GENERAL REGULATIONS ... DO NOT RISK YOUR FUNDING ... READ THIS BEFORE APPLYING!!

Course Load	You must take and successfully complete at least 60% (40% for a student with a permanent disability) of a full course load in EACH SESSION for which you receive OSAP funding. If you drop below the required course load, you will LOSE ELIGIBILITY for the rest of the study period and will be OVERPAID . Your 2022/2023 eligibility may also be affected . Note: Your enrolment will not be confirmed, nor funds released, until you are registered in <u>ALL</u> courses for the entire study period being funded by OSAP .
Permanent Disability	Full-time status for students having a documented Permanent Disability is equivalent to taking 40% of a full course load.
Required Courses	OSAP funds only courses required for your degree . The Student Awards Office may complete an Advisement Report and we encourage you to do the same. If you are taking courses toward a minor or are taking courses towards a second degree at the University of Windsor, attach a letter of explanation to your application.
Academic Progression	To remain eligible for OSAP you must maintain satisfactory academic progress. If you fail to complete the academic requirements of your program of study (i.e. failed courses, VW's), you may be ineligible for further OSAP funding . Please see our website for information if you wish to appeal an academic probation or restriction based on extenuating circumstances.
Courses	OSAP may not fund repeat courses which were passed previously and funded by OSAP.
Undecided Major	If you have not declared a major after 3 or more OSAP-funded semesters of part-time/full-time studies, you must contact the Registrar to apply for a degree program with a specific major. If denied, provide our office with a letter of explanation. You may be required to self-fund your studies until you are eligible for degree status or declare a major.
Non-Degree Status	You are NOT eligible for OSAP funding as a Non-Degree Student. However, you may provide a letter of explanation and relevant supporting documentation to explain your situation if, for example, you are studying at the University of Windsor on a Letter of Permission from another school.
Audited Courses	NOT Eligible - Courses must be taken for credit towards a specific degree, diploma or certificate.
Nursing Consolidation	Nursing Consolidation is already included as part of your Fall/Winter OSAP assessment. You will note that your study period ends in May or June, depending upon year level, and that you have been assessed accordingly.
Letter of Permission (LOP)	If taking ALL courses on a Letter of Permission AT ANOTHER SCHOOL and the study period is at least 12 weeks in length , apply directly to that school using the 2021/2022 online application on the OSAP website . If the majority of your intersession/summer courses are at Windsor, and you are taking others on a LOP, send a STUDIES AT ANOTHER INSTITUTION ON A LETTER OF PERMISSION FORM (available for download at www.uwindsor.ca/studentawards ; click OSAP/OSAP Processing Forms) to the institution where you are taking courses, have them complete the form and fax to our office as soon as possible. Also attach a copy of your LOP to this application. For further clarification, please contact our office PRIOR to April 12. IMPORTANT NOTE: LOP courses taken in the United States are not eligible for OSAP.
Courses @ Athabasca on LOP	Please contact our office to discuss your intentions PRIOR to April 12 . Athabasca courses work very differently and there are certain guidelines that must be followed to allow these courses to be considered as part of your OSAP assessment at the University of Windsor.
Concurrent Studies	If studying in an approved University of Windsor concurrent studies program ie. B.Sc./Med. Lab or B.A./B.Ed./ECE, you may have received funding for your FULL study period already. Please refer to the study period end date on your file for 2021/2022.
Additional Qualification Courses/Faculty of Education	These courses are intended to enhance a teacher's qualifications and are not required for the student to obtain his/her degree. Therefore, they are not eligible for OSAP assistance.

Additional Notes on Undergraduate Course Loads

Course Load Requirements!

Students must take *and maintain at least 60%* of a full course load (40% for students with a permanent disability) in order to be eligible for OSAP. If you take fewer courses than you indicate on this application, you will be reassessed and potentially overpaid. Once you drop below 60% (40% for students with a permanent disability), you will be **INELIGIBLE** and also **OVERPAID**. The following minimum course load requirements apply:

Course Type	= Course Weight	Inter	Sum
Full Intersession (May - June)	3.00 credit course	1	
Full Summer Session (July – August)	3.00 credit course		1
12 – Week Course (May - August)	3.00 credit course	.5	.5
1 st 3 Weeks or Last 3 Weeks of Inter	3.00 credit course	1	
1 st 3 Weeks or Last 3 Weeks of Summer	3.00 credit course		1

60% minimum course weight requirement = 1.5 Intersession &/or 1.5 Summer Session
 40% minimum course load requirement (for students with a permanent disability only) = 1 Intersession &/or 1 Summer Session.

Exceptions apply to Engineering students if your semester requires you to be in 6 courses. Minimum course weight requirement would equal 2 Inter and/or 2 Summer.

These are some sample course combinations that would qualify for OSAP funding for the intersession &/or summer period. Please note that courses offered for the 3 weeks count as a 'one' intersession or summer session course.

***Engineering Students:** The number of courses required to meet OSAP's 60% course load requirement varies according to your program and the semester in which you will be registered in (e.g. 100% course load in Semester 7, Mechanical Engineering is 6 courses; you must take at least 4 courses to be eligible for OSAP). The requirement of 60% course load completion, applies regardless of, whether or not you are in a required semester or in an expected off/work semester.

If you have any questions or concerns about your OSAP funding eligibility for the intersession and/or summer session or if your course selections are not represented on these charts and you are unsure about your eligibility, please contact our office for clarification by **submitting a service request via <https://ask.uwindsor.ca/>**
