, within seven (7) days of the request.

5:07 The parties recognize that:

- (a) the primary responsibilities of faculty members consist of teaching and research/scholarship/creative activity; the primary responsibility of teaching intensive faculty members is teaching, without expectation of research/scholarship/creative activity. The overall workload of faculty members comprises the following elements which may vary from time to time and from member to member: teaching, research/scholarship/creative activity, service to the University and academic, professional and/or civic community, including Black, Indigenous, and racialized communities without limiting the generality of clauses 5:36 and 5:37 and subject to any agreement which the member may make with the Dean, on the recommendation of the Head, under this Article to alter the normal distribution of the member's workload;
- (b) for purposes of this Article 5 only, the assignment of teaching loads, which shall normally not be more than four (4) credit courses for faculty members and shall normally not be more than eight (8) credit courses for teaching intensive faculty members, shall be made on the basis of the teaching year;
- (c) the teaching component of the overall workload may be assigned during the summer semester, fall semester and winter semester. Except for courses assigned in accordance with clause 5:07 (d), faculty members shall not be required to teach in more than two (2) of the three (3) semesters of the teaching year. For teaching intensive faculty, whose workload shall normally not exceed eight (8) courses or their equivalencies, teaching in excess of eight (8) courses or their equivalencies in an academic year will be considered overload;
- (d) a faculty member may agree to undertake extra teaching duties with no corresponding decrease in the expectations for research productivity. Such voluntary extra teaching duties shall either be subject to the provisions of clause 54:07 or be compensated by an appropriate adjustment made in the member's teaching load within the next two (2) teaching years. Arrangements which involve adjustments to the member's teaching load shall require the approval of the Dean;
- (e) where a faculty member agrees, the proportion of the member's work devoted to teaching or service in the year for which the assignment is being made may be increased as provided for below and the expectations for research/scholarship/creative activity shall be correspondingly reduced. Such voluntary increases in teaching or service shall not be available to probationary appointments. This clause shall be applied where the Dean, or Head as designate of the Dean, consents and the faculty member voluntarily undertakes:
 - (i) to develop or implement a major teaching project or program for which there is a demonstrable need;
 - (ii) to teach no more than one (1) course beyond the average teaching load determined under clause 5:13; or
 - (iii) to increase the member's service duties for that year;
- (f) on an annual basis, a teaching assignment one (1) course lower than the overall average teaching load assigned pursuant to clause 5:13 may be made where the faculty member demonstrates a significant current record of research/scholarship/creative activity;
- (g) variations granted under clause 5:07 (d), (e) and (f):
 - (i) shall be made in writing with a copy to the member's personnel file; and
 - (ii) shall be just and equitable;
- (h) a faculty member shall not unreasonably deny a request by the Dean, after consultation with the Head, to undertake extra teaching for up to one (1) week in order to replace another faculty member who is unable to teach their course. When such extra teaching duties do not exceed half of the scheduled contact hours of the course, the faculty member shall be paid a prorated stipend, based on Article N, for the total portion of the course taught. When such extra teaching duties exceed half of the scheduled contact hours of the course, the faculty member shall be compensated by a course remission from future teaching duties or by payment of a stipend as specified in Article N, at the option of the member. If the faculty member elects to be compensated by a course remission, this shall be set forth in a letter signed by the member and the Dean.

5:08 (a) Subject to the jurisdiction of the Senate with respect to academic programs and courses offered in a given AAU, to clause 5:08 (c) of this Agreement, and to the jurisdiction of the University Review Committee on Faculty Workload, the Dean, on the recommendation of the Head after the Head's consultation with faculty member(s), will assign and schedule the teaching and academic counselling duties and shall advise each faculty member on or before March 15 of each academic year of their assignment for the forthcoming teaching year. If the Dean proposes to assign an additional semester course under 5:08 (d), the Dean shall so advise the member in writing, on or before February 15. The member shall have the right to present to the Dean, with a copy to the Head, a written explanation demonstrating that the member has maintained an acceptable standard of research/scholarship/creative activity and/or a written outline of the member's plan for future research/scholarship/creative activity demonstrating the likelihood of its fulfilment. The Dean, after consultation

with the Head, shall take into account the explanation and/or written outline before assigning an additional course.

The Dean, in consultation with the Head, after the Head has consulted with the members of the AAU, shall prepare a statement for the AAU Council's approval detailing an acceptable standard of research/scholarship/creative activity. If approved, the statement shall be applied by the Dean in determining whether a member has achieved the acceptable standard. Should the AAU Council fail to approve a standard that is acceptable to the Dean by December 31, 2005, the matter shall be referred to a meeting of the Dean, the Head and three members of the AAU Council, selected by the AAU Council, and chaired by the Provost, which shall seek an agreement on the standard. If an agreement is reached it shall be presented to the AAU Council for approval. Should the AAU Council not approve the recommended standard, the Provost shall stipulate the standard that will be applied by the Dean.

- (b) At the time that a member is assigned to teach a course delivered by alternative learning technology the member shall be notified in writing by the Dean, after consultation with the Head, of the resources available to the member. The member shall be provided with training in the use of any such resources, where applicable. Training and any other resources shall be made available to the member at least 6 months in advance. No member shall be required to teach using instructional technologies that require simultaneous multiple method content delivery (i.e. Hy-Flex and/or similar approaches), and the refusal to do so shall not be held against a member in any tenure/permanence process.
- (c) The Head, before recommending the assignment of teaching and academic counselling shall consult with each faculty member in the AAU and those members who have responsibilities for coordination of programs.

Each member's teaching assignment shall be based on all relevant factors, including in particular, but not limited to:

- (i) the number of separate courses taught at different times by each faculty member;
- (ii) the number of scheduled contact hours per course;
- (iii) the amount of preparation, grading and administration per course;
- (iv) the number of students enrolled in each course;
- (v) the level (e.g., introductory, upper year, graduate) of each course;
- (vi) the type (e.g., lecture, laboratory, seminar, tutorial, workshop, or other form of delivery) of each course;
- (vii) the training and delivery by the use of alternative learning technology;
- (viii) the assistance of Teaching Assistants and/or Graduate Assistants or colleagues in the teaching of courses;
- (ix) new course preparation and development of materials;
- (x) the amount of intern, clinical, research, thesis, and other academic supervision of undergraduate and graduate students;
- (xi) special factors such as the use of video-conferencing and other emerging instructional technologies;
- (xii) the faculty member's engagement in research/scholarship/creative activity, except for teaching intensive faculty, where no such requirement exists;
- (xiii) the faculty member's engagement in academic service, including committee work and the member's representation on external bodies, provided such representation has been mutually agreed between the member and the Dean, after consultation with the Head;
- (xiv) the faculty member's engagement in activities that disseminate knowledge to the general public on behalf of the University;
- (xv) the faculty member's voluntary engagement in student recruitment;
- (xvi) the faculty member's voluntary engagement in fundraising;
- (xvii) the faculty member's approved teaching, research, scholarly work and service (including racialized, Indigenous, women, visible minorities, sexual/gender minorities, Aboriginal persons, and/or persons with disabilities members' services to their communities) outside of the home AAU;

(xviii) continuing professional education as required for ongoing licensure, and

(xix) academic counselling and mentorship, pedagogical and curricular advising, committee representation, and other labour in support of equity, diversity, and inclusion.

- (d) In the context of the overall workload of the member, the Dean and Head shall endeavour to achieve a just and equitable distribution of teaching assignments among the faculty members in each AAU, and shall relate assignments to the abilities and expertise of faculty members, and to the needs of students in the programs. The Dean, in assigning teaching and academic counselling duties, shall give due consideration to the member's actual and prospective level of involvement in research/scholarship/creative activity (except for teaching intensive faculty, where no such requirement exists), teaching, student supervision and counselling, and to the member's service activities, as indicated in the member's annual *curriculum vitae*.

The Dean shall communicate the procedures for the distribution of graduate and teaching assistants applicable to all instructors in the upcoming academic year.

A greater involvement in research/scholarship/creative activity and/or service may result in the assignment of fewer teaching and counselling duties to a member, to no fewer than two (2) semester courses in the teaching year or six (6) semester courses in the case of a teaching intensive faculty member, provided that the teaching and academic counselling duties which the AAU must carry out can still be accomplished without placing undue burden on the other members. In cases where external awards specifically require teaching release, and the arrangement to compensate the University has been approved by the Dean, such release shall not be unreasonably withheld.

For those faculty whose responsibilities include research/scholarship/creative activity, a lesser involvement in research/scholarship/creative activity may result in the assignment of one (1) semester course beyond the overall average teaching load determined under clause 5:13 in the following circumstances.

If the Dean, after consultation with the Head, proposes to increase the teaching load of the faculty member, the Dean shall give the member an opportunity to provide evidence of an acceptable standard of research/scholarship/creative activity.

In the alternative, the member may present an attainable plan in writing for achieving an acceptable standard of research/scholarship/creative activity. When the plan is acceptable to the Dean, who shall consult with the Head, the Dean shall provide the member a reasonable opportunity and appropriate support, within reasonable limits, to implement the plan.

If, in the preceding academic year, the member was given the opportunity for achieving an acceptable standard of research/scholarship/creative activity as arrived at under 5:08 (a), or if in the current academic year the member does not present a written plan, the Dean shall offer the member the opportunity to make an agreement under 5:07 (e). If agreement under 5:07(e) is not reached, the Dean may alter the distribution of the member's workload by assigning one (1) semester course beyond the overall average teaching load determined under clause 5:13.

- (e) The AAU Head shall provide copies of the teaching assignments for the members in their AAU in public areas of the AAU, and via email. The University shall send a complete copy of the teaching assignments to the Office of the Association. Such copies shall be provided within 14 days of the date on which assignments must be made.
- (f) The AAU Head shall provide copies of the composition of AAU committees in their AAU in public areas of the AAU and via email in a timely manner.

5:09 The AAU Council may recommend enrolment limits for courses annually by December 1st. The Head shall take these enrolment limits into consideration before forwarding their teaching assignment recommendations to the Dean.

- 5:10 (a) a faculty member whose responsibilities include research/scholarship/creative activity and whose teaching duties, as assigned under clause 5:08, include one (1) or two (2) semester courses scheduled during either intercession or summer session will normally have their teaching load reduced in the fall and/or winter semester; any such assignment which includes teaching duties in only one of the two sessions which comprise the summer semester, will be made with the mutual consent of the faculty member and the Dean, after consultation with the Head.

Teaching intensive faculty teaching loads will be distributed over at least two (2) semesters with no greater than four (4) courses in any given semester.

- (b) except in instances involving AAU Heads as detailed under clause 31.03(b), no faculty member may have more than one (1) semester in sequence without teaching duties, except by mutual agreement between the faculty member and the member's Dean, after consultation with the Head;

- (c) nothing in this clause 5:10 precludes any other arrangement which is mutually satisfactory to the faculty member and the member's Dean, after consultation with the Head;
- (d) if one or more courses or sections of a course previously assigned to a faculty member on or before the March 15 deadline is/are cancelled because of lack of student enrolment, the faculty member shall not be held indebted to the University in terms of course load assignments. The faculty member concerned shall be assigned such other responsibilities which as part of their workload within the same semester, unless otherwise agreed by the member, are consistent with the terms of this Agreement and in particular this Article 5. With the agreement of the member, which shall not be withheld unreasonably, an additional course may be assigned to the member in lieu of the cancelled course;
- (e) it is recognized that from time to time a faculty member's teaching responsibilities may be altered no later than two (2) months prior to the start of a semester. Such alterations shall be reasonable and shall be made with the faculty member's consent which shall not be withheld unreasonably.

5:11 No faculty member shall be required to teach overload without their consent. No faculty member shall be required to teach at a location outside the City of Windsor unless the member consents.

5:12 Following the initial assignment of the teaching duties of a faculty member under this Article, changes may be made by the Dean, after consultation with the Head, only as a result of changes in circumstances which could not reasonably have been foreseen at the time of the initial assignment, and after consultation with the faculty member affected. Any such change which constitutes an increase in the teaching load, other than as overload, is subject to all of the other provisions of clauses 5:07 to 5:22, including review by the University Review Committee on Faculty Workloads (URCFW). Should any such change require teaching in a semester which would otherwise have been free of teaching duties for the faculty member, it may be made only with the faculty member's consent. A faculty member returning from leave or extended illness after the beginning of a semester when it is not reasonably possible for them to fulfil their assigned teaching duties shall be assigned such other responsibilities as part of their workload within the same semester consistent with the terms of this Agreement and in particular this Article 5.

5:13 There shall be no increase in the overall average teaching load (defined as including all course assignments and remissions) of an AAU beyond those stipulated in 5:07 (b) unless agreed otherwise by the parties. The workload of teaching intensive faculty members will not be factored into the determination of the overall teaching load in this clause.

5:14 Both the University and the Association agree that one of the objectives of clauses 5:07 to 5:22 is to reduce the number of posted courses throughout the University.

University Review Committee on Faculty Workloads (URCFW)

5:15 There shall be established a URCFW comprising eight (8) persons:

- (a) three (3) to be appointed from among the members of the Senate by the President, including the Provost who shall act as Chairperson;
- (b) four (4) to be appointed by the Association from among the members of the Senate who are not *ex officio* members; and
- (c) a non-voting employment equity/procedures assessor.
- (d) Committees shall fully reflect the values of diversity in composition of members (including the representation of gender, racial, Indigenous, sexual identities, and persons with a disability) and their inclusion in participation, practice, and deliberation. Aspirations for equitable, inclusive, and diverse committee compositions shall be managed by measurement, assessment, and continual improvement.

5:16 The URCFW shall review the teaching assignment(s) of a faculty member or faculty members upon the request of the member(s) and shall consider the following:

- (i) the Dean's reasons for making and Head's reasons for recommending the assignments;
- (ii) the Dean's application of the criteria in clause 5:08 (c) and Head's application of the criteria in clause 5:08 (c) in recommending the assignments;
- (iii) the faculty member's reasons for requesting the review;

and in the case of an assignment of an additional semester course pursuant to 5:08 (d) URCFW shall also consider:

- (iv) the Dean's reasons, after consultation with the Head, for concluding that the member has not maintained the approved standard of research/scholarship/creative activity and has not provided a plan for future

research/scholarship/creative activity that the member has demonstrated as likely to be fulfilled, after having been provided with the opportunity to do so;

- (v) the member's written explanation demonstrating that the member has maintained the approved standard of research/scholarship/creative activity; and
- (vi) any written outline of the member's plan for future research/scholarship/creative activity.

Such requests for review of the teaching assignment(s) must be made to the Chair of URCFW in writing, accompanied by a statement of the basis of the request and supporting documentation on or before April 15 immediately following notification of the assignment(s) or the fifteenth day after notification of the assignment(s) to the faculty member(s), whichever is later. A copy of the request(s) for review and supporting documentation shall be forwarded to the Dean and Head by the Chair of URCFW within seven (7) days of receiving them.

5:17 The Dean, after consultation with the Head, shall provide a written response stating reasons for the decision under review. The written response, together with supporting documentation shall be forwarded to the member(s) at least ten (10) working days before the URCFW is scheduled to convene. Subsequent to receiving the response of the Dean, the member(s) may submit documentation in support of the request to the Chair of URCFW until five (5) working days before URCFW is to be convened. Thereafter and up to, and including the date scheduled for the review by URCFW, only documentation previously unavailable to the Dean or Head or the member(s) at the time they provided their statements and the supporting documentation may be submitted by any one or more of them. All the documentation submitted to the Chair of URCFW under this clause shall be forwarded to the Dean, the Head and the member.

5:18 Any review under clause 5:16 above will include a review of the overall workload of the faculty member(s). The URCFW meeting shall be open to the member(s), the Dean and the Head at all times except for when it is deliberating on its decision under clause 5:19 or when it is deliberating on a procedural decision. The URCFW shall convene at the call of the Chair to conduct the review requested of it and shall hear the representations from the member(s) and from the Dean or the Head. The member(s), the Dean and the Head shall furnish or cause to be furnished all information and documentation within their control as may be required by URCFW in carrying out its review of the member's (s') request. The order of presentations to the URCFW shall be as follows: the member(s) shall present the basis of the request for review; the Dean or the Head shall present the basis for the assignments; the member shall have an opportunity to respond. The member(s) may be accompanied at the URCFW hearing by an observer appointed by the Association.

5:19 After the review the URCFW shall, in a majority decision,

- (i) confirm the teaching assignment for the faculty member(s), or
- (ii) vary the teaching load of the faculty member or faculty members in order to achieve a just and more equitable workload, subject to the provisions of Article 5:07 (b).

5:20 Except as hereinafter provided the decision of the URCFW shall be binding upon the parties and shall be implemented by the Dean or Head. The decision shall be given in writing to the parties concerned no later than thirty (30) days after the written request made under clause 5:16 above.

5:21 Recourse to the grievance and arbitration procedures in this Agreement in cases of confirmation or variation of teaching assignment by the URCFW is limited to instances where it is alleged that the confirmation or variation:

- (a) involves discrimination within the meaning of Article 11 or a breach of Article 12 of this Agreement, or
- (b) involves violation of academic freedom within the meaning of Article 10 of this Agreement, or
- (c) involves a procedural irregularity or defect in the application of, or failure to apply, the appropriate procedures, or
- (d) is not just and equitable.

Grievances arising from the confirmation or variation of teaching assignment by URCFW shall commence at Step 3.

5:22 The parties agree that arbitration proceedings under clauses 5:07 to 5:21 shall be referred to a single arbitrator under clause 39:14 of this Agreement.

Rights, Duties and Responsibilities in Respect of Teaching and Academic Counselling

5:23 A member may select and use those teaching and support materials as well as those specific instructional techniques and technologies which the member believes to be appropriate. However,

- (a) this selection and usage must be consistent with the policies and guidelines in force at the time the selection is made;

- (b) resources required for techniques and technologies selected must already be available to a member's AAU; and
- (c) this selection and usage must advance the goal of effective learning.

5:24 The rights of a faculty member in respect of teaching and academic counselling shall be as follows:

- (q) to accept a fair and equitable share of student academic advising responsibilities.

Rights, Duties and Responsibilities as a Scholar Researcher

- 5:26 Scholarly and research activity conducted by a faculty member, except for teaching intensive faculty, where no such requirement exists, shall be directed to the objectives of increasing knowledge and understanding, improving the scholarly competence of the teacher and of initiating students, insofar as possible, into the academic discipline.
- 5:27 While the nature and extent of the endeavours of each faculty member may vary, a faculty member shall have the right and responsibility to devote a reasonable proportion of their time to research, scholarly and creative activity as evidenced through publication, public lectures or other appropriate means, except for teaching intensive faculty, where no such requirement exists. Class lectures shall not be considered to be the dissemination of research. The University agrees to provide as far as is practicable adequate facilities for research and scholarly activities.
- 5:28 Subject to clause 5:30, a faculty member shall be free to disseminate the results of their research through publications, public lectures, conference presentations and other appropriate means and shall endeavour to publish the results of their scholarship except where they consider that bona fide academic, moral and/or ethical reasons exist for withholding publication.
- 5:29 A faculty member shall, where appropriate, in their scholarly works acknowledge their affiliation with the University and any reliance on the work and/or assistance of others.
- 5:30 Where a faculty member undertakes to do research and the terms of the contract and/or research funding compel the member to withhold dissemination of that research, then such research shall not constitute scholarly or research activity for purposes of this Agreement, unless and until the research is disseminated through publication, public lectures, conference presentations and other appropriate means or unless the Provost agrees otherwise, whichever occurs first.
- 5:31 Annually on July 15, each faculty member and sessional lecturer shall provide in writing, or electronically, on a template to be provided by the University, to the Provost, and the Dean, with a copy to the Head, a complete current *Curriculum Vitae* as provided for in Schedule "A".
- 5:32 In order to make recommendations respecting career progress the Head, or in the case of a Head, the Dean, shall complete performance reviews as required in the Senate Bylaws. Members may submit publications and other evidence of research/scholarship/creative activity/service prior to their employment at the University as part of their performance review. In addition, the Head, or in the case of the performance review of a Head, the Dean, shall complete a performance review for tenured professors, ancillary academic staff with permanence and librarians with permanence every three (3) years. In the case of a cross-appointment under Senate Bylaw 20, each cross-appointed member shall have a primary AAU, and the AAU Head of the primary AAU, shall have the responsibility for conducting the performance review in accordance with clause 31:02 (n). In so doing the Head, or in the case of a Head, the Dean, shall consider, in respect of a faculty, ancillary academic staff or librarian member, appropriate criteria, including the provisions of this Agreement and any criteria agreed by the AAU Council. If the conclusion of a performance review in respect to a faculty, ancillary academic staff or librarian member who has tenure or permanence as the case may be, is that the performance is unsatisfactory, such faculty, ancillary academic staff or librarian member shall be reviewed annually until the result is that the performance is satisfactory, at which time performance reviews will be conducted on a triennial basis. In the event of an unsatisfactory review, along with a copy of the review and at the same time, the member shall be given a letter from the Dean detailing the potential consequences of an unsatisfactory review.

The performance review shall be in writing and shall be completed by October 1 and shall be placed in the faculty, ancillary academic staff or librarian member's personnel file. Each faculty, ancillary academic staff or librarian member who has received a performance review under this Article, within five working days of being informed of the contents of the review, shall have the right to make a written response which shall also be placed in the member's file. In conducting the performance review the Head, or in the case of a Head, the Dean, shall review the faculty, ancillary academic staff or librarian member's current *Curriculum Vitae* and any other material that the faculty, ancillary academic staff or librarian member and Head, or in the case of a Head, the Dean, may agree is relevant to the review. The Head, or in the case of a Head, the Dean, shall make such recommendations for promotion, tenure or renewal or about the

future performance of the person receiving the review as may be pertinent to the faculty, ancillary academic staff or librarian members carrying out their duties under this Agreement.

- 5:33 A faculty member in pursuing their research responsibilities shall not exploit in any manner students under the member's supervision by requiring participation beyond that which is the requirement for academic credit.

Other Rights, Duties and Responsibilities

- 5:34 Faculty members are required to work safely and to report all unsafe or unhealthy conditions and are expected to take every precaution reasonable in the circumstances respecting the safety and health of co-workers and students by abiding by all legal requirements regarding health and safety as they relate to the discharge of their duties pursuant to this clause.
- 5:35 A faculty member shall have the right and responsibility, where eligible, to serve as a member of AAU or Faculty councils and committees and, where eligible, in duly constituted bodies under the University of Windsor Act and/or this Agreement when called upon to do so or when elected to such bodies. In exercising these rights and fulfilling these responsibilities, a faculty member shall not act so as to infringe the academic freedom of any other faculty member.

Outside Activities

- 5:36 Consistent with their responsibilities to the University, a faculty member shall have the right to participate in the activities of the member's profession, professional association(s), learned society(ies), professional advisory boards or professional committees. A member is encouraged to participate in outside activities referred to in this clause 5:36 that will enhance the standing both of the member and of the University.
- 5:37 A faculty member may engage in outside professional activity or act in a consulting or advisory capacity to public, private, or community clients, recognizing that outside professional activities, including those which support designated groups, can bring lasting benefits to and enhance the reputation of the University, the capacities of members, and the broader community as a whole. Furthermore, meaningful engagement with the public, private sectors, and communities offer a desirable means whereby the member may relate their professional activities and teaching to current practice, trends and developments, and thereby secure stimulation and experience valuable to their continued growth in their field of special interest and expertise and in enriching their educational services, subject to the following:
- (a) such professional activity shall not conflict or interfere with the fulfilment of the member's duties and responsibilities to the University as provided in this Agreement;
 - (b) the University may be the vehicle for outside professional activities or consulting by being a party to the contract. Under those circumstances, certain University services (such as payroll, accounts payable) would be made available to the individual faculty member in performing the activity/consulting. In those circumstances where the University is not the vehicle for outside professional activities or consulting by being a party to the contract, a member shall not devote more than an average of three (3) work days or equivalent per month, not to exceed thirty-six (36) days during normal University business hours to such activities in any academic year;
 - (c) such professional activity shall not reflect adversely or be to the detriment of the University;
 - (d) a written statement (subject to the rules of professional confidentiality) of the nature, scope and extent of any professional activity or action in a consulting or advisory capacity shall be given by the member to the Dean and Head who shall assess compliance with clause 5:36 and this clause 5:37;
 - (e) the University shall be reimbursed for supplies, equipment, facilities and space used in connection with the professional activity, except that University activities shall have priority in such use;
 - (f) the name of the University or the University letterhead shall not be used in correspondence between a faculty member and the member's client, or in any report the member may submit, and the name of the University shall not appear in any publicity or commercial presentation of the results of the consulting work nor shall the faculty member represent themselves as an agent of the University, except where the University is a party to the contract. If the University is not a party to the contract, the faculty member shall ensure the client does not consider the member as an agent of the University.

Rights, Duties and Responsibilities in Respect of Other Assigned Duties

- 5:38 Clauses 5:01 to 5:37 inclusive apply *mutatis mutandis* to activities such as coaching, program direction, play direction, staging of musical programs and athletic events whenever these are assigned duties for faculty members.

Rights, Duties and Responsibilities of Ancillary Academic Staff

- 5:39 When the duties mentioned in clause 5:38 are assigned to ancillary academic staff members of the bargaining unit, clauses 5:40 to 5:52 concerning rights, duties and responsibilities shall apply to such members.

- 5:40 An ancillary academic staff member in fulfilling their duties and responsibilities shall deal ethically and fairly with colleagues and students and shall respect appropriate principles of confidentiality.
- 5:41 Ancillary academic staff members are normally engaged on a full-time yearly basis from July 1 to the subsequent June 30.
- 5:42 An ancillary academic staff member shall be entitled to four (4) weeks vacation per year and may take part or all of their annual vacation at a time which shall be mutually agreed with the Dean or the Dean's delegate/designate.
- 5:43 The parties recognize that the overall workload of ancillary academic staff members will be as contained in the member's job description.
- 5:44 The Dean or the Dean's delegate/designate after consultation with ancillary academic staff member(s), will assign and schedule all duties and shall advise each ancillary academic staff member in writing of the member's assignment. Workload assignment will normally be made by March 15 to take effect on July 1 of each year. Any further changes to workload shall be by mutual agreement between the member and the Dean or the Dean's delegate/designate. The Dean will provide a complete copy of the workload assignments to the Office of the Association on or before the deadline for notifying ancillary academic staff members of their assignments.
- 5:45 When ancillary academic staff members are assigned teaching duties, commencing in the 2022/2023 academic year, the maximum teaching load for an ancillary academic staff member hired after July 1, 2011 who teaches shall be four (4) courses. All renewal, promotion and tenure decisions shall be made in accordance with the procedures for achieving employment equity adopted by the Senate. A reasonable effort shall be made to specify the criteria to be used and to communicate them to faculty members.
- 13:02 The criteria for renewal of appointment, promotion, and granting of tenure of faculty members shall continue to be as adopted and applied by the Senate, and in consideration of the appointment type, position title, and job-derived criteria. Materials that demonstrate that the criteria for renewal, promotion or tenure processes are met are at the discretion of the member. Nevertheless, where good and sufficient reasons are demonstrated, the time limits may be extended in order to accommodate such reasons. However, the body or person initiating any such extension shall give due advance notice of the extension and the reasons therefore to the body or person directly affected by the extension.

- 13:05 (a) UCAPT shall not make a negative recommendation on renewal, promotion and/or tenure without first notifying the candidate in writing of its concerns in detail (which includes all relevant documentation provided by the AAU Head to UCAPT, a copy of any current UCAPT letter to the AAU Head requesting a clear indication of issues and concerns, a copy of the response which the Head of the AAU shall be required to submit in writing to UCAPT, copies of all supporting documentation including contents of confidential letters with the author's identity remaining confidential) and affording the candidate an opportunity to make a presentation before UCAPT.
- (b) A candidate who is being considered for promotion or early tenure may elect to withdraw their name from consideration by UCAPT.
- (c) In those exceptional cases where UCAPT overrides the positive recommendations of the AAU Committee on Promotion and Tenure, the Chair of UCAPT shall provide reasons in writing for this action to both the AAU Head and the faculty member concerned.
- (d) For purposes of UCAPT reviews on renewal, promotion or tenure, the Employment Equity/Procedures Assessor(s) shall be EDI competent and appointed by the mutual agreement of the Chair of UCAPT and the President of the Faculty Association from amongst those persons on the list of Employment Equity/Procedures Assessors who have served at least three years (3) as Assessors on an AAU Promotion and Tenure Committee.
- 13:06 A member who opts to appear before the Promotion and Tenure Committee at either the AAU or UCAPT level shall have the right to be represented by the Faculty Association. Indigenous members may additionally be accompanied by an Indigenous Elder or Traditional Knowledge Carrier/Keeper at the member's request, and whenever possible, those accompanying will be granted access to the member's dossier at least seven (7) working days before such meeting. The representative shall have the same rights and role in the proceedings as the member.

13:07 The recommendation of the President, or the President's failure to make a recommendation to the Board of Governors under clause 13:04 of this Agreement, shall be subject to the arbitration procedures set forth in Article 39 of this Agreement.

Recourse to arbitration shall normally be related to the following, but not limited to them in cases where the Faculty Association can demonstrate a justifiable reason for requesting Arbitration on some other ground:

- (a) involves discrimination within the meaning of Article 11 or involves a breach of Article 12,
- (b) involves violation of academic freedom within the meaning of Article 10 of this Agreement,
- (c) involves procedural irregularity or defect in the application of, or failure to apply, the appropriate Senate procedures sufficient to justify quashing the decision,
- (d) is contrary to the University Committee on Academic Promotion and Tenure (UCAPT) recommendation on the merits of the case, or
- (e) involves the unequal application of the currently prevailing norms for promotion and tenure within the University.

The decision of the arbitration board shall be final and binding upon the faculty member and the parties.

13:08 A candidate for Promotion or Renewal may appeal the findings of fact on which the letter from UCAPT is based, without appealing the UCAPT recommendation. In such cases normal grievance procedures shall apply.

II. Renewal of Appointments, Promotion and Permanence of Librarian Members

13:09 The University and the Faculty Association agree with the principle that the basis for promotion is the performance of the individual determined on the basis of job-derived criteria. All renewal, promotion and permanence decisions shall be made in accordance with the procedures for achieving employment equity adopted by the Senate.

13:10 The criteria governing the renewal of appointment, promotion and granting of permanence for librarian members shall be as described in clause 13:11. The criteria may be amended from time to time by the University Library Administrative Committee (ULAC) on the recommendation of the Librarian Criteria Committee composed of the University Librarian, the Law Librarian, and three (3) librarian members elected from and by the members of the University Library and Law Library. The ULAC-approved criteria shall be forwarded to the University Committee on Renewal, Promotion, and Permanence for Librarian Members (UCRPPLM) for approval prior to being applied to an applicant for renewal, permanence and promotion. In the absence of approved criteria and standards, the UCRPPLM shall establish and apply its own criteria consistent with Article 13. Such criteria must not systematically discriminate against designated groups, including Black, Indigenous, or racialized members, and shall be reviewed to ensure that they do not undervalue work which is done predominantly by members of these designated groups.

Criteria for Reappointment, Promotion and Granting of Permanence for Librarian Members of the University of Windsor

13:11 The basic quality which must be evident for reappointment, the granting of permanence, and the awarding of promotion is excellence and achievement in position performance and hence support of the teaching and research objectives of the University of Windsor. In this context, a librarian practices their profession through activities such as the selection, acquisition, and preservation of Library materials; the bibliographical control of these materials; the accessibility of the collection to users; the provision of instruction in using the Library's resources; and the planning and development of Library Systems; and the respectful inclusion of Traditional Knowledge Systems. All the foregoing areas of activity rank in equal value.

Accordingly, paramount consideration in the granting of reappointment or permanence and the awarding of promotion shall be given to the candidate's performance and service in the candidate's assigned position(s).

Secondarily, due recognition shall be given for an appropriate combination of: valuable professional and related academic contributions to the University, professional and related academic achievement, and service to the community, particularly since such contributions are not a requirement of the applicant's position, and are made outside normal working hours. Research or creative work should be rewarded, recognizing the limitations on such activities because of scheduled demands on time and energy.

The evaluation should be qualitative and quantitative, with evidence of continued efficient and effective endeavour. Evaluation should be made in comparison with the activity and quality appropriate to the candidate's specialty.

In the granting of renewal of appointment and in the awarding of promotion, experience shall only be taken into consideration insofar as it represents growth on the job in terms of increased knowledge, skills, and competence.

Permanent appointment shall be granted to a candidate with a demonstrated standard of performance and ability consistent with the criteria for the member's rank and position and with potential for future development and contribution to the Library and to the University.

General Criteria

13:12 While the following principles do not form an exhaustive list, they do serve as indicators.

1. Performance in the area of the candidate's assigned responsibility. Promotion is a recognition of merit primarily based on excellence and achievement in position performance. Assessment would take into account:
 - (a) professional competence as demonstrated by knowledge applied within the position in an effective and efficient manner on an on-going basis;
 - (b) ability to communicate and interact effectively and co-operatively with all colleagues and patrons;
 - (c) ability to relate the member's functions to the overall goals of the Library and of the University;
 - (d) ability to take initiative and to be innovative;
 - (e) special skills and aptitudes (e.g., linguistic ability) which are utilized in the performance of the member's duties.
2. Broad Professional Initiative, including committee and administrative activity, as indicated by:
 - (a) supervision, or co-ordination, of Library personnel or activities;
 - (b) demonstrated administrative ability and capacity for administration;
 - (c) service and leadership in Library-wide and University affairs.
3. Professional and Related Academic Activities: Relevant research activity including bibliographic research and creative work should be rewarded. This may be indicated by:
 - (a) publication of books, articles, reviews, and reports of a scholarly or instructional nature, and relevant contributions of a creative nature, as well as consideration of the extent of the candidate's intellectual activity in support of the research activities of others;
 - (b) formal study taken to broaden and/or improve language or relevant professional subject knowledge;
 - (c) study for relevant advanced professional and/or related academic qualifications;
 - (d) active participation in professional associations; service in support of equity, diversity and inclusion including but not limited to anti-racism education, anti-oppression education;
 - (e) efforts for professional growth through further study (including attendance at workshops);
 - (f) contributions in matters of Library administration (e.g., Committee work).

To qualify for reappointment at this rank the candidate shall have met appropriate professional requirements, show potential for further successful performance, and promise of future professional activity and related academic activity as may be required.

Librarian II

As a primary criterion for reappointment or promotion to this rank, a candidate shall have a record of successful performance as a Librarian. The nature of the candidate's responsibility is to be considered, e.g., supervisory responsibility, subject area or language specialization, instructional duties. It is expected that successful candidates will have shown the capacity to develop and extend their professional and related academic expertise.

Librarian III

To qualify for appointment or promotion to this rank, the candidate must submit evidence of continuing effective and efficient performance. As well as making an outstanding contribution to the Library and to the University, the candidate must submit evidence of outstanding achievement in one or more of the following areas: professional endeavours, including significant involvement in professional organizations; additional service to the Library and/or the University community. Besides having attained a high level of professional expertise, the candidate should be considered likely to continue to fulfil a vital role in the institution.

13:14 Permanence at any of the above ranks is achieved by the fulfilment of the criteria in 13:09 to 13:13 above over an appropriate period of time, and certainly by the maximum periods in clause 12:17 in this Agreement.

13:15 Renewal of appointment, promotion, and granting of permanence is by action of the Board of Governors on the recommendation of the President who, before making such recommendation, shall consult either of the following Committees:

(a) Renewal, Promotion and Permanence Committee for University Librarian Members (RPPCULM) consisting of the following:

- 13:17 No member of the librarian member staff, except as specified in this clause will be eligible to serve as a member of any Committee on Renewal, Promotion and Permanence for the purpose of renewal, promotion and permanence, if they, or a sibling, spouse, child or dependent, is a candidate for promotion and/or the granting of permanence in that year. Any member of the committee who is on a probationary contract shall absent themselves from the discussions of the Committee while the member's case is being considered and voted upon.
- 13:18 If the University Librarian, or Acting University Librarian, Law Librarian or Acting Law Librarian, Associate University Librarian or Acting Associate University Librarian, (or a sibling, spouse, child or dependent) is a candidate for renewal, promotion and/or granting of permanence, their case will not be considered by the relevant Committee on Renewal, Promotion and Permanence, but will be referred to the President who will appoint a special committee to report directly to the University Committee on Renewal, Promotion and Permanence for librarian members. In such cases the candidate for renewal, promotion or the award of permanence will not be eligible for membership on the University Committee on Renewal, Promotion and Permanence for librarian members, but the candidate may serve where appropriate on the relevant Renewal, Promotion and Permanence Committee for University librarian members or Law librarian members.
- 13:19 Procedures followed in the appropriate Senate Committee(s) on Promotion and Tenure of faculty members, as well as protections concerning renewals, promotion and granting of tenure afforded to faculty members by this Agreement, shall apply *mutatis mutandis* to the renewal of appointments, promotion and granting of permanence of librarian members. Where a time limit is stipulated in a procedure as outlined in the Senate Bylaws or this Agreement for a promotion and tenure decision, the administration and all persons and/or bodies bound by the time limit shall take appropriate steps to ensure that the time limit is adhered to strictly. Nevertheless, where good and sufficient reasons are demonstrated, the time limits may be extended in order to accommodate such reasons. However, the body or person initiating any such extension shall give due advance notice of the extension and the reasons therefore to the body or person directly affected by the extension.
- 13:20 A member who opts to appear before the Promotion and Tenure Committee at either the AAU or UCRPPLM level shall have the right to be represented by the Faculty Association.
- The representative shall have the same rights and role in the proceedings as the member.
- 13:21 The recommendation of the President or the President's failure to make a recommendation to the Board of Governors under clause 13:15 of this Agreement shall be subject to the arbitration procedures set forth in Article 39 of this Agreement.
- Recourse to arbitration shall normally be related to the following, but not limited to them in cases where the Faculty Association can demonstrate a justifiable reason for requesting Arbitration on some other ground:
- involves discrimination within the meaning of Article 11 or involves a breach of Article 12 of this Agreement;
 - involves violation of academic freedom within the meaning of Article 10 of this Agreement;
 - involves a procedural irregularity or defect in the application or failure to apply the procedures set out in clauses 13:07 through 13:21 inclusive, sufficient to justify quashing the decision;
 - is contrary to the University Committee on Renewal, Promotion and Permanence for librarian members recommendation on the merits of the case; or
 - involves the unequal application of the currently prevailing norms for promotion and permanence within the University.

The decision of the arbitration board shall be final and binding on the librarian member and the parties.

III. Confirmation and Renewal of Appointments and Promotion of Ancillary Academic Staff Members

- 13:22 The University and the Faculty Association agree with the principle that the basis for the confirmation of probationary appointments, the renewal of appointments, promotion and the granting of permanence is the satisfactory performance of the individual determined on the basis of job-derived criteria, and further that such confirmation, renewal, promotion and/or permanence shall be in accordance with the goals, objects and purposes of the University.
- 13:23 (a) The paramount consideration for such confirmation, renewal, promotion or permanence shall be the candidate's performance and service in the candidate's assigned position(s) taking into account, where relevant according to the terms of a member's job description, professional and related academic contributions to the University, professional and related academic achievement, and service to the campus community, and to Indigenous communities/organizations.

ARTICLE 14 DISTRIBUTED TEACHING RESPONSIBILITIES, TRANSITIONAL APPOINTMENTS, RETRAINING LEAVES, REDEPLOYMENT, REDUCED RESPONSIBILITY, VOLUNTARY CONTRACT TERMINATION AND EARLY PARTIAL RETIREMENT

Distributed Teaching Responsibilities

- 14:01 Clauses 14:01 to 14:06 apply to faculty members who hold an appointment in a primary AAU. Such members shall enjoy all rights and privileges and shall retain specific responsibilities within the member's primary AAU. Normally at least half a member's teaching load will be in the primary AAU.
- 14:02 The parties realize that benefits can be achieved through distributed teaching, that is to say, teaching outside of the primary AAU. Distributed teaching shall require the agreement of the member.
- 14:03 A faculty member may apply for, or may be requested by the member's Dean to undertake, distributed teaching for one (1) specific course for a series of years and/or two (2) specific courses for up to three (3) teaching years in AAU(s) other than the primary AAU. In that event, the procedures for appointment to a secondary AAU need not be applied. However, distributed teaching shall require the agreement of the member, the Dean(s) and the Heads affected by the assignment. Where two (2) specific courses are to be taught in another AAU, the Heads affected shall obtain approval of their respective AAU Councils. Should the distributed teaching be in a program not administered by an AAU, agreement of the chair of the program committee is required as well.
- 14:04 For any distributed teaching arrangement not set forth in clause 14:03, the member shall be appointed to other AAU(s) in accordance with Senate Bylaws for appointment to secondary AAU(s).
- 14:05 The member is entitled to have all contributions, whether they occur in the primary AAU or elsewhere, appropriately recognized in all evaluative procedures. A member shall not be disadvantaged in the member's primary AAU because of distributed teaching responsibilities.
- 14:06 The member shall have the right of appeal to the University Review Committee on Faculty Workloads (URCFW) under clause 5:16 of this Agreement, and shall have recourse to the normal grievance and arbitration procedures under clause 5:21 of this Agreement.

Transitional Appointments

- 14:07 The parties recognize that certain individual members may wish to pursue a second career opportunity, and the University may have staffing needs in areas where such opportunities are available. One method of accommodating such interests may involve transitional appointments. It is agreed that such transitional appointments shall be made in a collegial and non-discriminatory manner, and both parties recognize that such appointments shall be voluntary.
- 14:08 It is understood that a transitional appointment involves the teaching of one-half or more of the member's teaching load in a host AAU for a term of not more than five (5) years.
- 14:09 A member having a regular appointment with tenure may apply to the member's home Dean for a transitional appointment. The home Dean shall consider the application with the appropriate Heads and other Dean (if any) in the light of the operational needs of the AAU(s). The home Dean shall forward the application with the Dean's recommendation to the Provost. A copy of the application shall be sent to the President of the Faculty Association. The Provost shall refer the application through the host Dean to the host AAU and no application shall be processed further until the application has been approved by the host AAU in accordance with clause 14:14. The Provost shall inform the member in writing of the final decision concerning the member's application for transitional appointment within sixty (60) days of the submission of the member's application to the Provost and, if affirmative, the specific rights and responsibilities (including a schedule setting out the dates on which the member shall assume duties in the host AAU, and the provisions for retraining, if any) assigned to the member in the home and/or the host AAU(s). No member shall be required to accept a transitional appointment, but once a transitional appointment has been approved, a member shall have thirty (30) days from receipt of the written decision to either accept or reject the terms of the transitional appointment. A transitional appointment shall normally begin on any July 1 or January 1 and end on any June 30 or December 31. The limitation periods may be extended by mutual agreement of the Provost and the member involved.
- 14:10 A member on a transitional appointment shall continue to have the same status, seniority, and other rights, privileges and benefits as if the member held a regular continuing appointment, including the Normal Salary and benefits and other matters affecting the status of members.
- 14:11 The member is entitled to have all contributions in both the host and the home AAU (if applicable) appropriately recognized in all evaluative processes.
- 14:12 The member or the University may terminate the member's transitional appointment to a host AAU at any time up to one hundred and eighty (180) days prior to the end of the term of the transitional appointment by written notice to the other party. Such termination is to be effective on any June 30 or December 31 during the five (5) year term following notice of termination. If the member's appointment to the host AAU is terminated in accordance with this clause 14:12 or otherwise by agreement between the member and the University at or before the end of five (5) years, the member shall return as of right to the member's home AAU and shall be treated except as set out in clause 14:11 for all purposes as if the member held a regular continuing appointment in the home AAU.
- 14:13 Not later than eighteen (18) months prior to the end of the 5 year term the member shall elect to either remain in the home AAU or apply in writing to become a permanent member in the host AAU and cease to be a member of the home AAU. An application to become a permanent member of the host AAU shall be made to the Dean of the host AAU and such appointment shall be made subject to clause 14:14.
- 14:14 No faculty member shall be appointed to a host AAU in contravention of specific terms of this Agreement governing appointments or Senate procedures governing appointments as set out in Senate By-Law 20.

Retraining Leaves

- 14:15 The parties recognize that certain individual members may wish to upgrade their professional qualifications or pursue a second career opportunity. One method of accommodating such interests may involve retraining leave. It is agreed that such retraining leaves shall be granted in a collegial and non-discriminatory manner, and both parties recognize that such leaves shall be voluntary.
- 14:16 A retraining leave shall be granted for the purpose of upgrading a member's professional qualifications with a view to enhancing the member's potential to contribute to the continuance and excellence of the program(s) in the member's present AAU.
- 14:17 A member holding a regular appointment with tenure may apply to the member's Dean for a retraining leave. Where the retraining leave is for the purpose of upgrading, the Dean shall consider the application with the appropriate Head in the light of the operational needs of the AAU and shall forward their recommendation to the Provost. The University may also invite the member to apply for a retraining leave in accordance with the provisions of this clause. A copy of the application shall be sent to the President of the Faculty Association.
- 14:18 The Provost shall inform the member in writing of the final decision concerning the member's application for retraining leave within sixty (60) days of submission of the member's application, and, if an affirmative decision is made, the specific rights and responsibilities and scheduling thereof to be assigned to the member. In addition, the Provost shall

inform the member of the level of reimbursement by the University of expenses incurred by the member for tuition, books and supplies, and travel as appropriate.

- 14:19 No member shall be required to accept a retraining leave, but once a retraining leave has been approved, a member shall have thirty (30) days from receipt of the written decision to either accept or reject the terms of the retraining leave. A retraining leave shall normally begin on any July 1 or January 1 and end on any June 30 or December 31.
- 14:20 A member on retraining leave shall continue to have the same status, seniority and other rights, privileges and benefits as if they held a regular continuing appointment except for salary. The salary remuneration paid to a member on retraining leave shall normally be equivalent to seventy-five percent (75%) of the member's Nominal Salary. In exceptional circumstances, the University may at its discretion grant retraining leave to up to three (3) members per academic year at one hundred percent (100%) of the member's Nominal Salary. During the member's retraining leave, a retrainee shall be deemed to continue to be in the employ of the University and shall continue while on retraining leave to be entitled to all benefits provided to other members. Time spent on retraining leave shall be included and credited as periods of University service in all matters including questions pertaining to promotion, retirement and seniority. Premiums for all benefits, as provided by this Collective Agreement, and all other fringe benefit plans shall continue during retraining leave(s) without interruption and on the same basis as during normal employment. Payments into the University Retirement Plan shall be calculated on the basis of the retrainee's Nominal Salary or their retraining salary allowance at the option of the retrainee. It is clearly understood that any rights to levels of participation or participation in the Plans outlined in this Article are conditional upon the Plans so permitting.
- 14:21 The time spent on retraining leave shall not be counted or credited toward qualifying time for sabbatical leave purposes. It is agreed and understood that years of entitlement service toward sabbatical leave accumulated shall be taken into consideration by the parties in determining future eligibility for sabbatical leave(s). However, those members who are granted a retraining leave at one hundred percent (100%) of their Nominal Salary, as set out in clause 14:20 of this Article, shall not forfeit any years of entitlement service toward sabbatical leave.
- 14:22 The member shall transmit to the Provost or such person as the Provost may nominate, reports of the studies the member is pursuing at such intervals as the Provost shall specify at the same time as the notification of the University's final decision as set out in clause 14:18 of this Article.
- 14:23 The member is entitled to have all contributions made during the period of retraining leave appropriately recognized in all evaluative processes.
- 14:24 No member may apply for both retraining leave and sabbatical leave in the same academic year.

Redeployment

- 14:25 The parties recognize that changes in enrolment levels and patterns, and in priorities among programs and/or courses, or preferences of members influence the use and allocation of the human and financial resources of the University. Consequently, the parties recognize that it may be necessary to facilitate such adjustments through the retraining for redeployment, and/or redeployment within the University of members of the full-time faculty and full-time librarian members. The parties also recognize that a member's contributions to the teaching, research or creative activity of the University may better meet the needs of the member and University with a redeployment. No member's contract of employment shall be terminated and no members shall be laid off except as provided by Articles 15 or 16 and no member shall be redeployed as the result of the use of alternative learning technology. The Faculty Association has the right to represent a member through all stages of the redeployment process.
- 14:26 A proposal for redeployment of a member may be initiated by the University by giving the proposal to the member affected, or by a member by giving the proposal to the University. In the event the University makes a proposal for redeployment, the member shall have thirty (30) days in which to respond, after which the Provost shall, within a further sixty (60) days of receipt of the response notify the member concerned of the University's final decision and, where appropriate, of terms and conditions of the member's redeployment. In the event that a member makes a proposal for redeployment, the University shall have sixty (60) days in which to notify the member concerned of the University's final decision and, where appropriate, of terms and conditions of the member's redeployment.
- 14:27 If a retraining program is required for redeployment, the terms and conditions of this program shall be set by mutual agreement. The Provost shall inform the member in writing of the final decision concerning the member's application for the retraining program within sixty (60) days of submission of the member's application, and, if an affirmative decision is made, the specific rights and responsibilities and scheduling thereof to be assigned to the member. In addition, the Provost shall inform the member of the level of reimbursement by the University of expenses incurred by the member for tuition, books and supplies, and travel as appropriate.
- 14:28 In the case of a retraining program for the purpose of partial redeployment the home Dean shall consider the application with the appropriate Head(s), or in the case of a library, the Associate University Librarian, in the light of the operational needs of the AAU(s) or Library.

Where the partial redeployment involves another Faculty or Library the home Dean shall forward the home Dean's recommendation to the host Dean who shall forward the application with host Dean's recommendation to the Provost.

Where the partial redeployment does not involve another Faculty the home Dean shall forward the home Dean's recommendation to the Provost.

In the case of a retraining program for the purpose of full redeployment the home Dean shall be informed and the host Dean, where the redeployment involves another Faculty or Library, shall consult the appropriate Head(s), or in the case of a library, the Associate University Librarian. The host Dean or the home Dean, where the redeployment does not involve another Faculty, shall forward the application with their recommendation to the Provost.

A proposal shall be in writing and shall include a statement of the terms thereof considered agreeable by the University in the case of a proposal initiated by it, or by the member in the case of a proposal initiated by the member. The proposal must be reasonable, taking into account, among other things, the member's field of expertise and the requirements of a particular receiving AAU or Library.

14:29 A proposal/program for retraining for redeployment may involve among others the following:

- (a) part-time courses within the University;
- (b) unpaid leave of absence to develop an expertise in a particular field;
- (c) part-time teaching and part-time study within the University with full salary and benefits;
- (d) part-time teaching within the University and part-time study outside the University with full salary, benefits and tuition;
- (e) partial leave to study within the University with full salary and benefits (full-time for part of a year, e.g., a term);
- (f) partial leave to study outside the University at full salary and tuition (full-time for part of a year, e.g., a term);
- (g) use of a sabbatical leave for retraining purposes (with or without supplement in salary and tuition);
- (h) early granting of sabbatical leave for redeployment;
- (i) study leave at partial salary;
- (j) study leave at full salary, failing other viable alternatives.

14:30 A proposal for redeployment may involve an appointment to another AAU or Library or a cross appointment or joint appointment or hybrid appointment to other AAU(s) or Library or non-program based academic area. The redeployment proposal must be reasonable and take into account, among other things, the member's field of expertise and the requirements of the AAU or Library or area receiving the member, the preference of the member, the requirements of the home AAU or Library and the priorities of the University.

14:31 A proposal for redeployment outside the bargaining unit shall not be implemented without the consent of the member. Where a member is redeployed outside the bargaining unit, they shall retain the rights of a member under this Article for a three (3) year period. In the event that any position outside the bargaining unit to which the member is redeployed is eliminated and the member is not further redeployed in accordance with this Article, the member may return to the bargaining unit with status no less than that held at the time of redeployment out of the bargaining unit and with a salary no less than that being received in the position outside the bargaining unit which has been eliminated. Nothing in this clause affects an assignment of duties not normally performed by members of the bargaining unit, and where acceptable to both parties, the University recognizes the member shall continue to be a member of the bargaining unit for all purposes.

14:32 No member shall be appointed to a host AAU or Library in contravention of Senate procedures governing appointment as set out in Senate Bylaw 20, or in contravention of procedures governing appointment for librarian members as set out in this Agreement.

14:33 A member receiving notice that the University intends to implement a proposal for redeployment may grieve under Article 39 at step 3 on the grounds that the proposal for that member is either unreasonable and/or unnecessary.

14:34 A member receiving any benefits hereunder should return to service with the University for a period of at least one (1) year (unless causes beyond the member's control prevent this), except as the University waives such obligation.

14:35 The provisions of this Article shall not exclude the making of any other arrangements for upgrading and redeployment which do not involve a leave period. It is agreed and understood that such arrangements must be mutually agreed upon and shall not involve a reduction in the member's annual salary. The University shall give the Association reasonable notice of any proposal, including the terms thereof and the timetable for implementation.

14:36 In the event of the dissolution of an AAU or of a program(s) within an AAU in accordance with a Senate Bylaw, a member with tenure or permanence may apply for a retraining program and the University shall, having regard to the member's potential to contribute to the excellence and continuance of the program(s) of a host AAU, not unreasonably deny a request for such program.

Reduced Responsibility

14:37 Reduced responsibility is either a permanent or temporary reduction in the normal overall workload, including teaching, research or creative activity, and service in equal proportions, of a faculty or librarian member agreed upon between the University and the member. Reduced responsibility does not include a reduction in some components of a faculty member's workload based upon an increase in other components where the member's overall workload remains a normal one.

14:38 A faculty or librarian member having a regular appointment with tenure or permanence may apply to the Dean for reduced responsibility. The member shall discuss the application with the Head prior to making same and shall normally make written application specifying whether the proposed reduction is permanent or temporary not less than one hundred and eighty (180) days prior to the commencement of the period of reduced responsibility.

14:39 The Dean shall consider the application with the Head in the light of the operational needs of the AAU and the Dean shall forward the application with their recommendation to the Provost. A copy of the application shall be sent to the President of the Faculty Association. The Provost shall inform the member in writing of the final decision concerning the member's application for reduced responsibility within sixty (60) days of the submission of the member's application.

14:40 (a) Reduced responsibility shall normally constitute a proportional reduction in each of the components of the faculty or librarian member's normal workload for the three (3) previous years, except where the member and the University agree to a variation. It may constitute a reduction throughout the academic year or a release from all workload for a portion of the academic year or any combination thereof. It shall normally not involve a reduction of more than four fifths (4/5) of normal workload or a release from all workload for more than four fifths (4/5) of the academic year.

(b) (i) Where the reduction is temporary it shall continue for a specific period of time and shall normally begin on any July 1 or January 1 and end on any June 30 or December 31. On giving notice of 180 days, a member may apply to amend the terms of the member's temporary reduction, in accordance with the application procedure in Article 14:38 and 14:39 of this agreement.

(ii) Where the reduction is temporary, a member has the right to resume the member's normal workload, prior to the end of an agreed period of time of reduced responsibility. Any such resumption of normal overall workload shall normally be effective on a July 1 or a January 1 and the notice shall be delivered to the Provost at least 180 days prior to the date on which it is intended to be effective.

(c) Where the reduction is permanent the member may elect to either return to full-time status or to apply to amend the terms of the member's permanent reduction, provided that the election or application is made prior to January 15 of the teaching year during which the return to full time status or the amended terms would take effect. The amended terms of the member's permanent reduction will be made in accordance with the application procedure in Article 14:38 and 14:39 of this agreement.

14:41 The terms of reduced responsibility are subject to agreement between the member and the University and shall be set out in writing signed by the member and the Provost, with a copy to the President of the Faculty Association. No faculty or librarian member shall be required to accept reduced responsibility, but once a period of reduced responsibility has been approved a member shall have thirty (30) days from the date of receipt of written approval to either accept or reject the terms of reduced responsibility.

14:42 The member's actual workload with reduced responsibility shall be calculated as a percentage of the member's normal overall workload and such percentage constitutes the member's actual responsibility factor.

14:43 Except where otherwise provided, reduced responsibility does not affect a member's status as a member having a regular appointment with tenure or permanence; nor does it affect the member's membership in the bargaining unit. It is agreed and understood, however, that the requirement of the number of courses taught for purposes of bargaining unit membership as set out in the original certificate of certification of the bargaining unit (December 6, 1977) shall not be affected by the precedent or existence of any reduced responsibility agreement in respect of the number of courses taught by a member on reduced responsibility.

14:44 Each member shall have a Nominal Salary as defined in Article 1. Said Nominal Salary shall be that which would be in effect if the member were continuing on full-time status.

14:45 Each member on reduced-time status shall receive an actual salary prorated from the Nominal Salary proportionate to the member's actual responsibility factor.

- 14:46 For members on reduced-time status the calculation of years of qualifying service for sabbatical leave and for seniority in respect of lay-off during the period of reduced responsibility shall be the said period multiplied by the member's actual responsibility factor.
- 14:47 A member on reduced time status shall be entitled to one month's vacation during the contract year and the member's vacation salary shall be at the monthly rate of the average salary paid during the non-vacation period of the said contract year, and the member shall be eligible for travel support and eligible for free tuition in accordance with the provisions of Article G as if the member had continued on full-time status.
- 14:48 A member on a reduced-time status shall be entitled to all facilities and support services as specified in Articles 8 and 44.
- 14:49 Except as provided for in clause 14:50 below a member with reduced responsibility shall continue to participate in all of the University's fringe benefit Plans (including the University Retirement Plan) for members from time to time in force if and so long as such plans permit. Where such plans permit, the member shall have the option of participating on the basis of the member's Nominal Salary or the member's actual salary. If the member elects to participate on the basis of the member's Nominal Salary, the member shall pay the difference in cost to the University between coverage based on the member's Nominal Salary and coverage based on the member's actual salary, in addition to the member's own normal contribution, if any. Exceptions shall be on an individual basis.
- 14:50 A member who is within five (5) years of normal retirement and who is on reduced responsibility shall continue to participate in all of the University's fringe benefit Plans (including the University Retirement Plan) for members from time to time in force if and so long as such plans permit. Where such plans permit, the member shall have the option of participating on the basis of the member's Nominal Salary or the member's actual salary. If the member elects to participate on the basis of the member's Nominal Salary the University's contribution shall be based on the member's Nominal Salary.
- 14:51 The Association has the right to represent a member who has applied for reduced responsibility in all discussions concerning the terms of any agreement or arrangement.

Voluntary Contract Termination

- 14:52 The parties recognize that certain individuals may wish to terminate their employment with the University prior to the time of normal retirement. One method of accommodating such a termination of employment may involve voluntary contract termination. It is agreed that termination of employment shall be effected in a collegial and non-discriminatory manner and both parties recognize that such termination shall always be voluntary on the part of the member. It is agreed that the provisions on voluntary contract termination shall not apply if the member has accepted an equivalent or superior position elsewhere. The Association has the right to represent a member who has applied for voluntary contract termination in all discussions concerning the terms of any agreement or arrangement.
- 14:53 A member holding a regular appointment with tenure/permanence may apply to the member's Dean for voluntary contract termination. The member shall discuss the application with the Head prior to making same and shall normally make written application not less than one hundred and eighty (180) days prior to the commencement of termination.
- 14:54 The Dean shall consider the application with the Head in the light of the operational needs of the AAU and the Dean shall forward the application with their recommendation to the Provost. A copy of the application shall be sent to the President of the Faculty Association. The Provost shall inform the member in writing of the final decision concerning the member's application for voluntary contract termination within sixty (60) days of the submission of the member's application.
- 14:55 Voluntary contract termination shall be understood to involve a voluntary separation from the employ of the University upon payment of a consideration by the University either as a lump sum or as per a mutually agreed instalment schedule.
- 14:56 Should payment be made on an instalment schedule, such payment shall be subject to all deductions which the University is required to make by law.
- 14:57 In the event that the member should die prior to the completion of the payment schedule, the balance of the instalments shall be paid to the Estate of the deceased member on the same terms and conditions as originally set out, unless the parties mutually agree to a revised instalment schedule.
- 14:58 The severance allowance paid to a member under this Article will vary from case to case. The severance allowance paid shall be calculated on the basis of the member's Normal Salary for the member's final year of employment. No member shall be paid less than six (6) months of salary if the member initiated voluntary contract termination or twelve (12) months of salary if the University initiated voluntary contract termination. Years of service and accumulated years of sabbatical entitlement shall be taken into account in the determination of the severance allowance.

- 14:59 The disposition of the member's and the University's contribution to pension shall be at the discretion of the member, subject to the provisions of the University Retirement Plan, the Income Tax Act, and all Provincial and Federal regulations governing pension plans.
- 14:60 Copies of the signed Release Form, Schedule of Instalment Payments, and the Resignation Form relating to voluntary contract termination, as set forth in Letter of Understanding III - Voluntary Contract Termination, shall be forwarded to the President of the Faculty Association as soon as reasonably possible upon agreement by the parties to the terms of the voluntary contract termination.
- Early Partial Retirement (E.P.R.)**
- 14:61 Early Partial Retirement (E.P.R.) is a permanent reduction in workload of a faculty or librarian member as specified in clause 14:65 and agreed upon between the University and the member. It does not include Reduced Responsibility.
- 14:62 A faculty or librarian member having a regular appointment with tenure or permanence (having ten (10) years of service and aged fifty-five (55) or over) may apply to the Dean for E.P.R. The member shall discuss the application with the Head prior to making same and shall normally make written application not less than one hundred and eighty (180) days prior to the proposed commencement of E.P.R.
- 14:63 The Dean or University Librarian shall consider the application with the Head in the light of the operational needs of the AAU and the Dean or University Librarian shall forward the application with their recommendation to the Provost. A copy of the application shall be sent to the President of the Faculty Association. The Provost shall inform the member in writing of the final decision concerning the member's application for E.P.R. within sixty (60) days of the submission of the member's application.
- 14:64 The workload of members on E.P.R. shall be composed primarily of teaching/appropriate library duties. On this basis, a normal teaching load and associated committee work in two (2) semesters with the third (3rd) semester free of University responsibilities shall satisfy the workload requirements. Where appropriate, some adjustments of teaching duties to allow for ongoing research activity may be made on an individual basis.
- 14:65 The terms of E.P.R. are subject to agreement between the member and the University and shall be set out in writing signed by the member and the Provost, with a copy to the President of the Faculty Association. No member shall be forced to accept E.P.R., but once E.P.R. has been approved a member shall have thirty (30) days from the date of receipt of written approval to either accept or reject the terms of E.P.R.
- 14:66 Except where otherwise provided, E.P.R. does not affect a member's status as a full-time regular faculty or librarian member with tenure or permanence; nor does it affect the member's membership in the bargaining unit.
- 14:67 Each member on E.P.R. shall receive the equivalent of sixty-six and two-thirds percent (66-2/3%) of the member's Nominal Salary as defined in Article 1. Such payment shall include Employment Standards Act (E.S.A.) vacation entitlement.
- 14:68 For members on E.P.R. the calculation of years of qualifying service for sabbatical leave and for seniority in respect of lay-off during the E.P.R. period shall be the said period multiplied by two-thirds (2/3).
- 14:69 The member shall be eligible for travel support and eligible for free tuition in accordance with the provisions of Article G as if the member had regular full-time faculty or librarian member status.
- 14:70 A member on E.P.R. status shall be entitled to all facilities and support services as specified in Articles 8 and 44.
- 14:71 A member on E.P.R. shall continue to participate in all of the University's fringe benefit plans (including the University Retirement Plan) for members from time to time in force if and so long as such plans permit. Where such plans permit, the member shall have the option of participating on the basis of the member's Nominal Salary or the member's actual salary. If the member elects to participate on the basis of the member's Nominal Salary the University's contribution shall be based on the member's Nominal Salary. These provisions regarding E.P.R. are subject to necessary amendments being made to the Retirement Plan and being approved by Canada Revenue Agency and the Pension Commission of Ontario.

ARTICLE 15 FINANCIAL EXIGENCY

- 15:01 Prior to a declaration by the Board of Governors of a state of financial exigency requiring a reduction in the University budget for the salaries and benefits of members, or termination or lay-off of members, the President shall consult the Joint Consultative Committee and shall report to the Board of Governors, the Senate and the Association that in their opinion the financial condition of the University is sufficiently grave to endanger the continued functioning of the academic units of the University.

- 15:02 Except for replacements, no new personnel shall be appointed or hired from the date of the Report of the President under clause 15:01 until the conclusion of the procedures envisaged by this Article 15 save in exceptional circumstances where one (1) administrative appointment is required in the circumstances of the financial exigency or with the approval of the Faculty Association Executive.
- 15:03 Within fifteen (15) days of the President's report referred to in clause 15:01 a Commission shall be constituted to determine whether and to what extent the University's financial condition constitutes a financial exigency, i.e., a genuine financial crisis involving a deficit for at least one fiscal year which is projected by generally accepted accounting principles to continue, and constituting a problem sufficiently grave that the University's continued functioning would be endangered unless the budgetary allocation for salaries and benefits of members is reduced.
- 15:04 The Commission shall be composed of three (3) members and shall not include any person who has had any interest in the matters coming before the Commission or who is acting, or has, within a period of six (6) months preceding the date of their appointment, acted as solicitor, counsel or agent of either of the parties. One (1) member shall be nominated by the Board of Governors and one (1) member shall be nominated by the Association Council. Each of the parties shall notify the other of its nominee within ten (10) days of the President's Report. If either party fails to appoint a nominee, the appointment shall be made by the senior County Court Judge, Essex County, upon the request of either party. The two (2) members so nominated shall, within five (5) days of the appointment of the second of them, appoint a Chairperson. Failing this Agreement of the nominees upon a Chairperson, the parties shall ask Gordon Simmons to act as Chairperson or, if he is unable to act, to appoint a Chairperson. The Commission shall meet within fifteen (15) days of its establishment and shall report its findings to the Board of Governors with a copy to the Association within forty-five (45) days of its first meeting. The Commission shall establish its own rules of procedure and shall have power to call for financial and other data or information it deems relevant and for submissions from any individuals or groups of individuals. In any event, the Board of Governors and Association shall have reasonable opportunity to make representations to the Commission. The onus shall be on the Board of Governors to establish the *bona fides* of the financial exigency. The Commission shall consider whether all reasonable steps have been taken to:
- (a) reduce expenditures including salaries and/or benefits in other areas,
 - (b) increase revenues to the University including assistance from government and funding agencies, and
 - (c) utilize interim deficit financing;
- and it may consider any other matters it deems relevant.
- 15:05 The report of the Commission shall include the amount of reduction required, if any, in the budgetary allocation for salaries and benefits of members to meet the financial exigency.
- 15:06 After its consideration of the report of the Commission, the Board of Governors may declare a state of financial exigency and, if so, it shall indicate in its declaration the amount of reduction in the budgetary allocation for salaries and/or benefits of members to be effected which shall not exceed the amount of the reduction determined by the Commission.
- 15:07 In the event that the Board of Governors makes a declaration of a state of financial exigency, it shall transmit forthwith copies of the declaration to the President, the Senate and the Association. Within fifteen (15) days of the Board's transmittal of its declaration to the Association the parties shall meet and shall endeavour to conclude within a further thirty (30) days amendments to this Agreement to effect the reduction in the budgetary allocation for salaries and/or benefits of members as indicated in the Board's declaration.
- 15:08 Whenever the Board of Governors and Association are unable to agree within the said thirty (30) days or where the reductions agreed upon are less than the amount indicated in the Board's declaration, the parties agree to establish a Task Force forthwith to identify the areas within the University in which terminations and/or lay-offs are to take place and to identify individual members to be terminated and/or laid-off in accordance with the lay-off procedures and criteria set forth in Article 16 of this Agreement.
- 15:09 The Task Force shall be composed of two (2) members appointed by the Board of Governors and two (2) members appointed by the Association, and a Chairperson to be chosen from the following:
1. Brian Langille
 2. Pamela Chapman
 3. Owen Shime

Each of the foregoing persons shall serve as Chairperson of the Task Force in the order listed. If they are not available within a reasonable period of time, but in any event not to exceed twenty-one (21) days, the next person in order shall be selected and so on until one (1) of the persons is available. By mutual consent, however, any one may be selected out of turn. If none of the persons is available within a reasonable time, but in any event not to exceed twenty-one (21) days, another person may be selected to serve as Chairperson by mutual consent. If such selection has not been made within fourteen (14) days, the parties shall ask Mr. Justice T. Zuber, to appoint a Chairperson, and should he not

be willing or able to do so, the Honourable Madam Justice Alison Harvison Young shall be asked. The Task Force shall meet within fifteen (15) days of its establishment and shall report its findings to the Board of Governors with a copy to the Association within forty-five (45) days of its first meeting.

- 15:10 The decision of a simple majority of the Task Force is the decision of the Task Force, but if there is no majority the decision of the Chairperson governs.
- 15:11 The decision of the Task Force shall be final and binding on the parties. However, an individual member or a group of members laid off or terminated shall have recourse to the grievance and arbitration procedures of this Agreement on the grounds of unjust treatment in the application of the criteria as set out in Article 16 of this Agreement, or of a procedural irregularity or defect in the application of, or failure to apply, the procedures set out in this Article 15 sufficient to justify quashing the decision.
- 15:12 The Board of Governors shall not terminate any contract of a member or lay-off a member for financial reasons except in accordance with this Article 15.

ARTICLE 16 LAY-OFF, NOTICE, AND RECALL RIGHTS AND COMPENSATION AND BENEFITS

- 16:01 The Board of Governors shall give to each member holding a full-time appointment who is laid-off, except a probationary member who is laid-off during the member's first year of full-time appointment:
- (a) twelve (12) months' notice or twelve (12) months' salary in lieu of notice or a combination of notice and salary equal to twelve (12) months, and
 - (b) one (1) month's salary for each year's service to the University following full-time appointment up to a maximum of twelve (12) months' salary.

The financial settlement pursuant to clause 16:01 (b) shall be paid automatically up to a maximum of six (6) months' salary in instalments of one (1) month's salary per month following the date of lay-off. The monthly salary shall be computed on the basis of the member's monthly salary during the member's final year of employment. If the member so chooses, the first six (6) months' salary shall be paid in a lump sum. Members entitled to more than six (6) months' salary by virtue of their years of service shall receive the additional instalments to which they are entitled beginning in the seventh (7th) month, only if they have not obtained alternative full-time employment.

- 16:02 The order of lay-off of members shall be as follows:
- (a) probationary members,
 - (b) sessional lecturers,
 - (c) members with tenure or permanence.
- 16:03 The principal criteria in the lay-off of members shall be:
- (a) in the case of probationary members, seniority as determined from the date of full-time appointment at the University and, in the case of members with tenure or permanence, seniority as determined from the date of tenure or permanence at the University; and
 - (b) the possession of qualifications suitable for the continuing function of the AAU or Library; quality of performance in teaching and research or scholarly activity where applicable; contributions to the AAU or Library and the University; and, where required to distinguish between two otherwise comparable individuals, contributions to the wider community.

Those members who are at least forty (40) years of age, have tenure or permanence and have a minimum of five (5) years' seniority, and in respect of whom the sum of years of seniority or permanence from the date of tenure or permanence plus age equals at least fifty (50), shall be exempt from lay-off until all other lay-off alternatives in clause 16:02 and this clause 16:03 have been exhausted.

- 16:04 Sessional instructors and visiting professors shall not have their contracts renewed or shall be laid-off before probationary members, sessional lecturers and tenured members except where sessional(s) and visiting professors possess qualifications suitable for the continuing function of the AAU or Library and the maintenance of the quality of the teaching and scholarly activity of such AAU.
- 16:05 A laid-off member eligible for free tuition at the time of lay-off shall continue to be entitled to free tuition until termination of laid-off status shall occur; the spouse and/or dependent child(ren) of a laid-off member eligible for free tuition at the time of lay-off of the member shall continue to be entitled to free tuition until termination of laid-off status of the member shall occur or they shall obtain alternate employment, whichever occurs earlier.

- 16:06 If and so long as such plans permit, a laid-off member shall be entitled at University expense to the University's Group Life Insurance coverage for members and at the member's sole expense to participate in any or all other of the University's fringe benefit Plans (including University Retirement Plan) for members from time to time in force until termination of laid-off status occurs or the member obtains alternate employment, whichever is earlier. In addition a laid-off member shall be entitled to retain any University loan until termination of laid-off status occurs or the member obtains alternate employment, whichever is earlier.
- 16:07 For the lay-off period during which the member is eligible for recall, the member shall continue to have full access to Library facilities on the same basis as on-site members of the member's AAU and the Libraries. In addition, AAUs and the Libraries shall endeavour to maintain a full range of collegial contacts with laid-off members, and to provide them with full access to computer and laboratory facilities (recognizing, however, the priorities of on-site members) so that laid-off members may maintain their professional skills; and laid-off members shall endeavour to make use of same in order to keep up with on-going work in their fields. A member returning after three (3) years or more of lay-off may be required to affirm that such expertise has been maintained, and to submit documentation in support thereof.
- 16:08 Laid-off members shall be recalled in reverse order of lay-off set forth in clause 16:02 but subject to the principal criteria set forth in clause 16:03 and recall rights shall be limited as follows:
- (a) Each member with tenure or permanence at the time of the member's lay-off for a period of four (4) years from the date of the member's lay-off.
 - (b) Each member without tenure or permanence at the time of the member's lay-off,
 - (i) if the member's seniority is at least three (3) years as determined from the date of full-time appointment at the University, for a period of two (2) years from the date of the member's lay-off; and
 - (ii) if the member's seniority is less than three (3) years as determined from the date of full-time appointment at the University, for a period of one (1) year from the date of the member's lay-off.
 - (c) No new appointment shall be made to any position in the bargaining unit which one or more members having recall rights is/are qualified to fill until every member so qualified and having recall rights has been offered a recall. Any member on lay-off who claims to be qualified to fill a position in an AAU or Library, other than an AAU or Library from which the member was laid-off, shall provide such evidence of these qualifications as is normally required of applicants for new appointments to the position in question.
- 16:09 Subject to clause 16:08, a laid-off member shall be considered for each and every available position in the member's field until termination of laid-off status shall occur.
- 16:10 Termination of laid-off status shall occur:
- (a) in the case of a member with tenure or permanence, six (6) years following the date of lay-off if the member is not recalled, and in the case of a member without tenure or permanence at the end of a period equal to the member's seniority as determined from the date of full-time appointment at the University, but in any event not less than one (1) year;
 - (b) when the member is recalled;
 - (c) when the member indicates in writing to the University that the member no longer wishes to retain the member's recall rights or when the member does not accept a recall.
- 16:11 A notice of lay-off or recall shall be sent by Canada Post registered mail with receipted delivery to each member entitled to be recalled at the member's last known address. It shall be the responsibility of the member who has been laid-off to keep the University informed as to the member's current address.
- 16:12 Each member entitled to be recalled under clause 16:08 shall be given two (2) months from the date of receipt of notice under clause 16:11 to decide whether the member will accept recall and shall be entitled to a further reasonable period of time to fulfil other employment commitments prior to returning to the University.
- 16:13 A recalled member shall return to the seniority, tenure, continuing appointment status and rank from which the member was laid-off. Years of service toward consideration for tenure/continuing appointment and toward sabbatical leave shall be as at the time of lay-off. The salary shall be the salary at time of the member's lay-off adjusted by the across-the-board adjustments during the period of lay-off or at some mutually agreed upon higher salary.
- 16:14 Prior to the implementation of lay-off or recall, written notification shall be given to the member(s) involved and the Association who shall have recourse to the grievance and arbitration procedures of this Agreement on the grounds of unjust treatment in the application of clauses 16:02, 16:03 and 16:08.

ARTICLE 17 SABBATICAL LEAVES

- 17:01 A sabbatical leave is a period during which a faculty or librarian member with tenure or permanence is relieved of normal teaching or librarianship and administrative duties in order to pursue a program of independent study and research or creative activities. Sabbatical leave has two (2) immediate purposes: to allow members to improve themselves academically or professionally; and to allow members to engage in research, scholarship or creative activities. A sabbatical leave serves the further objectives of improved teaching, excellence in research and scholarly and artistic or creative publications or activities, and more useful University service.
- 17:02 The University shall continue its sabbatical leave policy to provide faculty members with an opportunity for intellectual renewal, the maintenance and advancement of their academic and professional competence, for the furtherance of their research and scholarly and artistic or creative activities and as coincidental to the foregoing for the establishment and/or strengthening of personal contacts with the world wide community of scholars.
- 17:03 A sabbatical leave shall be for a period of:
- (a) six (6) months commencing either on the 1st day of July or the 1st day of January, or
 - (b) twelve (12) months commencing on the 1st day of July, or
 - (c) such other period as may be mutually agreed upon.

For a faculty member of an AAU that operates a cooperative education program involving teaching in the summer semester, a sabbatical leave shall commence on the 1st day of January or the 1st day of May, the 1st day of July or the 1st day of September.

In the two academic years in which a member takes six (6) month sabbaticals, the total number of courses taught by the member in those two academic years shall not exceed the total number of courses the member would teach in a normal teaching year.

17:05 Application for sabbatical leave shall be carried out as follows:

- (a) A faculty member who is eligible for sabbatical leave shall make written application and provide a detailed written statement as required under clause 17:04 (e) to the Dean and Head on or before the 1st day of September of the academic year preceding the year for which the leave is requested.

- (c) A member whose application for sabbatical leave has not been recommended for approval by the Sabbatical Review Committee upon initial consideration shall be given an opportunity to appear before said Committee in order to have the member's application reviewed in accordance with the requirements of this Article 17. The Faculty Association shall be provided with the names of all members who are given an opportunity to appear before the said Committee. - (g) If an application for sabbatical leave has been denied, it shall be the responsibility of the applicant to renew the application.

17:06 The granting of sabbatical leave shall be at the discretion of the Board of Governors on the recommendation of the President. Sabbatical leave may only be denied for failure to satisfy the requirements of either clauses 17:04 or 17:05 (a) or both. In the event the University denies a member's application for sabbatical leave, the University will inform the member and the President of the Faculty Association in writing, within fifteen (15) working days of communicating such denial to the member, of the requirement(s) of either clauses 17:04 or 17:05 (a) or both which the member has failed to satisfy. In the event of denial of sabbatical leave the member may have recourse to the grievance and arbitration

procedures of this Agreement commencing at Step Three. For the arbitration proceedings arising under this clause 17:06, the parties agree to appoint, as sole arbitrator Morton Mitchnick, or in the event he is not available, Bill Kaplan.

17:07 A successful applicant for sabbatical leave shall undertake in writing to:

- (a) carry out their approved sabbatical plan,
- (b) submit a written application to and obtain written approval from the Dean, who shall consult with the Head, for any substantial change(s) in the proposed activity set out in the statement submitted in accordance with clause 17:04 (e),

17:08 The sabbatical salary allowance, fringe benefits, pension contributions, research grants and other forms of remuneration during a sabbatical leave shall be as follows:

- (a) Where an applicant has accumulated between three (3) years and five (5) years, a sabbatical leave for six (6) months shall be at eighty percent (80%) of the member's Nominal Salary and shall include one-half (½) of the annual vacation.
- (b) Where an applicant has accumulated six (6) or more years either
 - (i) a sabbatical leave for six (6) months shall be at full Nominal Salary and shall include one-half (½) of the annual vacation; or
 - (ii) a sabbatical leave for twelve (12) months shall be at eighty percent (80%) of the member's Nominal Salary and shall include the annual one (1) month vacation; or
 - (iii) a sabbatical leave for twelve (12) months shall be at ninety percent (90%) of the member's Nominal Salary when it is a member's first sabbatical leave at any university or post-secondary institution, and provided the member is in the first ten (10) years of the member's academic career, and shall include the annual one (1) month vacation.
- (c) During the member's sabbatical leave, a sabbaticant shall be deemed to continue to be in the employ of the University and shall continue to be entitled to all benefits provided to other members during their absence. Time spent on sabbatical leave shall be included and credited as periods of University service in all matters including questions pertaining to promotion, retirement and seniority. Premiums for all benefits, as provided by this Collective Agreement and all other fringe benefits plans shall continue during sabbatical leave(s) without interruption and on the same basis as during normal employment. Payments into the University Retirement Plan shall be calculated on the basis of the sabbaticant's Nominal Salary or their sabbatical salary allowance at the option of the sabbaticant. It is clearly understood that any rights to levels of participation or participation in the Plans outlined in this Article are conditional upon the Plans so permitting.
- (d) A part of the sabbatical salary allowance of a member may be recognized by the University as a research grant upon the request of the member who shall submit to the Dean and Head a detailed written statement of their request for such recognition; the portion of the sabbatical salary allowance to be paid as a research grant shall be determined by the member, and the terms and conditions of payment of any such grant shall be determined by the University in consultation with the member, but the said terms and conditions shall not be inconsistent with the provisions of clause 17:08 (c).
- (e) A member may accept scholarships or travel funds from granting agencies, and may with the prior written approval of the Dean, after consultation with the Head accept a salaried position or be engaged in other outside activity for the purpose of increasing the member's income provided such salaried position or other outside activity does not unduly interfere with completion of the approved sabbatical plan.

17:09 A faculty member should return to service with the University for a period equivalent to the member's sabbatical (unless causes beyond the member's control prevent this), except if the University waives such obligation.

17:10 A librarian member shall be entitled to apply for sabbatical leave in accordance with the provisions of this Article 17 which shall apply *mutatis mutandis* except that,

- (a) in determining total years of service for the purpose of qualifying for sabbatical leave, total years of service shall be reduced by one (1) year for each eight (8) weeks of study leave previously granted to the applicant since their last sabbatical leave, and
 - (b) payment of sabbatical salary allowance under clauses 17:08 (a) and (b) shall be based on the determination of total service for qualification for sabbatical leave as provided in clause 17:10 (a) of this Agreement.
- 17:11 A successful applicant, who qualifies under clause 17:08 (b) (ii) whose sabbatical leave is postponed for one (1) year by the University where it is impracticable to ensure the quality and continuance of the program(s) in which they are involved may elect either to have their salary allowance increased by five percent (5%) of their Nominal Salary, or to have the year of postponement used as entitlement towards their next sabbatical leave.
- 17:12 (a) A member may elect to postpone an approved sabbatical provided the member informs the Dean and the Head of such postponement at least one (1) week prior to the deadline for assignment of teaching duties. The year of postponement will not count as a year of service toward a future sabbatical leave.
- (b) In exceptional circumstances arising before the commencement of sabbatical leave, which directly affect the fulfillment of the approved sabbatical Plan and which are beyond the member's control, provided that the sabbatical leave has not commenced a member may request to postpone their sabbatical leave for one (1) year. Application for postponement shall be made in writing, detailing such circumstances to the Dean and Head. Approval of a postponement by the Dean in consultation with the Head shall not be withheld unreasonably. If the postponement of the sabbatical leave occurs after the deadline for the assignment of teaching duties, the Dean in consultation with the Head shall assign an appropriate workload, including course/section teaching assignments to the member. The year of postponement will count as a year of service.
- 17:13 In the event that a member makes application for and receives benefits under Article 18 (Political Leave), Article 19 (Court Leave), Article 21 (Pregnancy/Parental/Adoption Leave), or Article 24 (Compassionate Leave) while on sabbatical, the member is entitled to interrupt the sabbatical leave for a period of up to three months in accordance with the Leave provisions of the Article under which the Leave is granted. Sabbatical leave shall then resume as though there had been no interruption. In the case of Article 21, the choice of months to interrupt sabbatical leave shall be at the option of the member and reasonable notice shall be given by the member in writing to the Dean.
- 17:14 A member on sabbatical leave is entitled to notice by registered mail of any pending decisions affecting workload and/or working conditions and/or the member's status within the University. Such notice shall be provided at least thirty (30) days prior to the date at which the decision is to be finalized in order that the sabbaticant may participate in and/or vote, where applicable, on such decisions. In the event that Canada Post is not in operation, notice of recall shall be by receipted courier delivery. The onus is on each member to notify the University regarding any change in address.
- 17:15 Where a grievance process is initiated by a member on sabbatical or about to go on sabbatical, all stages of grievance procedures may be suspended at the request of the member until after completion of the sabbatical term.

ARTICLE 18 POLITICAL LEAVE

- 18:01 Upon receipt of a written request, the Dean may grant political leave of absence for campaign purposes in accordance with this Article 18 to any member who intends to become a candidate for elected public office in Canada or elected positions within First Nations, for elected positions within Métis Nations, or within Inuit Nunangat. The parties recognize, however, the responsibility of the University for ensuring the uninterrupted continuation and quality of program(s) of the University in which members are involved and, in the light of this responsibility, leave under this Article 18 shall not be withheld unreasonably.
- 18:02 A member applying for leave under this Article 18 shall give reasonable notice of their intention to stand for election to public office to permit the engagement, as required, of competent substitute(s).
- 18:03 A leave of absence under clause 18:01 shall not exceed the period of issuance of Writ of Election to election day, or a period of thirty (30) days in case of a municipal election. Within First Nations, Métis Nations, or Inuit Nunangat the timing around election cycles may vary, so the member shall provide such information to their Dean in order to confirm the leave of absence for the member's campaign(s).
- 18:04 A member on leave under clause 18:01 retains their status in the University and such leave shall be with full salary and all other rights, privileges and benefits subject to the obligation of the member to cooperate with the member's substitute(s), if any, as may be necessary and to reimburse the University for the cost of any substitute(s), if any, under clause 18:01, but the reimbursement shall not exceed the salary of the member during the period of leave.
- 18:05 If a member is elected to public office in Canada, the member shall be entitled to a political leave of absence on the following basis:

- (a) Parliament - up to a maximum of five (5) years without salary and fringe benefits;
- (b) Legislature - up to a maximum of five (5) years without salary and fringe benefits;
- (c) Elected positions within First Nations, Métis Nations, or Inuit Nunangat communities – up to a maximum of five (5) years without salary and fringe benefits or, where appropriate to elected office, to request the position be treated as an “Other Elected Office” as outlined below;
- (d) Other Elected Office - absence for fulfilment of recognized duties of office, but where such absence for the purpose of fulfilment of the recognized duties of office is of such a nature as to interfere with the duties and responsibilities of the member to the University, the Dean may make a pro rata adjustment of the member’s salary.

A member on leave under clause 18:05 (a), (b), or (c) shall be entitled at the member’s sole expense to participate in any or all of the University’s fringe benefit Plans for members from time to time in force if and so long as such plans permit.

- 18:06 In the case of political leave of absence under clause 18:05 (a),(b), or (c), the member shall be entitled to terminate the member’s leave and return to the University at the beginning of any academic year or at the beginning of any semester in AAUs of semesterized courses, if notice of the member’s return is given to the Dean one hundred and fifty (150) days prior to the intended date of return.
- 18:07 If a member continues to serve in elected public office under clause 18:05 (a), (b), or (c), after the period of five (5) years, the member’s employment shall terminate forthwith.
- 18:08 If a member continues to serve in elected public office under clause 18:05 (d) after a period of six (6) years, the member’s employment shall terminate forthwith if the elected public office which the member has held during the said six (6) year period has been that of the Mayor and/or Councillor of the Corporation of the City of Windsor, or any other elected office in the said City or any other municipal entity or elected positions of a First Nations, Métis Nations, or Inuit Nunangat community where the responsible fulfilment of the duties of that office would require a commitment of time approximately equal to or greater than the average time spent by the Councillor of the said City or elected position of a First Nations, Métis Nations, or Inuit Nunangat community. The President may, however, on the request of the member, give written permission for a further period of leave under clause 18:05 (d) subject to the conditions of clause 18:05 (d).
- 18:09 The provision of this Article 18 shall not preclude the making of alternate arrangements acceptable to the member and Dean. The Dean shall give particulars of such arrangements to the Association.

ARTICLE 19 COURT LEAVE

- 19:01 Leave of absence with full salary and benefits shall be granted to any member, other than a member on leave of absence without salary, to serve on a jury or attend as a witness in a proceeding which requires a member to be in attendance as a matter of civic or public duty in a court of justice or before any legal or statutory body with power to compel the attendances of witnesses before it. The University may grant such leave for such proceeding in a serious action in which the member is a plaintiff if the member’s presence as a witness is required. This shall not apply in a case where the member’s action is against the University.

ARTICLE 20 LEAVE OF ABSENCE WITHOUT SALARY

- 20:01 A member may apply to the Provost for, and may be granted, a leave of absence without salary for a mutually agreed period. The Dean and Head (in the case of librarian members, the University Librarian or Law Librarian as appropriate and the Associate University Librarian) shall provide the Provost with letters of appraisal of the member’s application, which shall not be deemed confidential. The parties, however, recognize that such leave should be mutually beneficial to the member and the University, and the parties recognize further the responsibility of the University for ensuring the uninterrupted continuation and quality of program(s) of the University in which members are involved, and, in the light of this objective and responsibility, leave under this Article shall not be withheld unreasonably. A member on leave under this Article 20 shall be entitled at the member’s sole expense to participate in any or all of the University’s fringe benefit Plans (including the University Retirement Plan) for members from time to time in force if and so long as such plans permit. A member may terminate their leave and return to the University at the beginning of any academic year or at the beginning of the second (2nd) semester, if written notice of their return is given to the Dean and Head (or in the case of librarian members the University Librarian or Law Librarian, as appropriate) prior to the assignment of teaching responsibilities (or in the case of librarian members, workload assignments) for the semester in which they intend to return, or by mutual agreement.

ARTICLE 21 PREGNANCY/PARENTAL/ADOPTION LEAVE

Pregnancy Leave with Supplemental Benefits

- 21:01 A member who is pregnant shall be entitled to leave according to the terms of this Article 21 if they are paid and employed by the University. The member shall be entitled upon the member's application to a pregnancy leave of at least seventeen (17) weeks from their employment, or such shorter pregnancy leave as the member may request, commencing no earlier than the earlier of:
- (i) the day that is seventeen (17) weeks before their due date; and
 - (ii) the day on which they give birth.
- 21:02 Clause 21:01 (ii) does not apply with respect to a pregnancy that ends with a still-birth or miscarriage.
- 21:03 The member shall give the Dean or Head as designate of the Dean two (2) weeks notice in writing of the day upon which they intend to commence their pregnancy leave and furnish the Dean or Head as designate of the Dean with the certificate of a legally qualified medical practitioner stating that they are pregnant and giving the estimated day upon which delivery will occur in their opinion.
- 21:04 A member who has given notice to begin pregnancy leave, may begin the leave,
- (a) on an earlier day than was set out in the notice, if the member gives the Dean or Head as designate of the Dean a new written notice at least two (2) weeks before that earlier day; or
 - (b) on a later day than was set out in the notice, if the member gives the Dean or Head as designate of the Dean a new written notice at least two (2) weeks before the day set out in the original notice.
- 21:05 If a member stops working because of a complication caused by their pregnancy or because of a birth, still-birth or miscarriage that occurs earlier than the due date, clause 21:03 does not apply and the member shall, within two (2) weeks after stopping work, give the Dean or Head as designate of the Dean,
- (a) written notice of the day the pregnancy leave began or is to begin; and
 - (b) if the Dean or Head as designate of the Dean requests it, a certificate from a legally qualified medical practitioner stating:
 - (i) in the case of a member who stops working because of a complication caused by their pregnancy, that they are unable to perform the duties of their position because of the complications and stating their due date;
 - (ii) in any other case, the due date and the actual date of the birth, still-birth or miscarriage.
- 21:06 (a) A member's pregnancy leave ends,
- (i) if they are entitled to parental leave, seventeen (17) weeks after the pregnancy leave began;
 - (ii) if they are not entitled to parental leave, on the day that is the later of: seventeen (17) weeks after the pregnancy leave began, or twelve (12) weeks after the birth, still-birth or miscarriage.
- (b) A member may end their leave earlier than the day set out in clause 21:06 (a) by giving the Dean, or Head as designate of the Dean, written notice at least four (4) weeks before the day the member wishes to end their leave.
- (c) A member who has given notice under subsection (b) to end their pregnancy leave may end the leave:
- (i) on an earlier day than was set out in the notice, if the member gives the Dean, or Head as designate of the Dean, a new written notice at least four (4) weeks before the earlier day; or
 - (ii) on a later day than was set out in the notice, if the member gives the Dean, or Head as designate of the Dean, a new written notice at least four (4) weeks before the day indicated in the original notice.
- (d) A member who takes pregnancy leave shall not terminate their employment before the leave expires or when it expires without giving the Dean, or Head as designate of the Dean, at least four (4) weeks written notice of the termination.
- 21:07 (a) In addition to the rights to pregnancy leave granted under the foregoing clauses of this Article 21 and where a member is in receipt of Employment Insurance pregnancy leave benefits as provided by the Government of Canada, a member shall be entitled to receive sixteen (16) weeks of such pregnancy leave at one hundred percent (100%) of the member's normal salary less amounts received from Employment Insurance.

- (b) Where a member is not in receipt of Employment Insurance benefits by reason of insufficient length of qualifying employment such member shall be entitled to sixteen (16) weeks of such pregnancy leave at one hundred percent (100%) of the member's normal salary.
- (c) The member is required to furnish proof of their application, receipt or non-receipt of Employment Insurance benefits and such other supporting documentation as may reasonably be requested in support of a claim for compensation pursuant to parts (a) and (b) above.
- (d) In addition to the amount paid in either part (a) or (b) above, the member shall also be entitled to one hundred percent (100%) of her normal salary during the first week of the member's pregnancy leave.

21:08 Nothing in this Article shall prevent a member from claiming sick leave for absences from work due to illnesses related to the member's pregnancy. However, once a member begins leaves under this Article, they may not suspend the leave in order to claim sick leave and they may not claim pregnancy, parental or extended parental leave and sick leave at the same time.

Parental Leave on the Occasion of the Birth of a Child

21:09 On the occasion of the birth of a child, a member who is a parent and is paid and employed by the University shall be entitled to parental leave. Parental leave of an employee who has taken pregnancy leave shall begin when the pregnancy leave ends or in accordance with the circumstances as described in the *Employment Standards Act*. A member's parental leave must begin no later than seventy-eight (78) weeks after the day the child is born. Parental leave ends sixty-one (61) weeks after it began if the member also took pregnancy leave, and sixty-three (63) weeks after it began otherwise.

21:10 On the occasion of the birth of a child, the child's parent who is not taking pregnancy leave under Article 21 shall be entitled to a leave with full salary and benefits of up to seven (7) days, to be taken at the discretion of the member within four (4) weeks of the birth of the child. The member taking such leave shall give the Dean, or Head as designate of the Dean, as much notice as possible. This leave shall be counted towards the number of days eligible for Parental Leave benefit.

21:11 During the period of parental leave as specified in this Article, a member shall be entitled to receive compensation from the University as follows: the University shall pay the member an amount equal to the difference between the Employment Insurance benefits received by the member, if any, and one hundred percent (100 %) of the member's Normal Salary for the first twelve (12) weeks of Parental Leave. Where pregnancy leave with pay has been taken, the total duration of pregnancy leave with pay under clause 21:07 or 21:24 and the parental leave with pay under this clause shall not exceed twenty-six (26) weeks.

Parental Leave on the Occasion of the Adoption of a Child

21:12 On the occasion of the adoption of a child and the coming of the child into the member's care, custody and control for the first time, a member, who is a parent and who is paid and employed by the University, is entitled to parental leave of up to sixty-three (63) weeks. A member's parental leave may begin no later than seventy-eight (78) weeks after the date their child first came into their care, custody and control.

21:13 On the occasion of the adoption of a child coming into the care, custody and control of a parent for the first time, the child's parent shall be entitled to a leave with full salary and benefits of up to seven (7) working days, to be taken at the discretion of the member within four (4) weeks of the adoption of the child. The member taking such leave shall give the Dean, or Head as designate of the Dean, as much notice as possible. This leave shall be counted towards the number of days eligible for Parental Leave benefit.

21:14 Where a member has adopted a child who has come into the member's care, custody and control for the first time and the member is taking a parental leave pursuant to Article 21 such member shall be entitled to the same entitlements, terms and conditions under clause 21:07 for the first seventeen (17) weeks. For the proceeding twenty (20) weeks the member shall be entitled to the same entitlements, terms and conditions under clause 21:11.

21:15 A parental leave shall be granted upon at least two (2) weeks notice to the Dean, or Head as designate of the Dean, of the commencement of such leave. However, such notice shall not apply if the member stops working because the child comes into the care, custody and control of the parent sooner than expected. In such case, the parental leave shall begin on the day the member stops working.

21:16 Where a member has adopted a child who has come into the member's care, custody and control for the first time and the member is taking a parental leave pursuant to Article 21, parental benefits leave may be increased by fifteen (15) weeks if the child suffers from a physical, psychological or emotional condition that requires extended care, or who otherwise requires special care. A certificate from a licensed professional in the appropriate discipline confirming the requirement for special or extended care shall be supplied to the Dean, or Head as designate of the Dean.

Extended Parental Leave

21:17 An extended parental leave without pay, up to a maximum of seventeen (17) weeks, shall be given to any member who has been employed by the University for at least twelve (12) months immediately preceding the commencement of a parental leave. The member shall give written notice of the member's intention to take extended parental leave to the Dean, or Head as designate of the Dean, normally at least one (1) month prior to the commencement of the extended parental leave.

General

21:18 If a member wishes to take less than their full entitlement of parental leave, the member shall give written notice to the Dean, or Head as designate of the Dean, of their intention to return to work at least four (4) weeks prior to the expected date of return.

21:19 The provisions of this Article 21 shall not preclude the making of alternative arrangements acceptable to the member and the Dean, after consultation with the Head. The member has the right to ask the Association for representation. The Dean shall provide the Association with a copy of the alternative arrangements.

21:20 During leaves under this Article, a member shall continue to participate in the pension plan and the other benefit plans set out in this Agreement. The member and the University shall each continue to pay their applicable share of contributions and/or premiums, unless the member elects not to do so in writing. Members may arrange to pay their benefits by providing the University with post-dated cheques.

21:21 Upon the member's return to work, the University shall reinstate a member who has taken leaves under this Article to the member's former position with the member's full Normal salary and benefits as provided for under this Agreement, as amended. The period of a member's leave shall be included in the calculation of the member's length of service for seniority purposes.

21:22 A member who has taken pregnancy/parental/adoption leave (with or without pay) or a period of reduced responsibility to fulfill parental responsibilities following the birth or adoption of a child may elect by notice in writing, in a letter directed to the Provost, to have the member's consideration for tenure extended for one (1) year. The Faculty Association shall be notified in writing as soon as possible. For consideration of a delay for a period longer than one (1) year, the member may make an application pursuant to clause 12:05 (e).

- 29:04 Where it is alleged that there exists just cause for dismissal of a member, the allegation(s) shall be brought to the attention of the President. The initiation of preliminary proceedings shall be at the discretion of the President and in cases where the President intends to proceed they shall inform the member in writing of the allegations which have been made against the member, together with a written summary of all relevant circumstances and the reason(s) for the intended dismissal. The Association has the right to be present and to make representation at this and all subsequent stages of these proceedings, unless the member waives such representation as provided for above. Where a member proceeds without the assistance of the Association, any settlement or award shall not constitute a precedent to be used against any other member, group of members, the Association or the University in any future dismissal for just cause proceedings.
- 29:05 Where a member declines or fails to attend the informal conference, or if no settlement is reached which is agreeable to the University and the member and the President wishes to pursue the matter, the President shall within ten (10) days of the informal conference inform the member in writing of the specific charge(s) against them, the reason(s) therefore and the intended action for dismissal and that, subject to written notice by the member provided for under clause 29:06, a single arbitrator will conduct a hearing to determine the validity of the charge(s) and to determine whether said charge(s) constitute(s) just cause for dismissal.
- 29:06 If such member wishes to contest the intended dismissal, they shall within ten (10) days of the receipt of the notification by the President of the specific charge(s) against the member and the reason(s) therefore, notify the President and the President of the Association of their intent; whereupon the President and the President of the Association shall meet and attempt to agree upon a single arbitrator from the following list:

If such selection has not been made within ten (10) days, either party may request the Minister of Labour for Ontario to make the appointment.

29:07 The President may by written notice relieve the member of some or all of the member's University duties until the arbitrator has made a decision or until such earlier time as the President may deem appropriate. The Faculty Association will be notified of any action taken under this clause in a timely manner. No such action shall be taken unless the President has grounds to believe that the failure to take the action outlined herein would result in appreciable physical or emotional harm to a person associated with or a guest of the University or appreciable harm to or resulting from the use of University property or data, or appreciable harm to or resulting from the use of property or data of a person associated with or a guest of the University on the University campus, and the President has considered all reasonable alternatives to relieving the member of some or all of the member's duties. Subject to any disciplinary action taken under Article 58, salary and benefits shall continue throughout the period the member has been relieved of the member's duties up to the date the arbitrator renders a decision.

29:08 Subject to the provisions of The Labour Relations Act of Ontario, the arbitrator shall have the power to establish procedures. Such procedures shall be in conformity with the principles of fair play and natural justice and in accordance with the minimum rules for proceedings set forth in The Statutory Powers Procedure Act, 1971, of Ontario. In particular, without limiting the generality of the foregoing, the following procedures shall be adopted at the hearing:

- (a) The parties to the arbitration shall be the Faculty Association and the University.
- (b) The arbitrator shall fix the date, time and place of the hearing and shall forward a written notice of same to the parties a reasonable time in advance of the hearing. The notice shall contain a statement of the purpose of the hearing and shall also contain a statement that if the party notified does not attend at the hearing, the arbitrator may proceed in their absence.
- (c) The hearing shall be held *in camera*.
- (d) Each party shall be entitled to be present and to be represented at the hearing by counsel or agent, to call and examine witnesses, to cross-examine witnesses called by another party, and to present argument.
- (e) Each witness shall be informed by the arbitrator of their right to object to answer any question under the Canada Evidence Act and The Evidence Act of Ontario.
- (f) A complete audio taped record of the hearing shall be made and a copy shall be furnished to the University and to the member on request at the expense of the party making the request.
- (g) In recognition of the fact that the procedures set forth in this Article constitute a modification of the normal grievance arbitration procedures under The Labour Relations Act of Ontario, the arbitrator shall have the powers granted to arbitrators by Section 44 (8) of the Ontario Labour Relations Act including the power:
 - (i) to summon and enforce the attendance of witnesses and to compel them to give oral or written evidence on oath;
 - (ii) to administer oaths; and
 - (iii) to accept such oral or written evidence as in the arbitrator's discretion is proper, whether admissible in a court of law or not.

29:09 The arbitrator shall reach a decision where practicable within thirty (30) days of the hearing being completed on the basis of the evidence adduced at the hearing. The said decision shall contain findings of fact, reasons and conclusions as to whether there is just cause, and a copy of the decision shall be provided to the University and to the member. The arbitrator shall not have jurisdiction to alter or add to any of the provisions of this Agreement or to substitute any new provisions in lieu thereof, or to give any decision inconsistent with the terms of this Agreement. However, the arbitrator shall not be barred from hearing a grievance and rendering an award on the basis of a technical irregularity. The decision of the arbitrator shall be final and binding upon the University, the Association and the member. In the award the arbitrator shall declare:

- (a) that just cause for dismissal has not been shown and that any suspension in effect be rescinded, in which case it may rule that no record of such suspension shall be made in the member's personnel file; or
- (b) that just cause for dismissal has been shown in which case it may make such recommendations it deems just and equitable in the circumstances.

29:10 The University shall be responsible for the fees and expenses of the arbitrator. Without limiting the generality of the foregoing, such expenses may include the cost of transcripts, hearing room, witnesses called by the arbitrator and the fees and expenses of Counsel and other advisers to the arbitrator.

ARTICLE 30 EMPLOYMENT EQUITY

- 30:01 (a) The parties to this Agreement agree to the principle of employment equity for members of the designated groups as defined by Article 1.
- (b) Within one hundred and eighty (180) days from the signing of this Agreement, in the context of the President's plans for a comprehensive campus-wide approach to employment equity, the President will publish a detailed plan and timetable with respect to implementation of the recommendations of the Coulter Report.
- 30:02 The University shall ensure that the employment equity procedures recommended by the Review Committee on Employment Equity (RCEE) including:
- (i) the Positive Action Plan as approved by Senate in November 1988 relating to women and later extended to the designated groups in 1993 and 1994;
 - (ii) all statutory obligations concerning employment equity;
 - (iii) the provisions for advertising and interviewing;
 - (iv) the use of employment equity/procedures assessors on appointments, and promotion and tenure committees; and
 - (v) the review of all appointment procedures and recommendations by the Presidential Commission on Employment Equity;
- shall, subject to clause 30:06, be followed in all AAUs and Libraries.
- 30:03 The President shall call a meeting of the RCEE within thirty (30) days of signing the Agreement. The RCEE shall remain a standing committee until employment equity for the designated groups has been achieved. The RCEE shall consist of two (2) persons appointed by the University, and two (2) persons from the membership of the Faculty Association appointed by the President of the Faculty Association. At least one (1) person appointed by the President of the Faculty Association shall be a member of the Faculty Association's Status of Women, Diversity and Equity Action Committee. The RCEE shall call upon such offices as appropriate to provide information on issues of equity which is pertinent to its deliberations subject to applicable legislation. Both parties to this Agreement shall endeavour to appoint persons from among the designated groups.
- Committees shall fully reflect the values of diversity in composition of members (including the representation of gender, racial, Indigenous, sexual identities, and persons with a disability) and their inclusion in participation, practice, and deliberation. Aspirations for equitable, inclusive, and diverse committee compositions shall be managed by measurement, assessment, and continual improvement.
- 30:04 The Review Committee provided for in clause 30:03 shall be responsible for:
- (i) identifying where there is a serious under-representation of members of the designated groups in any AAU and/or Library;
 - (ii) recommending reasonable goals and timetables for hiring by any AAU and/or Library where serious under-representation of members of the designated groups exists. "Serious under-representation" occurs when members of a designated group are fewer than sixty percent (60%) of the agreed-upon pool data for AAUs and Library;
 - (iii) reviewing action taken within the University to achieve the hiring goals recommended under (ii).
- 30:05 The Review Committee provided for in clause 30:03 shall report at least annually its findings and recommendations to the parties to this Agreement and to the Senate. The findings and recommendations of the Review Committee shall not be subject to the grievance and arbitration procedures under Article 39 of this Agreement.
- 30:06 Consistent with the principle of employment equity:
- (a) The University shall continue to implement the Procedures recommended by the RCEE (as adopted by Senate) and the four point Positive Action Plan (as adopted by Senate, November 17, 1988) and any other recommendations of the RCEE (as may be adopted by Senate). The University accepts the principle of offering incentives to encourage hiring of qualified candidates from the designated groups.
 - (b) To ensure positive action, all full-time positions are to be advertised through contact with Chairs of appropriate departments at other Universities, in University Affairs, and the CAUT Bulletin, relevant professional journals and, where relevant, national newspapers, women's studies and feminist journals, and/or with associations or contact groups representing the designated groups. In addition, following approval of an advertisement, copies of

all such advertisements will be transmitted to the office charged with Employment Equity matters at the University.

The normal requirement of advertising a position may be waived in exceptional circumstances where timely action is essential. Such waiver may be approved by the Provost upon the recommendation of the appropriate AAU Appointments Committee and the Dean and in such case the Provost shall inform the Faculty Association. When the AAU Appointments Committee is unable to achieve a quorum, the Provost may approve the waiver upon the recommendation of the Dean in consultation with the Head, and with the agreement of the Faculty Association.

- (c) The University is committed to eliminating or modifying those human resource policies, practices, and systems, whether formal or informal, shown to have an unfavourable effect on the hiring and promotion of members of designated groups.
- (d) The parties agree that the best qualified candidate should be appointed. When the qualifications of a candidate who is a member of an under-represented designated group are approximately equal to those of the best available and acceptable candidate, then, all else being equal, the candidate from the under-represented designated group(s) shall be recommended to the AAU for consideration. The term, "approximately equal," refers to candidates whose scores on the hiring grid differ by 8% or less of the total number of points available.

- 30:07
- (a) Unless recommendations of the RCEE (as may be approved by Senate) provide otherwise, an EDI competent Employment Equity/Procedures Assessor shall be included, as a non-voting member of every appointments committee, search committee, and tenure/permanence and promotion committee, including UCAPT. Committee members on every appointments committee, search committee, and tenure/permanence and promotion committee, including UCAPT or UCRPPLM shall be required to complete Equity, Diversity and Inclusion (EDI) training during the life of this collective agreement.

Employment Equity/Procedures Assessors shall also be trained in the elements of Indigenous Knowledge and the role of Indigenous persons as public intellectuals for their communities/organizations, along with anti-racism training.

- (b) The Chair of PCEE and the President of the Faculty Association shall prepare and approve a list of Employment Equity/Procedures Assessors; such list shall be established annually by mutual agreement. The list of Employment Equity/Procedures Assessors so appointed shall be kept by both parties in alphabetical order and all assignments from such list shall be made through contact with the Office of the Provost. Assignments shall be for a set term as agreed to by the person and the Provost or the Provost's delegate and all subsequent assignments and/or assignments required because of vacancies shall be filled by the next available person on the list. All Employment Equity/Procedures Assessors shall be recognized by the Department Head/Program Director and Dean, or in the case of librarians, but the University Librarian or designate, for their contribution to the health, vibrancy, and collegial life of the institution.
- (c) Each Employment Equity/Procedures Assessor shall be provided with all relevant appointment or promotion and tenure materials, including a copy of the AAU's goals and timetables by the Head of the AAU to which the Employment Equity/Procedures Assessor has been assigned.

- 30:08
- (a) In the evaluation of candidates for appointment, tenure/permanence and promotion to a position in or within the bargaining unit, the criteria adopted must not systematically discriminate against members of the designated groups and shall be reviewed periodically to ensure that they do not undervalue work which is done predominantly by members of the designated groups.
 - (b) Candidates shall not be disadvantaged by reason of minor career interruptions caused by family responsibilities.

Provided that the Head does not take a sabbatical leave during their term as Head, all time accrued towards a sabbatical leave prior to the member's appointment as a Head shall be credited towards their next sabbatical leave. In consideration of the administrative and related functions performed by the Head during their term of office, clause 17:04 (a) shall not apply.

31:05 A librarian member who is appointed as a Library Department/Section Head, including Acting Library Department/Section Head, shall receive a responsibility stipend.

The responsibility stipend shall be based on the number of people for whom the Library Department/Section Head, is administratively responsible:

When an appointment is made by the University, it will provide the new member with a copy of this Agreement at the University's expense.

33:03 Prior to reproduction of this Agreement, the Administration shall ask the Faculty Association how many additional copies of the Collective Agreement the Faculty Association requires. These copies shall be provided at cost.

ARTICLE 34 PATENTS

34:01 The University encourages the publication of research results, inventions and discoveries, and all other scholarly works in all fields of academic endeavour in a climate of academic freedom and without regard to potential gain from royalties and other such income.

34:02 It is recognized that in the interest of most effective development and utilization of an invention, and for the protection of members and the University, it may be advisable to patent an invention developed in a course of research performed at the University.

- 34:03 (a) The University acknowledges that it has no claim or interest in any invention made by a member without the use of the University's facilities, support personnel, support services, equipment or materials or without encroaching upon University time.
- (b) However, the Association acknowledges that the University and/or any external organization or individual which has provided funds and/or equipment for the research which leads to an invention by a member have an interest in any invention made by a member which invention is made, developed or discovered using University facilities, support personnel, support services, equipment or materials or encroaching upon University time or with the use of any facilities, equipment, services, or time funded or provided by such external organization or individual. A member who has made an invention developed or discovered using University facilities, support personnel, services, materials or equipment shall submit a report to the Office of the Vice-President, Research and Innovation disclosing such use.
- (c) For the purpose of this Article 34, the payment of salary to members, the provision of a normal academic environment in which to work, and the performance of the regular work load shall not be construed as use of the University's facilities, support personnel, support services, equipment or materials or encroaching upon University time.
- 34:04 A member who has made, discovered or developed an invention, improvement or discovery to which clause 34:03 (b) applies, shall have the sole right to decide:
- (a) whether in consultation with the Office of the Vice-President, Research and Innovation to seek a patent at all or to allow the public use of the member's invention, improvement or discovery and
- (b) whether in consultation-with the Office of the Vice-President, Research and Innovation and by what means and on what terms to patent, produce or market the invention, improvement or discovery,
- (c) except when a funding or research agreement has been entered into between the University and an external organization or individual, in which case the member's rights shall be as specified in the funding or research agreement to which the member shall be a party and subject to this Article 34. Nothing herein shall obligate the University to expend money or incur other responsibilities except as expressly agreed by the University in this Article 34 or otherwise in writing.
- 34:05 All inventions resulting from research supported by the University, but excluding any of the services provided by the University under clause 34:03 (c), or under a funding or research agreement, are subject to such entitlement as shall be specified by written agreement between the University and/or external funding organization or individual and the member who is the recipient of research funds, but the economic return to the member in the case of university-provided funds shall be no less than that specified in clause 34:10 and where the funds are provided by an external funding organization or individual shall be as specified in the funding or research agreement.
- 34:06 A member shall notify the Office of the Vice-President, Research and Innovation in writing of any and all applications by the member for letters patent in any and all countries at least thirty (30) days prior to the filing of such application. If this would endanger the timely application for letters patent, the member shall either notify the Vice-President, Research and Innovation in writing prior to the filing of the application or notify the University by telegram concurrently with the filing of the application whichever can be done earlier. Nothing in this clause 34:06 shall be deemed to remove any rights the University may have with respect to such patent.
- 34:07 The University shall be deemed to have and the member shall grant to the University a non-exclusive, royalty-free, irrevocable, indivisible and non-transferable right to use solely for the University's internal use any patented invention when such invention was made, discovered or developed using University facilities, support personnel, support services, equipment or materials or encroaching upon University time. Such right shall not include the right to commercially exploit any such invention or to license anyone so to do except as provided in this Article 34.
- 34:08 Where a member has decided to patent, produce or market, at the member's own expense, an invention, improvement or discovery to which clause 34:03 (b) applies, before an application for a patent is filed by the member they shall negotiate an agreement with the University through the Office of the Vice-President, Research and Innovation which agreement shall include provisions addressed to the following issues:
- (a) the terms on which the University shall assign all its rights, title and interest in the invention to the member;
- (b) the value of the University's facilities, support personnel, support services, equipment or material or time encroachment by the member involved in the making, discovery or development of the invention, improvement or discovery;
- (c) how and when the University shall receive the amount of the value as agreed in clause 34:08 (b) and the terms of any security or lien which the University shall take to secure the receipt of such amount; and
- (d) any other matter which is appropriate in the circumstances.

- 34:09 For the purposes of clause 34:08 the member shall initiate a request in writing to the office of the Vice-President, Research and Innovation, that the University conclude this agreement referred to in clause 34:08. The Vice-President, Research and Innovation shall within ten (10) days of the receipt of the request in writing communicate, by notice in writing delivered to the member, the University's willingness to enter into negotiation and the name of the negotiator(s) for the University. The member at the member's discretion may appoint a negotiator(s) or represent the member in the negotiation. If the Vice-President, Research and Innovation fails to communicate in writing the University's willingness to negotiate within ten (10) days, or, if after receiving the reply of the Vice-President, Research and Innovation the parties to the negotiation fail to reach agreement within thirty (30) days of a written demand to start negotiations delivered by the member to the Vice-President, Research and Innovation, the member or the University may submit the issue to arbitration, under the Arbitration Act and the arbitrator shall be charged to determine the appropriate terms of this agreement consistent with the principles expressed in this Article 34. The arbitrator may not assign to the University any costs involved in any assignment or render the University liable in any way as a guarantor or otherwise of the said patent, invention, improvement or discovery.
- 34:10 Where a member decides that they will not patent, produce or market an invention, improvement or discovery at the member's own expense but consents to the University patenting, producing or marketing the invention, before an application for patent is filed by the University, the University shall negotiate an agreement with the member. This Agreement shall provide that the member shall assign all the member's right, title and interest in the invention, improvement or discovery to the University, subject to the University and member sharing equally in the net income derived by the University from the commercial exploitation of the said invention, improvement or discovery after payment of all fees and expenses incurred by the University in the application for patent, and all other expenses incurred in the commercial exploitation of the said invention, improvement or discovery. However, if the University decides, with the consent of the inventor, to assign the prosecution of the patent application and the commercial exploitation thereof to an outside agency such as Canadian Patents and Development Limited (CPDL), thereby incurring no responsibilities or liabilities or any cost legal or otherwise in prosecuting the patent application, or commercially exploiting the invention, the income returned to the University by the agency under the terms of the then current agreement shall be shared by the faculty member(s) receiving from fifty-five percent (55%) to seventy percent (70%) of such income, the lower amount where the use of University facilities, support services, personnel or time encroachment was substantial, and the higher amount where such use or encroachment was small. Nothing herein shall obligate the University to expend money or incur other responsibilities except as expressly agreed by the University in this Article 34 or otherwise in writing.
- 34:11 The name of the University shall not be used in connection with inventions, improvements or discoveries without the prior written agreement of the University although nothing shall prevent the member from stating the member's employment, rank and title in connection with such inventions. Such statement shall not in any way imply approval, promotion or use of the invention, improvement or discovery by the University and, further, such statement shall be qualified so as not in any way to tend to expose the University to liability in law arising out of or relating to the invention, improvement or discovery.
- 34:12 Notwithstanding the provisions of clause 34:10, a member, after obtaining written authorization from the President of the Faculty Association, may negotiate an income allocation agreement with the University that is outside the guidelines specified therein. Any such agreement shall not serve as a precedent.

ARTICLE 35 COPYRIGHT

- 35:01 The University acknowledges that it has no interest in and makes no claim to any copyrights in any works, including those created with alternative learning technology, authored by a member save and except when such work was made, prepared, produced, authored or otherwise developed by a member involving the use of direct University funding, or under a contractual agreement with the University, or with the use of the University production facilities as defined in clause 35:02 (e), including personnel, equipment and material free of charge or substantially below commercial rates, or in which the University has rights as licensee in accordance with the provisions of this Article 35. The Association acknowledges that its members have no interest in and make no claim to copyright in work commissioned by the University, unless otherwise agreed to in the contractual agreement between the University and the member, or in any official reports, correspondence, grades, assessments or similar material produced pursuant to the normal administrative duties of a member within the University.
- 35:02 For the purposes of this Article:
- (a) The word "copyright" shall be read and understood as used in the context of the Copyright Act of Canada and means the sole right to produce or reproduce the work or any substantial part thereof in any material form whatever, to perform, or in the case of a lecture to deliver, the work or any substantial part thereof in public or, if the work is unpublished, to publish the work or any substantial part thereof.
 - (b) The words "author" and "work" shall be read and understood as used in the context of the Copyright Act of Canada.

- (c) The words "recorded work" shall mean all finished recordings made on magnetic tape, film, phonograph record, kinescope, plate, computer disk, CD-ROM, mainframe computer file or other recording medium. However, articles, books, class notes, class syllabi and bibliographies shall not be read or understood as recorded work.

- (e) University production facilities means equipment, computers, software or materials which are:
 - (i) provided by the University for use by members in carrying out their responsibilities as teachers and/or scholar researchers; and
 - (ii) used by a member carrying out the abovementioned responsibilities, in the making, preparation, production or development of any recorded work(s) in respect of which the member wishes to assert the member's rights as owner of the copyright therein. However, the use by a member of normally available word processing, spread sheet, database, communication, or analysis, application software installed on normally available computer facilities owned by the University, shall not constitute the use of University production facilities.

- (g) A member shall not accept nor be offered by the University direct University funding or the use of the said University production facilities, including material free of charge or substantially below commercial rates, until they have written a letter, signed by the member and delivered to the Provost stating that they have read and understand the provisions of this Article 35. A copy of the said letter shall be sent to the Association forthwith by the member.

Recorded Works and License for Internal Use

35:03 The parties agree that, in the case of recorded works made, prepared, produced, authored or otherwise developed by a member involving the use of direct University funding or the use of the said University production facilities, including material free of charge or substantially below commercial rates, the University shall have the right to the free internal use of the work for the educational and instructional purposes of the University and the University shall be deemed to be a licensee of the member for this purpose. The rights of the University shall include the right, at the University's expense, to make copies of recorded works for the internal use of the University as set out in this clause 35:03. Nothing in this clause 35:03 shall be construed as a waiver of any copyright by the member who owns the copyright or as permission to the University or to any agent of the University to broadcast, diffuse or rediffuse the work to the general public (i.e., the University shall not broadcast to an audience not principally composed of faculty, students and staff of the University or other restricted audience in the course of internal use) other than as provided in this Article 35.

35:04 Where a member owns copyright in a recorded work made, prepared, produced, authored or otherwise developed by a member involving direct University funding or the use of the said University production facilities, including material free of charge or substantially below commercial rates:

- (a) The license for free internal use of the work for the educational and instructional purposes of the University given to the University under clause 35:03 shall, in the absence of a written agreement to the contrary, cease one (1) year after the termination of the employment of the member at the University or five (5) years from the date of completion of the work, whichever duration is less. However if the work has been amended in pursuance of clause 35:12 by the member who owns copyright the aforementioned license shall, in the absence of any further written agreement, continue for a period of five (5) years from the date of such amendment, provided such amendment is made during the existence of the aforementioned license. In the case of layoff of the member from the University the license granted to the University pursuant to this clause 35:04 (a) shall cease on the date of the said layoff. A member may grant a further license to the University upon terms and conditions to be mutually agreed.
- (b) A member who no longer owns copyright or shares copyright with one or more persons, or with respect to which there is some impediment or business arrangement which denies to the member the absolute right to comply with the intent herein, agrees to make every effort lawfully to comply with the provisions of clause 35:04 (a).
- (c) The member(s) who owns copyright on completion of a recorded work for which the University has provided direct University funding or the use of the said University production facilities, including material free of charge or at a rate substantially below local commercial rates, shall write the Provost to inform the Provost of the completion of the work. The Provost shall reply within sixty (60) days stating whether or not the University wishes to exercise its option to secure a copy or obtain a license in accordance with the provisions of clause 35:03. If the Provost replies that the University does not wish to exercise these rights or if the Provost fails to answer within sixty (60) days, it shall be understood that the University has abandoned any right to secure a copy or obtain a license. If the member who owns copyright fails to notify the University as required, then the

University maintains its rights under this Article until such a letter is written by the member(s) to the Provost and has been disposed of in accordance with the provisions of this Article.

Rights of Members to Edit, Erase or Remake All or Part of Recorded Work

35:05 A member who owns copyright in a recorded work which is made, prepared, produced, authored or otherwise developed by the member involving the use of direct University funding or the use of the said University production facilities, including material free of charge or substantially below commercial rates shall have the right to view the recorded work when completed and to exercise the copyright by requiring the editing or erasure of any part of such material in which the member owns copyright and has the right, subject to the approval of the Dean, to remake such part. Such editing and erasing shall not be exercised arbitrarily but only for good artistic or educational reason. In the case of disagreement with regard to the reasons for editing or erasing recorded work the member or the University may submit the issue to adjudication by an individual experienced in such matters mutually agreed upon by the University and the Faculty Association.

35:06 In the event that a member who owns copyright has not, within thirty (30) working days after the completion of the recorded work, notified the Dean that the member wishes to exercise their rights under the clause 35:05, the member shall be deemed to have waived their rights to edit, erase or remake as set out in clause 35:05. However, nothing in this clause 35:06 derogates from the provisions contained in clauses 35:10 to 35:12 inclusive. For the purposes of this Article 35, a work shall be deemed to be completed on the date when the recorded work has been put in its final form and is available to the member who owns copyright. The said member shall be informed by the University in writing when the recorded work is available.

Recorded Work and License for External Use

35:07 Where a member owns copyright in a recorded work made, prepared, produced, authored or otherwise developed by a member involving direct University funding or the use of the said University production facilities including material free of charge or substantially below commercial rates:

- (a) The member shall grant to the University a license, that includes the right to grant others the right, to use the work externally for a term of five (5) years from the date of completion of the work. However, if the work has been amended in pursuance of clause 35:12 during the existence of said license by the member who owns copyright, the aforementioned license shall, in the absence of any further written agreement, continue for a period of five (5) years from the date of such amendment.
- (b) The member shall either directly or through the agency of the Association establish by written agreement with the University the fee or royalty to be charged for use of the recorded work for external purposes by the University or others. The said agreement shall provide that the member shall formally grant to the University the license referred to in clause 35:07 (a), and this agreement shall also set out the fee or royalty for the use of the recorded work for external purposes by the University or by others. The said agreement shall also include a budget statement that includes all estimated costs associated with the preparation, production, authoring and/or creation of the recorded work in question. The fee or royalty for the use of the recorded work by the University and the fee or royalty which the University shall charge others for the external use of the recorded work shall be established by negotiation between the University and the member. If the parties to the negotiation fail to reach agreement, with respect to the fee or royalty for the external use of the recorded work by the University and/or the fee or royalty which the University shall charge others for the external use of the recorded work, within thirty (30) days of the reply the Provost pursuant to clause 35:07 (e), the member or the University may submit the issue to adjudication by an individual experienced in such matters mutually agreed upon by the University and the Faculty Association.
- (c) The member, if the license granted to the University pursuant to clause 35:07 (a), is not exclusive, shall not grant any other licenses at fees or royalties less than those determined in clause 35:07 (b).
- (d) The member may waive any fee, royalty or other payment provided that such waiver shall be in writing and shall be limited to the occasion and the user or users specified in the said writing, and that a copy be provided to the Association.
- (e) The member(s) owning copyright on completion of a recorded work for which the University has provided direct University funding or the use of the said University production facilities, including material free of charge or substantially below local commercial rates, shall write the Provost to inform the Provost of the completion of the work. The Provost shall reply within sixty (60) days stating whether or not the University wishes to exercise its option to secure a copy of the work and whether or not it wishes the license to exploit the work in accordance with the provisions of clause 35:07 (a). If the Provost replies that the University does not wish to exercise these rights or if the Provost fails to answer within sixty (60) days, it shall be understood that the University has abandoned any right to secure a copy or obtain a license. If the copyright owner fails to notify the University as required then the University maintains its rights under this Article until such a letter is written by the member(s) to the Provost and has been disposed of in accordance with the provisions of this Article.

- (f) The University shall not loan or transfer a copy of the recorded work, nor allow any agent to loan or to transfer such a copy to any third party outside the University without written permission from the member(s) who own(s) the copyright(s) or from any agency duly appointed by the member(s) to represent the member's interests. A copy of such permission shall be sent by the University to the Association within thirty (30) days of receipt by the University.
- (g) Any fees or royalties or other gross income received as a consequence of the exploitation of the recorded work by the University pursuant to this clause 35:07 shall be distributed fifty percent (50%) thereof to the member and fifty percent (50%) thereof to the University, unless otherwise mutually agreed to by the member and the University.

35:08 The University shall not unreasonably restrain the external exploitation of copyright works and shall use its reasonable best efforts to promote the external commercial exploitation of recorded works falling under the provisions of clause 35:07 in the period(s) for which the University has a license under clause 35:07 (a).

Sale or Assignment by a Member of Recorded Work

35:09 Where a member owns the copyright in a work in which the University has subsisting rights to use internally as set out in clauses 35:03 and 35:04 or rights to use externally as set out in clause 35:07 and the member wishes to dispose of the member's copyright by assignment, the member shall as a condition precedent to their right to assign:

- (a) give the University the right of first refusal and otherwise adequately protect the University's subsisting rights to use the work internally as set out in clauses 35:03 and 35:04, and
- (b) adequately protect the University's subsisting rights to use the recorded work externally as set out in clause 35:07.

The member may request in writing, to the Provost, to waive such requirements for protecting the University's subsisting rights and the University may dispense with either or both of the requirements at its discretion. In the event that the Provost has not replied in writing delivered to the member within thirty (30) days of the receipt by the Office of the Provost of the written request of the member, the member shall be deemed to have received the waiver requested.

Storage, Erasure and Withdrawal of Recorded Work

35:10 The University shall retain possession of every recorded work transferred to it pursuant to this Article 35 in which the copyright is owned by a member and shall exercise reasonable care to ensure that any such recorded work is not erased, amended or edited without complying with the provisions of clauses 35:05 and 35:06.

35:11 No recorded work in which a member owns copyright shall be erased by the University without thirty (30) days prior notice of the intended erasure being given to the member, such notice to be given in writing and delivered to the member at the member's last address known to the Department of Human Resources of the University. Erasure is not contingent on acknowledgment or approval by the member, notice being solely to provide the opportunity before erasure for the member owning copyright in the recorded work to obtain copies of the work at the member's own expense.

35:12 A member who alone owns the copyright in a recorded work in which the University has subsisting rights under clauses 35:03, 35:04 and 35:07, and who believes their work to have become unsatisfactory for a proposed use due to dating or unsuitability, may require the recorded work to be amended or may require its use to be withheld, but a member may not require such amendments or withholding within two (2) years of the delivery of the recorded work to the University unless otherwise mutually agreed by the member and the University. In the case of more than one member owning the copyright in a recorded work in which the University has subsisting rights under clauses 35:03, 35:04 and 35:07, all owners of copyright in the recorded work must agree to require amendment or withholding under this clause 35:12. However, if the part of the recorded work in which a member owns copyright is severable as set out in clauses 35:13 to 35:15 inclusive, the member may require the amendment or withholding pursuant to this clause 35:12 of that part of the recorded work in which the member alone owns the copyright. The member or the University may submit any dispute arising under this clause 35:12 to adjudication by an individual experienced in such matters mutually agreed upon by the University and the Faculty Association.

Severability of Recorded Work

35:13 Where more than one member owns a copyright in a recorded work in which the University has subsisting rights under clauses 35:03, 35:04 and 35:07, each copyright owner may exercise the member's rights with respect to the part of the recorded work in which the member owns the copyright if the member's part is severable from the rest of the recorded work.

35:14 A part is severable for the purposes of clause 35:13 if it could be erased without substantially diminishing the value of the remaining part or parts of the recorded work, or if it would be reasonably practicable to replace the part in the recorded work.

35:15 Where a recorded work includes non-severable parts in which copyright is owned by different persons and in which the University has subsisting rights under clauses 35:03, 35:04 and 35:07, any reference in this Article to rights of the owner of the copyright or to permission of the owner of the copyright shall be deemed to mean the unanimous permission of all such persons.

Use of University Production Facilities

35:16 Where the making, preparation, production or development of any recorded work requires the use of the said University production facilities, including material free of charge or substantially below commercial rates, such use shall be requisitioned in accordance with the forms developed by the University from time to time, if such forms do not violate or abridge this Agreement. Any sections of the forms which may violate or abridge this Agreement shall be deemed null and void.

ARTICLE 36 PATENTS AND COPYRIGHT

36:01 The provisions contained in this Article 36 shall be applicable to both Article 34 and Article 35.

36:02 The University shall not enter into any agreement to subcontract the services of any member of the bargaining unit to any third party whatsoever for the purposes of the writing, editing, or production of recorded works or any consultation pertaining thereto without securing to the members of the bargaining unit all the rights, privileges and benefits accorded to them in Articles 34 and 35. If the University violates this clause 36:02, this Agreement to subcontract shall not apply to members of the bargaining unit unless there is an agreement in writing between the University and the Association to waive this clause 36:02.

36:03 A member may waive any fee or royalty to which the member may be entitled under Articles 34 and 35. Any such waiver shall be in writing and shall be limited to the occasion and the user specified in the said writing. A copy of the waiver shall be provided to the Association.

36:04 Any time prescribed by Article 34 or 35 may be enlarged or abridged by written consent of the member concerned and the written consent of the University.

36:05 When any document or other material is required by Article 34 or 35 to be delivered it shall be deemed to be delivered as required when sent by registered mail addressed to the appropriate recipient or when delivered to the appropriate recipient personally. Where sent by registered mail, the date of delivery shall be the date of registration.

36:06 Unless otherwise mutually agreed to by the member and the University, when a member or former member dies, the member's estate, heirs and beneficiaries shall retain all their rights and responsibilities under Articles 35 and 36.

ARTICLE 37 NOTICES AND OFFICIAL CORRESPONDENCE PURSUANT TO AGREEMENT

37:01 Except where otherwise expressly provided, notices required to be given under the provisions of this Agreement shall be in writing.

37:02 Notices to and official correspondence with the University shall be addressed to the attention of the Provost. Notices to and official correspondence with the Association shall be addressed to the attention of the President of the Association or the President of the Association's delegate.

ARTICLE 39 GRIEVANCE AND ARBITRATION PROCEDURE

39:01 The parties agree that they will use their best efforts to encourage informal, amicable and prompt settlement of complaints and grievances arising from the interpretation, application, administration or alleged violation(s) of this Agreement. However, the parties recognize that one of the cornerstones of collective bargaining is a viable grievance procedure allowing for a prompt and fair hearing of matters arising from the interpretation, application, administration or alleged violation(s) of this Agreement. Except as otherwise provided in this Agreement, the procedures outlined below shall be the sole method for the resolution of complaints or grievances arising from the interpretation, application, administration or alleged violation(s) of this Agreement.

39:02 A representative of the Faculty Association shall have the right to be present at all steps of the grievance procedure and to represent the grievor at all steps. Notwithstanding the preceding, however, only the Association and the University shall have the right to proceed with grievances beyond step 1.

39:03 The parties shall be bound by and shall promptly implement all decisions arrived at under the procedures described in this Article 39.

39:04 All communications required by this Article 39 to be in writing shall be delivered personally or by registered mail.

Types of Grievances

- 39:05 (a) Individual Grievance - a grievance by a member, who is solely affected, that the terms and conditions of this Agreement have been violated, misapplied or misinterpreted. The grievance may be initiated by the member or by the Association.
- (b) Group Grievance - a grievance by more than four (4) members who are affected, that the terms and conditions of this Agreement have been violated, misapplied or misinterpreted. A group grievance shall involve more than four (4) members and may be initiated by the Association at step 2 or 3. The members involved in the grievance shall be listed on the grievance form.
- (c) Policy Grievance - a grievance arising directly between the Association and the University concerning the interpretation, application, administration or violation of the provisions of this Agreement which has implications generally for Association members. The grievance may, but need not relate to an actual dispute involving an individual member or group of members. Nothing in the Article shall be deemed to preclude the Association from initiating, as a Policy grievance, a grievance which is also the subject of an individual grievance or a group grievance, nor shall the initiation of a Policy grievance preclude such individual or group grievances which are approved by the Association. The Association shall have the right to bring grievances to the University at step 3.
- (d) University Grievance - the University shall have the right to bring grievance(s) against groups of members commencing at step 3 and against an individual member commencing at step 1.

The Grievance Procedure

- 39:06 Any complaint may be presented orally and discussed informally between the complainant and the complainant's Head; for a librarian member, with an Associate University Librarian or Law Librarian, as applicable. The complainant may request a representative of the Faculty Association to be present at this meeting.

The grievance procedure shall be as follows:

STEP 1

When a member wishes to initiate a grievance, the member shall notify the Faculty Association within fifteen (15) working days of the occurrence of the incident or the date when grounds for a grievance were known or should reasonably have been known by the grievor; or if an informal meeting has been held, within fifteen (15) working days of the informal meeting. Once the Faculty Association has been notified, a Step 1 meeting shall be held within twenty (20) working days to discuss the grievance, attended by the member, the Head (or, for a librarian member, an Associate University Librarian or the Law Librarian, as applicable), and a Grievance Officer appointed by the Faculty Association. In the event the grievance is not satisfactorily resolved at Step 1 the grievor shall within ten (10) working days indicate in writing to the Faculty Association that the grievor wishes to continue to Step 2. If the Faculty Association decides to continue to Step 2, a written grievance shall be forwarded to the Dean, University or Law Librarian as applicable.

STEP 2

The Dean, (University or Law Librarian, as applicable) shall meet with the grievor and the grievor's Association representative no later than ten (10) working days after receipt of the written grievance. Every reasonable attempt shall be made to resolve the grievance. In the event a settlement is reached at the meeting, it shall be immediately put to writing and signed by the Dean (or University or Law Librarian, as applicable) and the Faculty Association. In the event a settlement is not reached, the Dean shall, within five (5) working days of the meeting, indicate the status of the grievance in a memo to the Association's Vice-President, Grievance. The Faculty Association may forward a copy of the grievance to the Provost within fifteen (15) working days of the said meeting.

STEP 3

The Provost shall meet with the President of the Association, or the President of the Association's delegate, within ten (10) working days of receipt of the grievance. Every effort shall be made to resolve the grievance. The Provost shall provide a written response stating the disposition of the grievance within seven (7) working days of such meeting to the Faculty Association, with a copy to the grievor.

- 39:07 The identity of the member(s) who file individual and group grievances shall be kept confidential by the Provost, Dean(s), Heads, the Faculty Association and by those to whom it is necessary to communicate this information for the purposes of resolving said grievances.

- 39:08 Any recommendation for the resolution of a grievance by a Head or other member of the bargaining unit shall have no force and effect unless and until ratified in writing by the Dean(s), the University Librarian or the Law Librarian as the case may be.

- 39:09 The University undertakes to supply to the President of the Association a current list of delegates authorized to act for the Dean(s), the University Librarian, the Law Librarian or the Provost.
- 39:10 Should the grievance against the University involve a decision at Step 2, such grievance shall be commenced at Step 3; should the grievance against the University involve a decision at Step 1, such grievance shall be commenced at Step 2; grievance(s) contemplated by clauses 13:07 and 13:21 of this Agreement shall proceed directly to arbitration.
- 39:11 Should a grievance arise directly between the University and the Association, such grievance shall be commenced at Step 3.
- 39:12 The Association shall have the right to bring grievance(s) on behalf of groups of members commencing at Step 3; the University shall have the right to bring grievance(s) against groups of members commencing at Step 3 and against an individual member commencing at Step 1; nothing in this clause 39:12 shall preclude informal discussion prior to the lodging of the written grievance at Step 3.

Exclusions from the Grievance Procedure

- 39:13 The grievance and arbitration procedures under this Article shall not be available for resolution of disputes exclusively concerned with:
- (a) dismissal for just cause under Article 29 of this Agreement;
 - (b) promotion, tenure and renewal of contract except as expressly provided in clauses 13:07 and 13:21 of this Agreement;
 - (c) financial exigency, except as expressly provided under Articles 15 and 16 of this Agreement.

Arbitration

- 39:14 (a) Except for the grievance(s) referred to specifically in clause 39:13, where a grievance is not resolved to the satisfaction of both parties at Step 3, the Association or the University may, within fourteen (14) working days of receipt of the report of the Provost, serve notice that it intends to proceed to arbitration by a single arbitrator as hereinafter provided for in this clause 39:14.
- (b) The parties hereby authorize and appoint the following persons to serve as a panel of nine (9) arbitrators on a rotating basis for the duration of this Agreement:
1. Bill Kaplan
 2. Gail Misra
 3. Kenneth Swan
 4. Sheri Price
 5. Richard MacDowell
 6. Louisa Davie
 7. Jasbir Parmar
 8. Brian Langille
 9. Kim Bernhardt

Each of the foregoing arbitrators shall serve singly in the order listed. If the arbitrator is not available within a reasonable period of time, but in any event not to exceed one (1) month, the next arbitrator in order shall be selected and so on until one of the arbitrators is available. For the next arbitration thereafter the arbitrator who is listed after the arbitrator last selected shall be next in line. By mutual consent, however, any one may be selected out of turn. If in any case none of the arbitrators is available within a reasonable time, but in any event not to exceed one (1) month, another arbitrator may be selected by mutual consent. If such selection has not been made within seven (7) days, either party may request the Minister of Labour for Ontario to make the appointment.

- (c) The arbitrator shall hear and determine the grievance and shall issue a decision and the decision is final and binding upon the parties and upon any member affected by it. The arbitrator shall have jurisdiction to award such remedy or remedies as the arbitrator may deem to be appropriate except the award of costs against either party, but shall not have jurisdiction to amend or add to any of the provisions of this Agreement, to substitute any new provisions in lieu thereof, or to give any decision inconsistent with the terms of this Agreement. However, the arbitrator shall not be barred from hearing a grievance and rendering an award on the basis of a technical irregularity.
- (d) The appropriate arbitration provision of the Labour Relations Act of Ontario shall be deemed to apply to the time for taking any step in this clause 39:14.
- (e) Each of the parties to the arbitration shall share the fees and expenses of the arbitrator equally.

Arbitration Board

- 39:15 (a) In the event that a complaint arising from denial of tenure on the grounds set out in clause 13:07 is not resolved, the Association may within fourteen (14) days of notice of the recommendation of the President to the complainant or within fourteen (14) days of the date the complainant becomes aware of the failure of the President to make a recommendation serve written notice to the University that it intends to proceed to arbitration and such notice shall contain the name of its appointee to the arbitration board. The respective appointees shall, within a further fourteen (14) days, select a third appointee to the arbitration board who shall act as Chairperson and who shall be chosen from among the following:
1. Bill Kaplan
 2. Gail Misra
 3. Kenneth Swan
 4. Sheri Price
 5. Richard MacDowell
 6. Louisa Davie
 7. Jasbir Parmar
 8. Brian Langille
 9. Kim Bernhardt
- Each of the foregoing persons shall serve as Chairperson of the arbitration board in the order listed. If the Chairperson is not available within a reasonable period of time, but in any event not to exceed one (1) month, the next person in order shall be selected and so on until one (1) of the persons is available. For the next arbitration thereafter the person who is listed after the Chairperson last selected shall be next in line. By mutual consent, however, any one may be selected out of turn. If in any case none of the persons is available within a reasonable time, but in any event not to exceed one (1) month, another person may be selected to serve as Chairperson by mutual consent. If such selection has not been made within fourteen (14) days, either party may request the Minister of Labour for Ontario to make the appointment.
- (b) The arbitration board shall hear and determine the grievance and shall issue a decision and the decision is final and binding upon the parties and upon any member affected by it. The decision of a majority is the decision of the arbitration board, but if there is no majority the decision of the Chairperson governs. The arbitration board shall have jurisdiction to award such remedy or remedies as it may deem to be appropriate, except the award of costs to either party, but shall not have jurisdiction to amend or add to any of the provisions of this Agreement, to substitute any new provisions in lieu thereof, or to give any decision inconsistent with the terms of this Agreement. However, the arbitration board shall not be barred from hearing a grievance and rendering an award on the basis of a technical irregularity.
- (c) The appropriate arbitration provision of the Labour Relations Act of Ontario shall be deemed to apply to the time for taking any step in this clause 39:15.
- (d) Each of the parties to the arbitration shall pay the fees and expenses of their or its nominee and shall share the fees and expenses of the Chairperson equally.

39:16 Notwithstanding anything in this Article 39 to the contrary, the University and the Association may agree at any time in respect of any grievance which is submitted to arbitration to have the grievance arbitrated either by a single arbitrator in which case clause 39:14 applies or by an arbitration board in which case clause 39:15 applies.

ARTICLE 54 SESSIONAL INSTRUCTORS/POSTED COURSES

Definition, Duties, Privileges and Responsibilities of Sessional Instructor Members

- 54:01 The University recognizes that while the appointment of persons to sessional positions is not in general a satisfactory substitute for full-time academic appointments, save and except for the category of sessional lecturer as defined in this Agreement, it may be necessary to appoint sessional instructors due to specific circumstances in which financial restraints make full-time academic appointments difficult. The University will make all reasonable efforts not to rely on such appointments.
- 54:02 sessional instructor - means a member of the Bargaining Unit who is a clinical instructor in Nursing, or who is a special instructor in Music, or who is scheduled to teach one (1) or more credit courses during the academic year provided that

they teach no more than six (6) courses per academic year with no more than three (3) courses during the period of any semester. The parties agree that the persons included within the definition of Sessional Instructor are not faculty, professional librarians, or ancillary academic staff as defined in Article 12.

54:03 Teaching duties comprise the only function for sessional instructors.

Appointment of Sessional Instructor Members

- 54:04 (a) Appointments of sessional instructors are made by the Board of Governors on the recommendation of the President in accordance with clauses 12:01 and 54:05 of this Agreement. Normally a Letter of Appointment signed by the President shall be sent to the member electronically and copied to the Association as soon as practicable and no later than July 1 for the subsequent fall term, November 1 for the subsequent winter term, and March 15 for the subsequent intersession and summer terms. The letter shall specify the course number(s), length, terms and conditions of appointment, including number of instructional hours, scheduled lab hours per course, the stipend per assigned scheduled hour for teaching labs and salary (including Employment Standards Act vacation entitlement) and sessional seniority as defined in Article 1. A copy of the current Agreement shall be sent with the letter of initial appointment.
- (b) In exceptional circumstances in which time would not allow for the normal appointment procedure required under this Agreement e.g., illness of a member originally scheduled to teach; opening of new sections of course(s); unanticipated commencements of Leave of Absence, etc., the University retains the right to appoint sessional instructors on the recommendation of the AAU Appointments committee, in accordance with Article 54:06. The University shall inform the President of the Association of each appointment made and the circumstances thereof within fourteen (14) calendar days of the appointment. Any individual so appointed shall complete the University Application Form and provide such other supporting academic documents as the AAU may require. Reappointment of such an individual shall be subject to the normal appointments procedure of clause 54:05.

- c) The following table of equivalents shall be used for the purpose of calculating the sessional seniority of sessional instructors in Nursing

Fall/Winter Semester number of hours taught per week	course equivalent
20-24	5 courses
13-19	4 courses
8-12	3 courses
5-7	2 courses
1-4	1 course
Intersession/Summer Session	
2 weeks	1 course
4 weeks	2 courses

- (d) The following table of equivalents shall be used for the purpose of calculating the sessional seniority of special instructors in the School of Music per semester:

number of hours taught per week	(course equivalent and/or conducting master class(es))
14.5 - 21 hours	1.5 courses
7.5 - 14 hours	1.0 course
0.5 - 7 hours	0.5 course

54:05 With the exception of appointments made under clause 54:04 (b) all sessional instructor appointments shall be made on the recommendation of the AAU Council in accordance with Senate Bylaws and clauses 54:07 and 54:08 and the applicable Employment Equity legislation. At the request of a member attending an AAU council meeting to accept the recommendations of appointment of sessional instructors, a motion to vote by secret ballot may be moved and if passed, the vote on that appointment will be conducted by secret ballot.

Qualification and Appointments Criteria:

- 54:06 (a) Qualifications shall consist of teaching competence and academic credentials. The following factors shall be used to measure teaching competence:
- (i) teaching experience in the same (or similar) courses;
 - (ii) teaching experience generally;

- (iii) evidence of teaching effectiveness, including teaching evaluations from the University of Windsor or elsewhere, when available. Additionally, in the case of an Indigenous applicant, written comments from Indigenous Elders and/or Traditional Knowledge Carriers/Keepers about a candidate's teaching shall be applicable;
- (iv) references from other teachers and colleagues, and where relevant Indigenous Elders and/or Traditional Knowledge Carriers/Keepers;

The following factors shall be used in determining academic credentials:

- (i) graduate degree(s) and/or equivalent experience with Indigenous Knowledge Systems relevant to the subject matter of the course; normally a Master's Degree and/or professional degree in an appropriate area and/or professional registration or certification appropriate to the member's field of study shall be sufficient for the appointment of a sessional instructor;
 - (ii) graduate work and/or equivalent experience with Indigenous Knowledge Systems in the area of the subject matter of the course;
 - (iii) professional designation and/or related professional experience or applied research where applicable;
 - (iv) research, publications, creative works, etc., and/or diverse forms of Indigenous scholarship relevant to the subject matter of the course.
- (b) (i) The University acknowledges that the criteria used in selecting among applicants to fill posted course offerings will be qualifications, subject to the following six course rule. When a course is posted, applicants who have taught the same or similar courses six (6) or more times as a sessional instructor at the University who are not employed in a full-time capacity outside the bargaining unit, and who have a demonstrated record of successful teaching as measured by the criteria in clause 54:06 (a), shall be considered preferred applicants for that course. If more than one preferred applicant has applied for a course, the course shall be assigned to the preferred applicant who has taught the course the greatest number of times as a sessional instructor at the University.
- (ii) The demonstrated record of successful teaching required in 54:06 (b) shall be determined as follows. After a sessional instructor has taught the same or similar course for the sixth time or more, following application by the sessional instructor to the Head of the relevant AAU, the AAU Renewal Promotion and Tenure Committee shall review the sessional instructor's performance in that course with reference to the criteria in clause 54:06 (a) and any statement from the AAU Head concerning documented and investigated student complaints, unusual patterns of withdrawal from the instructor's classes, and other points which the AAU Head deems relevant. Applications for preferred applicant status shall be reviewed as soon as practicable and without undue delay, normally within 60 days from the time of application. An eligible member whose application for preferred applicant status has been denied but who within the following forty-eight (48) months teaches or is deemed to have taught the same or similar course four (4) further times shall thereby be granted preferred applicant status for the course.
- (iii) A sessional instructor who has attained preferred status for a course retains such status for that course or a similar course so long as the member is not employed in a full-time capacity outside the bargaining unit.

Effective July 1, 2013, a sessional instructor who has attained preferred applicant status for one or more courses shall be reviewed regularly by the AAU Renewal, Promotion and Tenure Committee for those courses for which the member has attained preferred applicant status. Said review shall be completed with reference to the teaching competence criteria in clause 54:06 (a) and any statement from the AAU Head concerning documented and investigated student complaints, unusual patterns of withdrawal from the instructor's classes, and other points which the AAU Head deems relevant.

The performance review shall be normally completed every three years starting with the anniversary of the attainment of preferred applicant status. However, if the sessional instructor has taught the course fewer than three times since the attainment of preferred applicant status or the most recent review, the review shall be completed after the sessional instructor has taught the course three times.

The performance review will be in writing and shall be completed and communicated to the member by October 1. Each sessional instructor who has received a performance review under this Article, within five working days of being informed of the contents of the review, shall have the right to make a written response which shall also be placed in the member's file.

The performance review is intended to assist sessional instructor members in improving their teaching and potentially to assist members with respect to career progress.

- (c) When the qualifications as defined in this Article are judged to be relatively equal, the appointment shall be made as follows:
- (i) except where the six course rule applies, the posted course(s) shall be distributed on an equitable rotation from semester to semester from among the faculty, librarians, ancillary academic staff or sessional lecturer applicants, all of whom take preference over sessional instructor applicants.
 - (ii) except where the six course rule applies, when only sessional instructors apply for posted course(s) and qualifications are judged to be relatively equal, sessional seniority as defined in Article 1 will be the determinative factor provided that the seniority is equal to or greater than five (5). Except for non-Canadian applicants who have taught during the previous Collective Agreement, the University shall give preference to Canadian citizens and/or landed immigrants subject to prevailing laws.
 - (iii) except where the six course rule applies, when two or more sections of a posted course are available, appointments may be equitably distributed among sessional instructors(s) and current qualified PhD student(s), who have no prior experience teaching a credit course at the University of Windsor.

Sessional Lecturers who apply for posted courses during intersession or summer session shall be considered as sessional instructors for these sessions.

ARTICLE 60 ETHICAL CONDUCT OF RESEARCH

Introduction

60:01 The policies set forth in this Article outline general principles upon which the ethical conduct of research should be based and apply to all members of the bargaining unit conducting research at the University of Windsor. Procedures are established for the effective handling of allegation(s) of research misconduct. These procedures are designed to protect the rights of members, the University, the Councils and other outside funding agencies.

Individual research units within the University may develop more specific policies appropriate for their individual disciplines if they deem it necessary. Research unit policies must be consistent with the ones outlined herein and, where they affect the terms and conditions of employment, approved by the parties in writing.

In the investigation of complaints, conflicts of interest must be avoided where possible, and openly declared where they cannot be avoided. Persons involved in investigating complaints shall be unbiased and shall have appropriate scientific and administrative background for evaluating the complaint.

Selection and Conduct of Research

- 60:02
- (a) Research projects should be selected, funding should be accepted and research should be conducted with due consideration for University policies, the responsible conduct of research, and guidelines on research ethics. Existing University regulations or guidelines include Guidelines for Research Involving Humans, and Tri-Agency policies including the Tri-Council Policy Statement: Ethical Conduct of Research Involving Humans second edition, (2018 and hereinafter "TCPS2") as amended from time to time and the Tri-Agency Framework: Responsible Conduct of Research (hereinafter "Framework") as amended from time to time and procedures for research involving animals, including guidelines of the Canadian Council on Animal Care as amended from time to time. All direct funding sources used in the conduct of research should be acknowledged in resulting publications in accordance with the granting body's policies.
 - (b) The primary responsibility for the selection and conduct of research rests with the individuals performing the research. In addition, in the case of collaborative or team research, the research director or principal investigator has an accountability for the research of the group or team. In the case of research conducted by graduate student(s) for major papers or projects, theses or equivalent, or dissertations, the instructor, advisor, or research director of the student(s) shall provide and explain these policies to the student(s) and shall satisfy themselves that the student(s) understand the requirements within the policies in relation to the research being carried out by the student(s). The instructor, advisor or research director shall take reasonable steps that are necessary to ensure that research carried out by the student(s) does not violate the policies and, in particular, shall require the student(s) to give a signed undertaking that they have not violated the policies in any way.

Supervision of Research Personnel

- 60:03
- (a) The principal investigator is ultimately responsible for all aspects of the research project, including supervision. The following recommendations are to be used as guidelines for the supervision of research personnel.
 - (b) The immediate responsibility for supervision of research personnel should be specifically assigned to a particular faculty member (usually the principal investigator) in each research unit.

- (c) The ratio of other research personnel, especially research trainees, to senior investigators should be small enough to allow effective communication and continuous supervision of all aspects of the research. If research associates or post-doctoral fellows are part of a research unit, it is recognized that they may have responsibility for day-to-day, intermediate supervision of junior members of the group.
- (d) The principal investigator should oversee the designing of research and the processes of acquiring, recording, examining, interpreting and storing data; simply editing publications is inadequate.
- (e) Continual transfer of information among members of a research group is expected save and except where a Research Agreement signed by the parties is in force that has confidentiality provisions to protect intellectual property. Collegial discussions among all research personnel in a research unit should be held regularly to identify individual responsibilities, to contribute to the scholarly efforts of group members, and to provide informal review.
- (f) With the assistance of the Office of Research and Innovation Services, the principal investigator should provide each new member of the research unit with applicable governmental and institutional requirements for the conduct of research involving human subjects, animals, radioactive or other hazardous substances or recombinant DNA, as appropriate, the research unit's guidelines for ethical conduct of research, as well as any other information that is directly relevant to the research activity, such as guidelines for use of archival material.

Definition of Terms

60:04

The parties agree that factors intrinsic to the process of academic research such as uncertainty, honest error, conflicting data, or honest differences in interpretation or assessment of data and/or of experimental design do not constitute fraud and/or misconduct. Clauses 60:04-60:06 shall be interpreted herein, subject to legislation and government agency regulations.

Conflict of Interest

occurs when a member of the university community acts, or where there is a reasonable presumption that such a member has acted, in a manner that seeks to advance or has the effect of advancing their own interests or the interests of others in a way that is detrimental or potentially harmful to the interests, integrity, or fundamental mission of the University (as outlined in Senate Policy and amended from time to time),

Contract Research

- (iv) material failure to obtain the permission of the author before making significant use of new information, concepts or data obtained through access to manuscripts or grant applications during the peer review process;
- (v) material misuse of the research funds of the university, federal or provincial granting councils or other sponsors of research;
- (vi) failure to disclose to the sponsors, or to those who commission the research, any conflicts of interest, as defined above;

- (vii) failure by researcher(s) to disclose conflicts of interest as defined above to the person or agency engaging them to carry out reviews of research grant applications or manuscripts for publication, or the testing of products for sale or distribution to the public.

means a product of the intellect to which the generator(s) may legitimately claim legal rights,

Member

means a member of the bargaining unit as defined in this Agreement between the University of Windsor and the Faculty Association,

Misuse of Research Funds

means not following the financial guidelines of the granting agency or applicable internal University guidelines on the management and disbursement of such funds. Technical violations of guidelines do not constitute misuse of research funds,

Parties

means the University of Windsor and the Faculty Association of the University of Windsor,

Plagiarism

Data

- 60:05
- (a) Data generated by the researcher(s) shall belong to the researcher(s) unless there is a written contract to the contrary.
 - (b) The following guidelines should be observed as applicable, with regard to data gathering, retention and storage. Permanent records that could be used to establish the ethical nature of the research, including data listings and computer codes shall be retained by the laboratory or unit in which they are generated for a minimum of five (5) years unless determined otherwise by the Vice President, Research and Innovation for the purpose of verifying, reproducing, or extending published results. With the knowledge and authorization of the principal investigator, a member of the research team may make copies of the primary data for the member's own use, but the immediate supervisor and all collaborators shall have free access at any time to all original data or evidence and products of the research. In certain instances it may not be necessary to save the raw data, but to provide instead the algorithm for generating the data. Authorization to make copies may not be withheld without valid reasons, which must be communicated in writing to the Dean of the Faculty and to the Provost or, in cases involving graduate students, to the Dean of the Faculty of Graduate Studies as well as the Provost.

- (c) Members are only responsible for data that is in their possession and not if it belongs to libraries, archives, or other laboratories. Any non-trivial financial costs involved in the retention of such data when required by the University shall be borne by the University.
- (d) Potential conflict with the ethical requirement to maintain control over data in order to preserve anonymity and confidentiality of research participants shall be resolved by reference to the University Research Ethics Board. Retention of and access to data shall be consistent with the University Guidelines on Research Involving Humans.
- (e) Provision of material products - such as cell lines, bacterial clones, other specific organisms and substances, or software developed and prepared during research - to third parties for non-commercial research purposes within or outside the research unit should be made with the approval of the principal investigator.

Authorship

60:06 Fraud and/or misconduct in academic research includes attribution of authorship to persons other than those who have made a significant intellectual or a practical contribution to the work. Purely formal association with the research project such as the headship of a laboratory, AAU or Faculty where the Head or Dean had no direct research involvement may be noted as an acknowledgment but not as authorship. General supervision of the research group is also not sufficient for authorship but may be acknowledged. 60:07 It is recognized that individuals may seek counsel from the Dean of the relevant Faculty before making allegation(s). The Dean should have a sense of fairness and be able to distinguish between misconduct, differences of opinion and incompetence. The Dean has the responsibility to inform the member concerned, to make reasonable, thorough, and (except where the TCPS2 and Framework as amended from time to time require disclosure and reporting to be done) confidential inquiries and to make every effort to resolve the matter informally. Where no written allegation(s) is forthcoming no action shall be taken and no record(s) shall be kept, subject to legislation and regulation under the Framework. In the event that the Dean decides that no investigation will take place, the allegation(s) shall be dismissed, no action taken, and all documentation pertaining to the allegation(s) shall be destroyed immediately.

- (c) If a member is accused of research fraud and/or misconduct and if questions pertaining to the member's data are relevant to the accusation, the member shall make the research data available during the formal investigation process or to the arbitrator adjudicating the case according to the procedures of this Article. A member shall only be responsible for providing access to data that are in their possession and not for data that may be stored in archives, libraries or other institutions which the University may consult at its expense and according to the rules of the host institution. The member shall be indemnified by the University for any material loss that occurs as a consequence of access to the member's data in conjunction with the investigation.

60:11 The Dean shall communicate their findings in writing to the President within fifty (50) working days of the date when the member(s) was in receipt of the written allegation(s). 60:14 (a) In the event that the Faculty Association serves notice to the University that it is proceeding to arbitration, the parties agree the issue shall be heard by a single arbitrator under the provisions of Article 39 of this Agreement. The arbitrator shall hear all the evidence *de novo*.

(c) No person consulted by the University concerning the case shall be appointed an arbitrator in any subsequent arbitration proceedings dealing with the allegation(s) against the member(s) being investigated.

60:15 If the President decides after formal investigation not to proceed against the member(s) named in the allegation(s), or if the arbitrator decides in favour of the member(s), the University shall remove all documentation from the member(s)'s file(s) and shall, at the sole discretion of the member, destroy the documentation or transfer it to the member(s). The University shall retain any arbitration report which shall be a public document. The University agrees to take such steps as may be necessary and reasonable to protect the reputation and credibility of persons wrongfully accused of fraud and/or misconduct in research.

60:17 The University agrees that it shall initiate disciplinary action against those who make allegation(s) of fraud and/or misconduct in research that are reckless, malicious or not in good faith and it shall take all reasonable steps to restore the reputation of the individual(s) who are falsely accused.

60:18 The parties agree that if an allegation(s) of fraud and/or misconduct in research is sustained in relation to research that is funded by an outside agency or has been published or submitted for publication, the President shall inform the agency or publisher concerned of that decision. If the outside agency or publisher has been informed of the proceedings before a judgment has been rendered, the President shall send a copy of the President's decision, or that of the arbitrator, to the agency or publisher concerned. The member(s) named in the allegation(s) shall be given copies of all documents (both internal and those sent to external individuals, agencies or publishers) pertaining to the said allegation(s).
