

Personal Transportation Devices: Campus Safety & Use Guidelines

E-Scooters | Scooters | E-Bikes | Bicycles | Skateboards

Purpose

Ensure the safety of all individuals on campus and promote responsible use of personal transportation devices.

Please note that Personal Mobility Devices are exempt from these guidelines. A Mobility aid is an assistive device used by persons with disabilities to support mobility, including motorized wheelchairs, medical mobility scooters, or other assistive devices.

Liability Disclaimer

The University of Windsor is not responsible for any loss, damage, or personal injury. All injuries or damage to property must be reported to Special Constable Service (Ext. 1234) and Health & Safety (Ext. 4521).

General Safety Rules

Always yield to pedestrians.

Operate devices in a safe manner that will not endanger pedestrians or damage property.

Helmets and protective gear are strongly encouraged.

Stay focused and do not use phones or other distracting devices while riding.

Never ride a personal transportation device while impaired.

Avoid poor conditions (dark without lights, snow, ice, rain).

Tricks or stunts on campus grounds are prohibited.

Use only approved lithium batteries and chargers. Unsafe lithium batteries can overheat or catch fire.

Parking & Storage

Do not ride or store devices inside campus buildings.

Park only in designated areas located throughout campus, and lock devices to avoid theft.

Do not park near handrails, accessible ramps, building entrances, or trees.

Do not chain or lock devices to handrails or alongside ramps.

Devices blocking pathways, sidewalks, fire routes, ramps, or access points may be removed.

If your device has been removed, please contact Special Constable Service at Ext. 1234.

Compliance

Users must follow municipal bylaws, provincial laws, and university policies and procedures. Report obstructions to Maintenance (519-253-3000 Ext. 2850) or Special Constable Service (Ext. 1234).
