

School of Social Work PhD Program

See Yourself Here!

Our Program

The School of Social Work at the University of Windsor is a dynamic and progressive leader in social work education. The School's faculty engage in original, cutting-edge research aimed at advancing scholarly knowledge in a number of critically important social areas including: health, community capacity building, mental health, gerontology, poverty reduction and child welfare. The school's location on an international border is geographically unique, creating research and leadership opportunities within a broad North American context. Students interested in a research based doctoral program will find a supportive learning-centred faculty dedicated to research and teaching excellence that challenges students to maximize their potential and become situated at the forefront of professional social work. We are committed to partnerships and the advancement of knowledge for the betterment of society.

The PhD program in Social Work prepares social work degree holders from an accredited program for leadership roles in academia, research, practice, social policy, and administration.

Opportunities Our Program Offers

The PhD program facilitates:

- Broad epistemological paradigms that promote critical thinking and inquiry
- Development of diverse and rigorous research methods to address current practice and policy issues
- Mastery of a substantive area of social work and effective knowledge translation
- Opportunities for research collaboration with faculty scholars and community partners
- Small seminar approach to teaching and learning
- Supportive and collegial university environment and mentorship
- Scholarships, graduate assistantships and sessional teaching opportunities
- Engagement within an internationally and culturally diverse region and community

Financial Support and Scholarships

For complete, up-to-date fee information, visit the Finance Department website uwindsor.ca/finance

For information on scholarships and awards available to doctoral students please visit uwindsor.ca/graduate

Application Deadline

The application deadline for September admission in the Doctoral Program is in January (please refer to the Social Work PhD program website for the precise date). This applies to Canadian and international students. All completed applications received by the application deadline will be reviewed by a committee, and applications accepted for admission will be notified in the spring.

PLEASE NOTE: The number of students admitted each year varies depending on the number of spaces available in that year.

CONTACTS	RESEARCH INTERESTS	TEL. 519-253-3000 EMAIL ADDRESS
