University's progress in addressing cybersecurity; marketing and communications efforts; and the restructuring and centralization of Advancement. Regular updates from Advancement will continue to be provided to the Board.

4.5.1 Bill 166: Anti-Racism and Student Mental Health Plans

(see document BG250225-4.5.1 for more details.)

NOTED:

- It was noted that universities were already compliant in this area, including HR policies and student mental health policies that were already in place. Due to this, no new policies requiring approval are needed. This legislative requirement allows for a more comprehensive outline of the work that UWindsor was already undertaking, compiled in one place.

4.8.1 Strategic Mandate Agreement (SMA4)

(see documents BG250225-4.8.1 and BG250225-4.8.1a for more details.)

MOTION: That the Board approve the Strategic Mandate Agreement, subject to any final minor revisions required by the Ministry.

Sonego/Cunningham

NOTED:

- Ontario universities are required to sign strategic mandate agreements with the province as accountability tools with specific metrics tied to funding. Where metrics are not met, there is a one-time reduction in funding, proportional to the level or amount at which targets are missed. Similarly, exceeding targets can result in a one-time increase. Both would be applied in the next budget year. As with prior SMAs, there are no new monies associated with SMA4.
- Of the metrics, universities have limited flexibility in defining only three: Institutional Strength/Focus, Investment and Innovation-Related, and Institution Specific.
- SMA4 risk considerations were reviewed.
- It was noted that the University is one of the only universities that has maintained all of its SMA3 funding.
- Feedback from Deans, RAC, and Senate was incorporated into the SMA4.
