Automatic Entrance Scholarships

- Students are automatically considered for university open entrance scholarships.
 - **Conditional offers** are made based on a student's final grade 11 and minimum 3 interim and/or final U/M level grades. Students will receive an early financial aid offer with their offer of admission if their early admission average falls within our scholarship range. Conditional offers do not translate to final offers if a student does not maintain the average that is required for a final offer to stand.
 - Final offers are made **based on a student's interim and/or final Grade 12 (12O)** courses generally available in May.
 - Final offers are reviewed at the end of July, once final grades are in. If final grades improve, scholarship offers will be increased. Final offers communicated in May will not be adjusted if final grades go down.
 - Minimum levels of support:
 - 85% - 89.99% \$1000 University of Windsor Entrance Scholarship (\$1,000)
 - 90% - 94.99% \$10,000 Dean's Level Entrance Scholarship (\$1,250 x 8 terms)
 - 95% - 100% \$16,000 President's Level Entrance Scholarship (\$2,000 x 8 terms)
- What happens if we receive a student's 12O prior to May?
 - The first 12O average we receive is the average that sets the scholarship offer.
 - It may change in May, then again in July only if the average goes up.

Automatic Entrance Scholarships

- For an entrance scholarship to pay to the Student Account:
 - Domestic students must register in a minimum of 60% of a full course load in either the Fall or Winter terms to activate the scholarship (or 40% for students with a permanent disability).
 - To comply with student VISA requirements, the definition of full-time for scholarship eligibility for international students is 80% or more of a full course load.
- To renew a scholarship that is payable over 8 semesters or 4 years, students must meet the scholarship average required at the end of their second semester – generally Winter.
- A student's scholarship average is calculated as follows:
 - To renew into year 2 - top 6 courses from semesters 1 and 2;
 - To renew into year 3 - top 12 courses from semesters 1 through 4;
 - To renew into year 4 - top 18 courses from semesters 1 through 6.
- Only undergrad courses are considered. Students in Concurrent Educ programs will only receive their scholarships in their undergraduate terms only, with the exception of the final BEd year where applicable – there is an exception however, with the BA, BEd, ECE program.

Automatic Entrance Scholarships

- What if a student wants to defer their offer of admission?
 - We encourage students to still apply for admission to 2023-24 so that their admission application is in our system.
 - If students defer to 2024-25, we will honour students **open entrance scholarship offer** provided that they have not attended another post-secondary institution in 2023-24 (some exceptions apply, i.e., only attended for one week).
 - Application based institutional or donor-sponsored entrance scholarships, including the Outstanding Scholars Candidate scholarship are not eligible for deferral – students must apply again for these scholarships.
 - Students who do not apply and simply take a gap year, will have to contact us directly to request a review of their eligibility and will have to provide documentation to prove that they completed secondary school in June, 2023 and will have to provide an attestation that they didn't attend elsewhere in 2023-24.
