Office of Research Partnerships presents:

Safeguarding Research at University of Windsor: Research Security and the STRAC Policy

Join us for a critical session on Research Security and the Policy on Sensitive Technology Research Areas and Affiliations of Concern (STRAC Policy). Learn how to navigate the complexities of sensitive research areas while maintaining compliance with national security guidelines.

Keynote Speakers

Tom Schnekenburger

Director, Research Partnerships,
University of Windsor

Rahul Banerjee

Research Security Coordinator,
University of Windsor

Highlights

- Understanding the STRAC Policy
- Identifying potential risks in research partnerships
- Implementing best practices for safeguarding research
- Collaborating securely in an open research ecosystem
