WINDSOR UNIVERSITY RETIREES' ASSOCIATION

Vol XXII NO - 2 Issue # 86 June 2012

Editor : Datta Pillay

## The Association

The Windsor University Retirees' Association-WURA (Faculty, Librarian, Administrator) at Windsor was formed in 1990, to give a unified voice to retirees; to provide a bridge for communication with the University; to encourage social contact among the retirees; and to open a few doors through which retirees could continue to contribute to the University of Windsor.

Thus the Association is meant to fill what could otherwise be a void in the lives of retirees – possible isolation from the University and from their former colleagues; and possible lack of understanding of vital pension and health issues that affect them directly.

There are only two meetings of the full membership per year: in the spring and the fall. An informal social committee arranges several other events per year – dinners, plays, picnics, and so on – all of which are paid for by those who take part. The Association encourages smaller special interest groups to form as occasion and their interests warrant. Because of extreme economy of operation, dues have been kept at the level of \$20 per year. This includes four issues of The Retirees' Newsletter.

Officers of the Association are:

President: Kate McCrone  
Vice-President: Ihor Stebelsky  
Treasurer & Membership: Norman King  
Secretary: Sheila Cameron

Elected Members of the Executive Committee: David Cotter, Mary Lou Drake, Alan Metcalfe, Gordon Olafson, Robert Pinto,

Editor Newsletter: Datta Pillay

Ex Officio Members:  
Immediate Past President: Alfie Morgan  
Social Committee chair: Mary Lou Drake  
Bursary Fund Committee Chair: Wilfrid Innerd  
Pension & Benefits Chair: Ihor Stebelsky  
Endowment Fund: John Meyer  
WEB Master: Don Thomas

The Association's Address is:  
Faculty, Librarian, Administrator Retirees' Association (WURA)  
Room 202, Assumption Building  
University of Windsor  
Windsor, ON. N9B 3P4  
Tel: 519-253-3000, Ext 4260

## President Alan Wildeman Hosted The First Ever Tea Party For Faculty and Librarian Retirees

In recognition of the contributions of Faculty and Librarian retirees, Dr. Wildeman hosted the first Tea Party in the Ambassador Auditorium on Wednesday, June 27, 2012. The event was a great success with over sixty persons attending the event. In his brief remarks, the President appreciated the large attendance at a short notice. He stated, that in future, this will be an annual event on the activities of the university calendar. WURA President McCrone expressed the appreciation of all retirees to the university president.

## 97th Convocation Ceremonies

The University of Windsor's 97th Convocation ceremonies commenced Wednesday - June 13 and continued with sessions at 10 a.m. and 3 p.m. Thursday and Friday. Among the 3,291 graduands who received their degrees were winners of the Board of Governors Medals, awarded to the graduating student with the highest academic standing in each program:

## Five Honorary Degrees Conferred

The University of Windsor conferred honorary degrees during Spring Convocation ceremonies June 13, 14 and 15, on individuals who have made outstanding contributions to science, literature, the performing arts, politics and law.

Receiving honorary degrees are:

**Paul Hebert**, a Tier One Canada Research Chair in Molecular Biodiversity at the University of Guelph, director of the Biodiversity Institute of Ontario, and scientific director of the International Barcode of Life Project;

**Nino Ricci**, Leamington native and internationally acclaimed writer;

**Gordon Pinsent**, actor and author;

**Sandra Pupatello**, director of Business Development & Global Markets, PricewaterhouseCoopers, and the former MPP for Windsor West and Minister of Economic Development and Trade;

**the Honourable Catherine Anne Fraser**, Chief Justice of Alberta.

**Preliminary renderings of the University of Windsor's downtown campus were revealed by president Alan Wildeman during a media conference Wednesday, April 17, in the Windsor Armouries.**

"The University of Windsor is creating new spaces where our students, faculty and staff can be engaged in innovative teaching, learning and discovery, and where they can more effectively partner with the arts community and social agencies to make a difference," Dr. Wildeman said.

"Just as the new engineering building, innovation centre and the Odette School of Business will create a regional address for innovation at California and Wyandotte, our downtown campus will create an important cultural hub for our community, providing access to services and new ideas that speak to the quality of life, when it opens in the fall of 2014."

The renderings were created by CS&P Architects Inc., the firm that will be working on all three historic projects: the Windsor Armouries, the former Greyhound bus depot and the Windsor Star building.

The Windsor Armouries will be transformed to become the home of the newly merged schools of music and visual arts. Ample skylights and a vertical addition on the south end of the 110-year old building are just a few of the many changes in store for this Windsor landmark.

The film production program will be relocated to the former Greyhound bus depot located directly across University Avenue from the Armouries. Together, the Armouries and bus depot will create a sense of connectivity through shared space, giving students the opportunity to collaborate between the various programs and with the community.

The School of Social Work and the Centre for Professional and

Executive Education will move into the Windsor Star building, which will undergo a renovation unlike any other architectural design in Windsor.

"The Windsor Star building will receive a dramatic transformation that will leave the historic façades intact, but completely rebuild the structures into new teaching and learning spaces with convenient access for the community," said Wildeman.

The brick façade of the 1918 apartment building on the south end of the complex facing Ferry Street will remain, and the interior floors will be removed and recreated as a landscaped courtyard that will be open to the sky. The historic limestone façade at the corner of Pitt and Ferry streets will also be left in its original state, but will see an entirely new building built behind it with a three-storey atrium and a rooftop terrace. The structure facing Pitt Street will be renovated into classrooms, offices and student lounge space featuring glass-paneled walls that open like garage doors.

The parking lot currently located at the northwest corner of Ferry and Chatham streets may be developed into a new building as future demand grows for these programs.

In addition to a provincial government investment of \$15 million, the City of Windsor donated the Armouries and the Greyhound Bus Depot, as well as \$10 million in funding to assist the University in creating its downtown campus.

The remaining funding for these capital projects, which are expected to total approximately \$70 million, is separate from the University's operating budget and will be supported through program revenues and fundraising.

## Campus News

### UWindsor Chancellor Ed Lumley, Roasted May 30 at Toronto's Fairmont Royal York Hotel,

A roast of UWindsor **Chancellor Ed Lumley**, May 30 at Toronto's Fairmont Royal York Hotel, is a first harbinger of the University's 50th anniversary celebrations in 2013/14.

Proceeds of \$ 5.3 million from the event will go toward the Centre for Engineering Innovation, a project Lumley describes as near and dear to his heart. The dramatic new building is an important first step in a master plan that will transform the campus.

An alumnus (BComm 1961), a minister in the Canadian governments of Pierre Trudeau and John Turner, and a businessman, Lumley became chancellor of the University of Windsor in 2006.

The **honorary co-chairs** of his roast are **Turner, a former prime minister of Canada, and former Ontario premier William Davis. CBC news anchor Peter Mansbridge will preside as master of ceremonies while roasters include Ontario minister of finance Dwight Duncan, political strategist and communicator Bill Fox, former Ontario premier Michael Harris, former Ontario minister Sandra Pupatello, and former premier of Newfoundland and Labrador Brian Tobin.**

Event tickets were \$1,000; tax receipts will be issued

### Civil & Environmental Engineering Seeks New Head

A search committee invites nominations and applications for the position of Head of the Department of Civil and Environmental Engineering.

The position will commence July 1, 2012, for a term of five years. Candidates must hold a tenured position in the department. For more information, [please see the online posting of the internal search.](#)

### Search Committee Seeking Director of School of Dramatic Art

A search committee invites nominations and applications by May 7 for the position of Director of the School of Dramatic Art.

The position will commence July 1, 2012, for a term of three to five years. Candidates must hold a tenured position in the school. For more information, [please see the online posting of the internal search.](#)

### Chemistry and Biochemistry Seeking New Department Head

The Department of Chemistry and Biochemistry is inviting nominations and applications until June 5 for the position of department head.

The appointment will be effective July 1, 2012, for a term of three to five years. Candidates must hold a tenured appointment in the department. For more information, [please see the online posting of the internal search.](#)

### Faculty Member Sought To Serve Environmental Advocate

Provost Leo Groarke is seeking a tenured faculty member to take on a new role as the University's environmental advocate.

A key figure in the establishment and growth of environmentally conscious initiatives on campus, the environmental advocate will advise the provost and the vice-president, planning and administration, on environmental issues, and facilitate projects which improve campus energy efficiency, reduce waste, enhance the physical campus, promote environmental sustainability, enhance student learning opportunities, and strengthen partnerships with the local community.

The position will carry an annual two-course teaching release and a small budget of about \$14,000 a year.

"Over the past few years, there's been growing demand at the University for informed leadership on environmental issues, and for the coordination and facilitation of practical, efficient solutions to the challenges of sustainability on campus and in partnership in our community," Dr. Groarke says. "It's an ideal role for someone committed to the University and our community, and who has successfully and independently worked for positive environmental change in the past."

### University Celebrates Graduation of Med School Charter Class

Windsor Regional Hospital organized a week-long celebration of the first class to graduate from the Schulich School of Medicine & Dentistry's Windsor program with *Rock the Grad* on Tuesday, April 17.

The event featured a barbecue buffet hosted by gourmet butcher Ted Farron and the Penalty Box restaurant as well as the music of the local group, Is there a Band in the House.

The hospital invited its neighbours to join its staff and volunteers in congratulating these newly-minted medical professionals in the east courtyard of its Metropolitan campus, located at 1995 Lens Avenue.

### Senate Approves New Qualifications for President's Honour Roll

Making it onto the **President's** Honour Roll became a little more of an honour as Senate approved toughening the criteria at its meeting April 13.

Under the new policy, the honour will be restricted to students in first-entry undergraduate programs who have completed a minimum of 10 courses with a cumulative grade-point average of 12.0 or higher.

Current eligibility requirements call for a cumulative average of 11.5, attained by 1,036 students over the past year. The [report of the Senate Student Committee](#) noted, "So many students are receiving this honour that the prestige factor could be an issue."

## Campus News

### **UWindsor Alumnus and Former Professor Appointed to Ontario Court of Appeal**

For a former English professor who never intended to practice law, **Windsor's Edward Ducharme** sure has made a mark in the justice system.

**Ducharme, 68**, holds three UWindsor degrees (BA English 1967, MA 1969, LLB 1985), and entered law only in his mid-40s, yet he was just appointed a judge on the highest court in the province: the Ontario Court of Appeal. He will be officially sworn in May 29 at a ceremony at Toronto's Osgoode Hall.

### **University Registrar Gregory Marcotte Retired on June 30**

Colleagues and friends of registrar Gregory Marcotte were invited to celebrate his retirement at an open house reception Wednesday, June 20, from 2 to 4 p.m. in Katzman Lounge, Vanier Hall.

Marcotte will retire at the end of the month after more than 40 years of service at four universities and the Ontario Universities' Application Centre, where he served as executive director for 14 years.

He joined the University of Windsor in May 2004. During his time here, he has been honoured with a Going the Extra Mile (GEM) award, a support award from the Faculty of Science and, most recently, a Friend of Students award from the Organization of Part-time University Students.

### **Engineering Professor Receives Jubilee Medal**

**Peter Frise** is celebrating the 60th anniversary of the Queen's coronation in style.

The UWindsor professor of mechanical, automotive and materials engineering and head of the AUTO21 Network of Centres of Excellence has

received a **Queen Elizabeth II Diamond Jubilee Medal** recognizing his outstanding contribution to Canada's manufacturing and automotive sectors. The Canadian government created the medal to mark significant achievements in celebration of the jubilee year.

Frise played a key role in the development of Windsor's automotive engineering program. Under his leadership, AUTO21 has provided more than \$100 million in project funding in collaboration with industry partners. The projects have generated more than 100 patents, licences and commercialization agreements and provided training opportunities to more than 1,600 university graduate students

### **New Dean Of Education Appointed**

**Professor Clinton Beckford** will begin a five-year term as dean of the Faculty of Education on July 1, was announced by provost Leo Groarke

"Over the course of his career, Dr. Beckford has gained significant experience with external partnerships, advocacy, and program and curriculum development," Dr. Groarke said. "His strengths in team building, community collaboration, and international education will be an asset as the Faculty of Education embarks on its future course."

Beckford, a member of the faculty for nine years, has been associate dean of pre-service education since 2007. His research interests include education for sustainability and its place in teacher education, the education of marginalized and vulnerable children, global education, service learning in teacher education, and the role of traditional knowledge in maintaining sustainable communities and livelihoods

### **Political Scientist Appointed to Head Inter-faculty Programs**

**Martha Lee**, a professor of political science and acting dean of the Faculty of Education, has accepted a three-year appointment as assistant provost, inter-faculty programs, provost Leo Groarke announced Wednesday.

"I think this is an important appointment for the University, especially in the wake

of the review of interdisciplinary programming and research completed by Dr. Anne Forrest, Dr. Darren Stanley, and Dr. Phil Graniero," said Dr. Groarke. "Dr. Lee will be working to further some of the goals and changes this report recommended. More generally, she will be working with faculty in inter-faculty programs, and across the campus, to promote interdisciplinary programs and research."

He thanked Michael Salter for his stewardship of the programs over the last five years, and encouraged all faculty interested in interdisciplinary studies and research to talk to Dr. Lee.

A former associate dean in the Faculty of Arts and Social Science, Lee is the author most recently of *Conspiracy Rising: Conspiracy Thinking and American Public Life*.

### **Psychology Retiree Appointed Acting Dean Arts and Social Sciences**

**Robert Orr**, a recently retired, long-serving member of the university's psychology department, will commence a one-year term as acting dean of the Faculty of Arts and Social Sciences on July 1, provost Leo Groarke announced Wednesday.

Dr. Orr had previously served as department head and associate dean. He will succeed Cecil Houston while a committee continues its search for a new dean.

"Bob brings to the dean's position a wealth of experience and an intimate knowledge of UWindsor which will be an asset as we continue important developments in FASS during the upcoming year — most notably, the planning of the university's new downtown campus," said Dr. Groarke. "I ask faculty and staff to extend to Bob your thanks and congratulations and count on you to assist him in his leadership of our largest faculty during the next year."

### **Psychology Professor Ken Cramer**

joins fellow 3M Teaching Fellows **Hamzeh Roumani of York University** and **Carolyn Eyles of McMaster University** for a photo at a "Toast to Teaching Excellence" on Monday, April 16, at Queen's Park.

*The Council of Ontario Universities has released a 32-page report with the intention of launching an ongoing dialogue on innovative teaching in the sector.*

## Luncheon to Honour 25-year Employees

The Department of Human Resources hosted a luncheon on Thursday, May 10, to honour employees who achieved 25 years of service as of December 31, 2011.

They are:

Lionel Beaudoin, U Bookstore

Kathryn Bedard, Student Awards

Pauline Benoit, Facility Services

Danny Castellan, Facility Services

A Chaouch, Odette School

Cathy Crowley, I T Services

Douglas Decker, I T Services

Brian Etherington, Law

Marianne Grayce, Law Library

Doug Haffner, Great Lakes Institute

Myron Hlynka, Maths and Statistics

Lana Lee, Chem and Biochemistry

Penny Linton, Psychology

Elizabeth Loeffler, Facility Services

Richard Moon, Law

Sean Moriarty, I T Services

Maureen Muldoon, History

Chike Okechuku, Odette School

Kenneth Paltridge, Facility Services

Rosalyn Power, Human Resources

Martha Reavley, Odette School

Dean Roy, I T Services

Iain Samson, Earth Sciences

Jang Singh, Odette School

Vern Stenlund, Education

David Stoute, St. Denis Centre

Jerry Vriesacker, Chemical Control

William Wellington, Odette School

Barbara Zakoor, Psychology

Nader Zamani-Kashani, Mechanical Engineering

## UWindsor Commits Nearly \$2.5 Million to Projects Supporting University's Mission, Vision and Values

In an ongoing effort to support its strategic plan, *Thinking Forward, Taking Action*, the University of Windsor has committed nearly \$2.5 million in 2012/13 funding for new initiatives and programs to improve the student experience, pursue strengths in research and graduate education, recruit and retain the best faculty and staff, and engage in and build community and international partnerships.

First established as part of the University's 2009/10 operating budget, the **Strategic Priority Fund** has an ongoing commitment to fund new programs that directly support the vision and values of the institution's strategic plan. Among the 30 projects approved for the 2012/13 budget year are:

**Commercial Aviation and Aerospace Leadership Option** in the Honours Bachelor of Arts in Liberal and Professional Studies program. This new option is in response to a growing demand for university-educated pilots and leaders in the aviation and aerospace industries;

The **In/Terminus Centre for Research and Creative Activity** will provide for a team of faculty artists and researchers to develop interdisciplinary, student-led projects and installations in the Windsor/Detroit region. In/Terminus will implement a series of community-based projects in Windsor in anticipation of the development of the Armouries building as the new home for UWindsor's combined music and fine arts program. It is intended to foster greater working relationships with the community and with Detroit-based arts and academic institutions;

Funding to provide **Field, Laboratory, and Demonstration Equipment for Enhancing the Environmental Science Curriculum** and Community Outreach Activities. This initiative will involve the purchase of up-to-date instrumentation necessary for in-class

and in-field experience and hands-on experimentation. The equipment will also be available to support talks at local schools and to the general public;

**4Winds**, a project facilitating Aboriginal participation in post-secondary science, technology, engineering and mathematics. Participating students in grades six to eight will take part in science and technology experiences that are extensions of Aboriginal cultural practices in interacting with nature for health, food, shelter and energy;

Centre for Engineering Innovation (CEI) **Live Building Portal Development**, a project that will make the building's innovative live building systems performance data available on the internet. Live building sensors that monitor the building's bio wall, green roof, weather station, building wind distribution, and rainwater distribution systems, make the building a teaching tool that will be accessible to worldwide users through the portal project;

Funding for the position of **Coordinator for Faculty of Science Outreach Activities**. This three-year position will coordinate outreach programs for the faculty, including school visits, to support the Windsor-Essex community and raise awareness of UWindsor's many research and teaching strengths in the sciences.

Provost Leo Groarke says all faculty and staff members are encouraged to apply for funding for projects that provide cost-effective ways to meet the University's strategic objectives.

"We used a committee of administrators, students and faculty to adjudicate the grants this time around," says Dr. Groarke. "I would like to thank the committee for its hard work and its commitment to new initiatives and the University's strategic plan. I think it has come up with an exciting list of projects to fund this time around."

Groarke says the Strategic Priority Fund has provided an outstanding way for faculty and staff to participate in seeing their creative ideas come to fruition and encourages every member of the campus community to take part in building UWindsor's future.

Association News
------------------

**Professor David Wurfel**

David Wurfel and his wife, Kathy, journeyed in April to Cagayan de Oro--Mindanao's second largest city, at over one million--where David had been invited to give the keynote address at the 50th anniversary meeting of the Philippine Political Science Association. It was the largest yet of PPSA meetings, with more than 150 registered attendants. The President of Xavier University, the host university, urged political scientists to become more involved in the protection of the environment, especially from the onslaught of corporate mining. Prof. Wurfel further stressed in his address that since Canadian companies dominated the mining scene in the Philippines, both Filipino and Canadian scholars had a special obligation to investigate and critique their role.

Before leaving for Manila the Wurfels were given a tour of Cagayan, devastated by the December flood that killed 1,500. In Manila they stayed at the University of the Philippines campus, where they were visited by friends. On the way back to Seattle they also stopped for more than a week in Tokyo, staying at the International Christian University campus. The chairman of the ICU Board of Trustees, who had been David's student, arranged a reception.

Because of the danger of a rapid deterioration in David's Parkinson's symptoms, plenty of time for rest was built into the trip schedule. And it worked: the travellers remained healthy. But it is unlikely that they will plan **such an ambitious trip again.**

**Professor Trimbak Shastri**

Trim Shastri (with Ben Foster and John Mueller), presented a paper

*Impact of Assurance Level on Production Management to Manage Earnings,*  
at the AAA-Ohio Region Meeting,  
May 11, 2012

**U of W to Hike Parking Fees**

The University of Windsor is raising parking permit fees by five per cent this coming school year.

The proposal, approved by the university's board of governors, raises the price for a student eight month parking permit by \$13.12 to \$274.16, with the price of a student 12-month pass rising by \$15.48 to \$328.32. The price of faculty and staff parking permits would also rise by five per cent.

Last year, students saw the price of their parking permits rise three per cent, with faculty and staff permit fees going up three to five per cent. According to the university, the rates are still below the median compared to other Ontario schools.

**Academic Travel Fund  
For Retirees**

The following retirees who applied for June 2012 competition have been successful in receiving a grant from the Office of Research Services.

Dr. Sheila Cameron	\$ 1,000
Dr. Norman King	\$ 1,000
Dr. J.W. McConkey	\$ 1,128
Dr. John Meyer	\$ 1,128
Dr. Govinda Raju	\$ 1,128
Dr. Ihor Stebelsky	\$ 952
Dr. Don Thomas	\$ 1,000
Dr. A. Van Den Hoven	\$ 1,128
Dr. T. Venkateshwarulu	\$ 1,128
