Research and Innovation COVID-19 FAQ

## News & Events

### Framework and Process for the Resumption of Research

Over the past few weeks, the Research Planning Working Group and the Critical Research Committee, comprising representatives from Faculties, departments, and offices across our campus, have worked to develop a comprehensive framework and process for the resumption of research activities at the University of Windsor. The resulting [UWindsor Framework for the Resumption of Research](#) was approved by the University's Executive on May 29, 2020, and will take effect on Monday, June 1, 2020.

**COVID-19 Information for Researchers**

Information on the UWindsor Framework for the Resumption of Research and the processes established for researchers planning to resume research activities are also available on the [COVID-19 Research and Innovation Guidance](#) page of the OVPRI website. Please visit the site regularly for updates.

### COVID-19 and the University Research Ethics Board and Animal Care Committee

The University of Windsor Research Ethics Board will continue to be available to researchers and study participants by email through the REB [mailbox](#) and by voicemail at the Office of Research Ethics 519-253-3000, ext. 3948. [Read more](#)

For animal care related inquiries, please contact John Hudson, Chair of the Animal Care Committee at [jhudson@uwindsor.ca](mailto:jhudson@uwindsor.ca).

### Welcoming our new Science Research Coordinator

Dr. Michelle Nevett is our new Science Research Coordinator within ORIS. Michelle completed her PhD and PDF at the University of Windsor in Biological Sciences and has previously held contract positions within ORIS and EPICentre. Michelle most recently worked as a Research Program Manager at St. Clair College within their Applied Research and Development Department and was a member of WE-SPARK Health Institute's Executive Committee through that role. As the Science Research Coordinator within ORIS, Michelle will work collaboratively with researchers and administration relevant to natural sciences

to support their pre-award research needs. Michelle is looking forward to hearing from you and can be reached at [mnevett@uwindsor.ca](mailto:mnevett@uwindsor.ca).

## ORIS WEBINARS

### Inside the SSHRC Review Committee:

What happens on the SSHRC adjudication committee? What implications does this have for your grant writing? During this virtual panel, three UWindsor faculty will share their recent Insight Grant committee experience. Monday, June 8, 2020, 2:30 – 3:30 PM. [Register online](#).

### CIHR, NSERC, and/or SSHRC? Shaping Proposals for Different Agencies:

What are some strategies for securing funding from CIHR, SSHRC, NSERC, and their shared New Frontiers in Research Fund? How do the agencies compare in terms of research funded, and application content and style? Join the ORIS team for an information session that will help you successfully frame your research for different agencies. Tuesday, June 9, 2020, 2:30-3:30 PM. [Register online](#).

## Funding Opportunities

### Faculty Deadlines for Applications

Some Faculties have internal deadlines to secure the relevant signatures and to offer proposals the opportunity for peer review before they are submitted to the funding agency.

\*Applicants from the Faculty of Education and FAHSS: By the "Application due Faculty" deadline below, email to the relevant person (1) the rough copy of application, and (2) an [ORIS form](#) signed by you and your department head:

- Education: [Glenn Rideout](#), cc. [Mandy Turkali](#)
- Faculty of Arts, Humanities, and Social Sciences (FAHSS): [Brent Lee](#)

Applicants from HK: By the "Application due Faculty" deadline below, email [Cheri McGowan](#) the rough copy of the application. Ask your department head and dean to sign your ORIS form before the ORIS deadline.

Applicants from Law: Two weeks before the ORIS deadline, email [Laverne Jacobs](#)

1. the rough copy of application, and
2. an [ORIS form](#) signed by you.

Applicants from other Faculties: Ask your department head and dean to sign your ORIS form before the ORIS deadline.

With academic conference travel on hold for at least the next few months, there are still ways to disseminate your Social Sciences and Humanities results and work with colleagues, user groups, and community stakeholders. Why not host a webinar? Prepare a digital performance? Create an infographic? Or even consult with the community to plan a new project? The UWT-SEG Exchange grant can also help you fund knowledge mobilization activities! With grants up to \$1000 available, an Exchange grant can help you offset costs like hiring a student, renting equipment, and more! We've created an [infographic of our own](#) to help you get to know the various ways that knowledge mobilization can help you give your research a social life. SSHRC also offers guidance on what [knowledge mobilization](#) is, as well as advice on [deploying it effectively](#).

Because knowledge mobilization can take so many forms, so can the expenses required to pull it off. We've suggested a few eligible expenses in our infographic, but a well-justified budget will be considered during adjudication if expenses are considered eligible by [UWindsor research policies](#). The full criteria for the UWT-SEG Exchange Grant can be [found online](#).

Knowledge mobilization can mean many different things, and the above resources aren't necessarily exhaustive. So, if you've got a great idea, why not take this opportunity to bring it to life?

[Applications](#) to the UWT-SEG Exchange Grant are due June 15, 2020, by email only to [oris@uwindsor.ca](mailto:oris@uwindsor.ca).

## 2020 Call for Submissions: Undergraduate Research Experience Program

Looking to hire an undergrad for a research project? The Office of Research and Innovation Services invites you to consider an application to its Undergraduate Research Experience (URE) program this summer. The Undergraduate Research Experience Grant is valued at **up to \$2,000**, and is intended to:

- develop student research **curiosity and skills** in critical and creative thinking, project management, and communication, which will enrich their subsequent academic and employment experiences
- provide **high-quality research experiences** to undergraduate students
- strengthen faculty research programs, particularly those situated in areas with few or no graduate students, by helping them to develop a **pool of well-trained undergraduate research assistants**
- establish **models and best practices** for supporting and expanding undergraduate research at the university and in the local community

Successful projects will prioritize undergraduate learning through research, inquiry, or creative activity, and will emphasize the involvement of students in all aspects of the project. To learn more about the Undergraduate Research Experience program, please [review the full guidelines online](#).

Submissions are due **August 10, 2020**.

**PLEASE NOTE:** URE submissions are paperless and set up for electronic signatures! Paper copies cannot be accepted at this time.

### Program Information in relation to COVID-19

NSERC continues to make adjustments to its operations as they monitor the evolution and impact of the novel coronavirus (COVID-19).

The information below will be updated on a regular basis. If you have any questions, please refer to

NSERC's [Contact Us page](#).

## NSERC Alliance Grants

- Intended for proposals which:
  1. conduct natural science or engineering research that addresses an unmet societal need
  2. connect organizations willing and able to overcome barriers to address these challenges and achieve results that can lead to a societal impact beyond economic benefits [More info](#)

### Impact of COVID-19 on strategic funding competitions

CIHR is continuing to closely monitor the evolution of the COVID-19 pandemic and is taking the necessary actions to support and address impacts on our operations. In response to the three-month moratorium on strategic funding opportunities, all posted deadlines are on hold

until further notice. Over the coming weeks/months, updates will be made to each funding opportunity once new timelines are confirmed. Potential applicants are therefore asked to stand by and refrain from applying to posted opportunities. A date of July 2, 2020 has been temporarily inserted and will be revised when more information becomes available.

CIHR continues to monitor the situation closely. For all information related to CIHR's response to the pandemic, please consult [CIHR's COVID-19 webpage](#).

For further information, please contact: [CIHR Contact Centre](#).

**Mental Health and Substance Use Operating Grants (under development – expected to launch end of May/ beginning of June):** Funding to support implementation science and population-level intervention research to address the impacts of COVID-19 and containment measures on mental health and substance use. The operating grants are expected to be launched within a month after the launch of the knowledge synthesis grants.

## **New Frontiers in Research Fund - 2020 Horizon Global Platform**

The [New Frontiers in Research Fund \(NFRF\) 2020 Horizon Global Platform](#) will provide funding for Canadian researchers who are partners on successful projects funded through eligible calls under the EU's [Horizon 2020](#).

NFRF 2020 Horizon Global Platform grants are valued up to \$125,000 per year for up to four years (including 25% indirect costs). Funds should be used primarily to support the research activities and travel of Canadian participants.

### [EU H2020 Funding Database for finding research partners](#)

For more information, please contact Nicole Noël at [nnoel@uwindsor.ca](mailto:nnoel@uwindsor.ca) or review the [full program guidelines](#). Please note that the Convergence Portal which is used for submission of these grants does **not** notify ORIS of your submission. Contact Nicole Noel to ensure that your application is forwarded to the agency. Failure to do so could mean that your application is not submitted.

UWindsor applicants to Mitacs competitions should get in touch with Mitacs' Windsor representatives: [Katie Facecchia](#) or [Wilson Luo](#)

### Mitacs Globalink Research Internship (GRI)

The Mitacs Globalink Research Internship is a competitive initiative for international undergraduates from the following countries and regions: Australia, Brazil, China, France, Germany, Hong Kong SAR, India, Mexico, Tunisia, United Kingdom, USA, and Ukraine. From May to October of each year, top-ranked applicants participate in a 12-week research internship under the supervision of Canadian university faculty members in a variety of academic disciplines, from science, engineering and mathematics to the humanities and social sciences.

The deadline for project submissions is now June 10, 2020, at 1 p.m. PT. If you have questions or experience technical difficulties, contact [helpdesk@mitacs.ca](mailto:helpdesk@mitacs.ca).

### Mitacs is Expanding its Support for Canadian Business

Similar to the COVID-19 call, Mitacs recently launched enhanced 3:1 leveraging for SMEs to help improve access to our funding during these challenging times. These projects do not need to relate to COVID-19 – simply ‘discounted’ internships to help fast-track Canada’s economic recovery.

Deadline to apply is July 1.  
Projects must start by August 31.
